Dear Shareholders.

Assalamu Alaikum,

On behalf of the Board of Directors of IFIC Bank PLC, it gives me immense pleasure to present our Annual Report and Audited Financial Statements for the financial year ending 31 December 2024 and welcome you all to the 48th Annual General Meeting of the Bank.

I stand in deep gratitude and reverence to honor the heroes of the July Revolution, whose courage, sacrifice, and indomitable spirit have forever etched their names in the annals of our nation's history. These valiant individuals laid down their lives for the cause of justice, freedom, equality and progress, becoming the torchbearers of one of the most glorious revolutions in our history. The July uprising has also paved the way for IFIC Bank to come out of the clutches of the harmful forces and restructure it towards a resilient and sustainable tomorrow.

The July Revolution was not just a political turning point it was a call to action for every Bangladeshi, a moment that galvanized the masses and inspired a wave of change. The sacrifices made by these heroes continue to guide our path, serving as a powerful reminder of the strength and resilience of our people. Their unwavering commitment to the values of democracy and the protection of our sovereignty is the very foundation upon which we build our

The Annual Report 2024 includes, among other things, the Directors Report on Financial Statements and the Auditors' Report as of and for the year ended 31 December 2024 is already in your hands. This Annual Report also includes a brief overview of the forwardlooking initiatives we launched during the year 2024, many of which have been prioritized since the early days of my chairmanship.

Global & National Economic Overview

Economic activity has shown resilience during the global disinflation of 2022-23, defying warnings of stagflation and recession. Despite rising central bank interest rates, growth in employment and incomes has remained steady due to favorable demand and supply developments. However, lower government spending, the COVID-19 pandemic, the Russia-Ukraine war, Middle East conflicts, and geopolitical divisions are expected to slow down economic growth. The IMF predicts

stable growth at 3.2% in 2024 and 3.3% in 2025. Advanced economies are expected to see growth at 1.7% in 2024 and 1.8% in 2025. The United States' growth is projected to rise at 2.6% in 2024 but slows to 1.9% in 2025. Emerging market and developing economies are expected to see growth at 4.3% in 2024 and 2025.

In the Bangladesh context, the Bangladesh Bureau of Statistics (BBS) has provided provisional estimates for the GDP growth rate for FY 2023-24, which stands at 5.82 percent, down from 5.78 percent in the final estimates. The GDP is divided into agriculture. industry, and services sectors. The agriculture sector experienced a decrease in growth rate, while the industry sector saw an increase. The service sector also experienced growth, with a growth rate of 5.80 percent. The ratio of investment, domestic savings, and national savings to GDP was 30.98 percent, 27.61 percent, and 31.86 percent respectively.

The IMF predicts stable growth at 3.2% in 2024 and 3.3% in 2025. Advanced economies are expected to see growth at 1.7% in 2024 and 1.8% in 2025.

Inflation during FY 2023-24 was 9.02 percent, with food inflation rising by 10.65 percent and non-food inflation by 8.86 percent. To contain inflation, adjustments have been made in monetary and fiscal policies, such as expanding the scope of Open Market Sales (OMS) and providing family cards to low-income families. The total revenue mobilization was Tk.3,66,658 crore (8.26% of GDP), with the revised revenue mobilization target set at Tk. 4,78,000 crore (9.47%) of GDP.

The total expenditure outlay was estimated at Tk.7,97,000 crore (14.2% of GDP). The revised budget deficit was set at 4.6 percent in FY2024-25 of GDP. compared to 4.7 percent in FY 2023-24.

The Bangladesh Bank has initiated policy measures to curb inflation and stabilize the exchange rate regime, including the implementation of the interest rate corridor (IRC), establishment of a reference-based interest rate for lending, removal of the lending rate cap. elimination of the interest rate floor on denosits unification of the exchange rate, and a cumulative 250 basis points increase in the policy rate.

The country's export earnings reached USD 44,475 Million during FY 2023-24, while imports decreased by 11.1% to USD 66,725 Million. Remittance inflows stood at USD 23.915 Million, which was 10.65% higher than the previous fiscal year. The external position recovered with the improvement of the balance of payments deficit, narrowing the current account deficit and reducing the overall balance. Bangladesh Bank intervened in the foreign exchange market, selling USD 9.42 billion in FY 2023-24. The weighted average inter-bank rate increased from Taka 111.00 per USD to Taka 99.42 per USD in June 2023. The gross foreign exchange reserves of Bangladesh Bank decreased to USD 26.82 billion at the end of June 2024.

The country's economic situation improved in FY 2023-24, with food grain production reaching 501.174 lakh metric tonnes and agricultural and rural loans disbursement increasing. The revised budget allocated Tk.25.000 crore for subsidies on fertilizers and seed production activities. In FY 2023-24, total 50.80 lakh metric tonnes of fish was produced, and 32.99 crore doses of fish vaccines were produced and administered at the government level.

The Quantum Index of Industrial Production increased by 8.84 percent in FY 2023-24, with 456 business institutions operating in existing 8 Economic Partnership Zones (EPZs) and an additional 103 industries in the process of implementation. The cumulative investment in EPZs reached at USD 6,787.79 Million, with 66% of Bangladeshi citizens working in EPZs.

The installed capacity of power generation reached 31,452 megawatts, with per capita generation reaching 640 kWh. Natural gas met almost 54% of the country's total commercial use of energy. The country has a total length of 22,476 km of highways and 3,254 km of railway lines. Poverty rates declined to 18.7% in 2022, but income disparity increased. The Bangladesh Investment Development Authority (BIDA) online One Stop Services (OSS) aims to provide efficient and transparent services to

investors. The National Adaptation Plan (NAP) for 2023-2050 and the Nationally Determined Contributions (NDC) were updated and submitted to the UNFCCC.

Although the geopolitical crisis and Coronavirus epidemic appeared to be the end of the world, the bank managed to rise with newfound vigour. As the Chairperson of the Board, it brings me great pleasure to share with you the resilience and adaptability that the bank has shown in the face of adversity while achieving the corporate goals of providing excellent services.

The Bank expanded its network to

1,410 outlets

from 1.360, including the addition of 2 new branches and 48 Uposhakhas, marking a 3.7% growth. In a dynamically evolving national landscape marked by political uncertainty, IFIC Bank continued to grow and reinforce public trust through its strong service network and digital outreach, with total deposits rising by 7.3% to BDT 474.a6 billion even though CASA deposits declined by 12.9% due to strategic changes to specific products and a significant drop in Aamar Accounts, resulting in a lower CASA mix of 32.1% compared to 39.6% in 2023:

Dear Respected Shareholders,

Assalamu Alaikum. I wish everyone good health and safety.

In recent years, the global economy as well as Bangladesh's economy has experienced profound shifts. Despite prevailing challenges, there have been notable advancements particularly in technology innovation and the expansion of digital financial services. In response to rising inflation, Central Banks across the world have adopted more restrictive monetary policies, a course of actions that has exerted substantial influence on investment flows and broader economic activity.

In 2024, Bangladesh's Banking sector encountered a significant crisis, marked by a sharp increase in Non-Performing Loans (NPLs), Capital Adequacy shortfalls and persistent Governance challenges. These growing pressures placed strains on Banks' Balance Sheet, constraining their ability to extend new credit facilities and worsen existing systemic vulnerabilities. In response, Bangladesh Bank (BB) introduced a series of structural and policy reforms aimed at strengthening financial discipline, enhancing governance standard and improving overall risk management practices.

Despite challenging operating environment, IFIC Bank PLC demonstrated resilience by implementing prudent policies, leveraging innovation and adhering to a sound Risk Management Framework. The Bank adopted strategic measures to align with the evolving customers' needs, with a particular focus on financing Small and Medium Enterprises (SMEs) and advancing its Digital Banking capabilities.

The Bank has remained steadfast in its commitment to its vision of becoming the preferred financial service providerdriven by innovation, sustainability and inclusive growth though it faced various challenges throughout the year. The Bank continues to work relentlessly to give best-in-class value to all stakeholders. In this context, I am presenting the Bank's Financial and Operating Performance for the year

Macroeconomic Scenario of Bangladesh

In FY24, Bangladesh's Economy experienced steady real GDP growth despite facing various external challenges. According to Bangladesh Bureau of Statistics (BBS), the real GDP growth rate for FY24 was estimated as

4.22%, a decrease from 5.78% in FY23. Exports dropped by 5.89% while Imports fell by 10.61% during FY24. Total Exports stood at USD 40.8 billion, down from 43.4 billion in FY23. On the other hand, Imports decreased to USD 63.2 billion in FY24 from USD 70.7 billion in previous year. As a result, the Trade Deficit narrowed to USD 22.4 billion in FY24 down from USD 27.4 billion in FY23. Remittance inflow increased by 10.65% and stood at USD 23.9 billion in FY24 from USD 21.6 billion in FY23. This, combined with a reduction in the Trade Deficit, helped reduce the Current Account Deficit to USD 6.6 billion in FY24, compared to USD 11.6 billion the year before. The Services and Income Account along with Primary and Secondary Income registered a surplus of USD 15.8 billion in FY24. Meanwhile. the Capital and Financial Account stood at USD 5.1 billion in FY24, down from USD 7.4 billion in FY23. Overall the Balance of Payments improved and remained negative at USD 4.3 billion in FY24, an improvement from negative USD 8.2 billion in FY23. This negative balance continues to be driven by a large current account deficit. At the end of FY24, Gross Foreign Exchange Reserve stood at USD 26.7 billion, representing 5 months of prospective import payments, which was USD 31.2 billion at the end of FY23. The Foreign Exchange Reserve has declined as a result of a significant decrease in Exports.

The Bank has remained steadfast in its commitment to its vision of becoming the preferred financial service providerdriven by innovation, sustainability and inclusive growth though it faced various challenges throughout the year. The Bank continues to work relentlessly to give best-inclass value to all stakeholders.

Respected Shareholders

As-salamu Alaikum.

Welcome to the 48th Annual General Meeting (AGM) of the Bank, The Board of Directors of IFIC Bank PLC is delighted to deliver the Annual Report. and the Audited Financial Accounts for the year ended 31 December 2024 to you. The Annual Report has been prepared following Section 184 of the Companies Act of 1994, the Bank Company Act of 1991 (Amended up to date), and the Guidelines issued by the Bangladesh Securities and Exchange Commission (BSEC), including the latest notification, rules and regulations of all concerned regulatory authorities. This report includes a summary of the global and Bangladesh economies, the bank's performance, general strength, growth trends, and other key issues. The Board of Directors believes that the Report will provide all stakeholders with deeper insights into the bank's performance throughout the fiscal year under review.

1. Global Economy

The global economy has begun to recover from the impact of COVID-19. However, it is still facing pressure due to geopolitical instability, such as the Russia-Ukraine war and the Israel-Gaza and Israel-Iran conflict in the Middle East. The United Nations 'World Economic Situation and Prospects 2024 (Mid-year update' reports a 2.7% growth in 2023, with continued growth in 2024 and a modest increase to 2.8% in 2025.

The World Bank's 'Global Economic Prospects, June 2024' forecasts global economic growth at 2.6% in 2024 and 2.7% in both 2025 and 2026. Advanced economies' growth rate remains unchanged at 1.5% in 2024, and is forecasted to be 1.7% and 1.8% in 2025 and 2026, respectively. Emerging markets and developing economies (EMDEs) are projected to experience slower growth over 2024-2026 compared to the pre-pandemic decade. The International Monetary Fund's 'World Economic Outlook (WEO), July 2024' reports a 3.3% global economic growth in 2023, with a slight decline to 3.2% in 2024 and an increase back to 3.3% in 2025. Advanced economies are forecasted to grow by 1.7% in 2024 and 1.8% in 2025. Most countries

are forecasted to have static or lower growth compared to the IMF's January 2024 update.

The WEO and IMF have projected a growth rate of 4.3 percent for Emerging Markets and Developing Economies in 2024, 0.1 percentage points higher than the April 2024 update. India is expected to achieve the highest growth rate of 7%, while China's growth rate is projected at 5%. Emerging and Developing Asia's economies are expected to grow by 5.4 percent, 0.2 percentage points higher than the April update. Russia's economy is forecasted to grow by 3.2% in 2024. The IMF also predicts a growth rate of 5.4 percent for Emerging and Developing Asia, while advanced economies are projected to grow by 1.7%.

According to the IMF's latest analysis, developing countries such as China and India are driving global growth, while established economies are slowing, owing primarily to inflationary pressures and tougher fiscal measures. Table 1.1 summarizes the worldwide growth scenario.

2. Bangladesh Economy

The Bangladesh Bureau of Statistics (BBS) has provided provisional estimates for the GDP growth rate for FY 2024-25, which stands at 3.97 percent. This is compared to 4.22 percent in FY 2023 24 and 5.78 percent in FY 2022-23. The GDP size at current market prices for FY 2024-25 is Tk. 55,527,527 crore, compared to Tk. 50.026.537 crore in FY 2023-24. The agriculture sector experienced a growth of 1.79 percent in FY25, a decrease from 3.30 percent in FY24 [The Finance Today, May 28, 2025]. The industry sector showed improvement, posting 4.34 percent growth in FY25, up from 3.51 percent the year before. The services sector registered a slowdown, growing at 4.51 percent in FY25, down from 5.09 percent in the previous fiscal year.

The per capita income reached an all-time high of \$2,820 in FY 2024-25, representing an \$82 increase from the previous fiscal year's figure of \$2,738. In local currency terms, per capita income for FY25 stands at Tk. 339,221, up from Tk. 304,102 in FY24.

Inflation is forecast to accelerate from 9.7% in FY2024 to 10.2% in. Point-topoint inflation increased to 9.35 percent in March 2025, from 9.32 percent in February 2025. On the other hand, the 12-month average inflation declined to 10.26 percent in March 2025, from 10.31 percent in February 2025.

The government has set a total revenue collection target of Tk. 5,872 billion for FY 2024-25. Of this, Tk. 5,343 billion is projected from tax revenue (with Tk. 5,095 billion from NBR), and Tk. 529 billion from non-tax revenue. The proposed national budget size for FY 2024-25 is BDT 797,000 crore (14% of GDP). The revised budget deficit is set at 4.6% of GDP for FY 2024-25, slightly lower than the 4.7% in the previous revised budget.

The monetary aggregates show a year-on-year growth of broad money (M2) at 7.55 percent in February 2025, lower than 8.89 percent in February 2024. Reserve money increased by 6.16 percent in February 2025 compared to 0.72 percent increased in February 2024. Domestic credit growth narrowed to 8.22 percent in February 2025 compared to 12.14 percent growth in February 2024. Private sector credit growth also narrowed to 6.82 percent in February 2025 compared to 9.96 percent in February 2024. Net credit to the government saw public sector credit growth decelerate to 13.39 percent in February 2025 from 20.97 percent in

February 2024.

Export earnings witnessed 8.58 percent growth in FY 2024-25, raising the total volume to USD 48.28 billion. Imports grew by 5.33 percent during July-February of FY25 compared to a 15.49 percent decrease during the same period of FY24. The current account deficit is anticipated to shrink from 1.4% of GDP in FY2024 to 0.9% of GDP in FY2025. Bangladesh recorded a Current Account deficit of 1.40 percent of the country's Gross Domestic Product in 2024. The Bangladesh Bank intervened in foreign exchange in FY 2023-24 due to a deficit in balance of payment, resulting in a 11.65% depreciation of the Taka against the US dollar. The weighted average inter-bank rate increased from Taka 111.00 to 99.42 per USD.

Sectoral Growth

In FY 2023-24, the total production of food grain in Bangladesh increased by 501.174 lakh metric tonnes, compared to 467.04 lakh metric tonnes in FY 2022-23. 50.80 lakh metric tonnes of fish was produced in the same period from inland water bodies and marine sources. The country has seen an increase in agricultural and rural loans, with Tk.37.153.90 crore distributed against the target of Tk.35,000.00 crore. The revised budget allocates Tk.25,000 crore for subsidies on fertilisers and other agricultural activities and Tk.160 crore for seed production activities.

The Quantum Index of Industrial Production increased by 8.84 percent in FY 2023-24. The country has 456 business institutions and 103 industries in the existing 8 EPZs, with 6,86,304 Bangladeshis employed in industrial establishments under BEPZA. Natural gas accounts for almost 54% of the country's total commercial use of

Poverty rates have declined to 18.7% in 2022, but the Gini coefficient rose to 0.4999, indicating an increase in income disparity over the period. The Bangladesh Investment Development Authority (BIDA) online One Stop Services (OSS) aims to provide efficient and transparent services to investors to attract the Foreign Direct Investment

3. Banking Industry in 2024

Throughout 2024, Bangladesh's banking industry fought to recover from deeprooted structural weaknesses and embedded corruption. Nonperforming loans surged nearing 17% of total loans by September and accumulating as much as Tk 2.85 lakh crore (US \$30 billion)

within just three months. Distressed assets exceeded Tk 6.75 lakh crore by the end of FY 2023-24, a staggering burden that hampered lending capacity and dented public trust.

In response, Bangladesh Bank implemented emergency liquidity support printing Tk 28 000 crore to stabilize troubled banks and launched reforms such as board restructuring, Prompt Corrective Action, and international audits. These initiatives began to take hold: six of eleven criticalthreat banks saw improvements, partly due to deposit replenishments.

Despite these efforts, sector-wide stability lagged. Liquidity stress persisted Islamic banks, in particular, showed liquidity coverage ratios below regulatory norms while consolidation moves (mergers, M&A) were slow. Yet a subset of institutions exhibited resilience: by early 2025, five banks achieved operating profits above Tk 2 000 crore, reflecting depositor flight from weaker peers to perceived strongholds. Bangladesh Bank itself reported a 40.5% increase in revenue (Tk 151 billion net profit) in FY 2023-24, fueled largely by its repo lending and other interventions.

In summary, 2024 closed with the banking sector at a critical turning point: a legacy of bad loans and liquidity fragility countered by forceful regulatory action and selective profitability among stronger institutions. While recovery is underway, long-term stability hinges on accelerated reforms such as enhanced governance, rigorous consolidation, and robust non-performing loan resolution mechanisms to restore public confidence and support sustainable credit growth into 2025.

3.1 Highlights of the Monetary Policy of Bangladesh Bank

Global Economic Outlook

- Global economic outlook for 2024 and 2025 is optimistic, with major economies avoiding severe downturns and reducing inflation without increasing unemployment.
- Headline CPI inflation is expected to align with central bank targets, barring significant shocks in food and energy prices.
- Geopolitical tensions and potential supply chain disruptions remain concerns.

Macroeconomic Situation

Bangladesh's economy has begun to rebound, with inflation moderated recently.

- The free float system has stabilized the exchange rate and contributed to building foreign exchange reserves
- The MPC concluded that the current monetary policy tightening stance should be maintained until inflation reaches a tolerable level.

Bangladesh Bank's Inflation Control

- Bangladesh Bank (BB) has maintained a contractionary monetary policy for over a year, increasing the policy rate and avoiding new high-powered money issuance to support the liquidity of the Government in the form of Wage and Means Advance (WMA) and Over Draft (OD).
- The government supports these efforts by reducing tariffs on selected commodities, expanding social protection schemes, and introducing the Family Card. BB aims to bring down inflation to around 6.5% at the end of FY25.
- Recent foreign exchange policy liberalization initiatives are expected to bolster foreign exchange inflows, alleviate exchange rate pressure, and support rebuilding foreign exchange reserves.

Challenges and Future Plans

- Persistently high inflation erodes purchasing power and real incomes, exacerbating income inequalities.
- Geopolitical tensions disrupt global supply chains and drive up prices for essential commodities like food and energy.
- BB will continue providing comprehensive credit support to agriculture and CMSMEs as part of its supply-side intervention policy.
- Policy rate cuts by major central banks could provide some relief.
- Bangladesh's near-term macroeconomic challenges include inflation, exchange rate volatility, fiscal constraints, and financial sector stability.

4. IFIC in the Banking Sector of Bangladesh

IFIC Bank PLC was set up at the instance of the Government in 1976 as a jointventure between the Government of Bangladesh and sponsors in the private sector with the objective of working as a finance company within the country and setting up joint-venture banks/financial institutions aboard. In 1983 when the Government allowed banks in the

private sector, IFIC was converted into a full-fledged commercial bank. At present, the government of Bangladesh owns 32.75% of the Bank's share capital, while the remaining share capital is owned by the bank's sponsors/directors, local and foreign institutions, and general public shareholders.

A total of 189 branches and 1,225 new Uposhakhas of IFIC are dedicated to fulfill the Mission of providing services to the clients with the help of a skilled and dedicated workforce. The wellbeing and economic development of the people and the community, as well as financial inclusion, are important to IFIC since it is one of the top banks in the nation's banking industry.

4.1 Client as Trusted & Development

IFIC Bank recognizes customers as partners and aims to provide highquality products and services at a very competitive price. The Bank focuses on Customer Service Excellence (CSE) while providing those products and services with the optimum desire to gain total customer satisfaction and confidence. The Bank hopes to build reliability, trust and friendship through honesty and integrity for a healthy long-term alliance.

The Bank provides a professional, safe and enjoyable work environment for its employees that supports job enthusiasm, positive relationships and effective teamwork. The Bank provides clear directions to motivate the team to achieve the goals. The Bank seeks loyalty of its employees to the company by treating them with respect, understanding and recognition.

4.2 Cluster Management

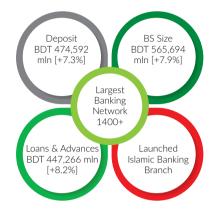

Cluster Management is considered a new and highly efficient form of innovation support providers that provides and channelizes specialized and customized business support services to the enterprises. The high-quality cluster management team works relentlessly to ensure cluster excellence in the Bank, where the efficient cluster Managers act as a driving force for the clusters. Their performance is very much linked to the professional expertise and the capability of the cluster managers who dispose of good cluster insight necessary for efficient support to the cluster members.

5. Financial Performance of **IFIC Bank PLC**

5.1 Financial Review

Despite global & domestic challenges, IFIC has strategically expanded its

operations by leveraging its extensive network. The company has sustained growth and built customer confidence through liquidity management, process reengineering, digital banking transformation, product innovation, wealth maximization: etc.

5.2 Financial Position

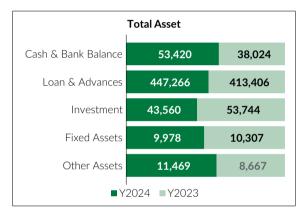

IFIC Bank has ensured its presence by operating branches and sub-branches across every division and district of the country, utilizing its network of over 1,400 locations. The expanded network helps the Bank to increase its balance sheet size to BDT 565,694 Million at the end of 2024, up from BDT 524,148 Million in 2023, reflecting a 7.9% growth.

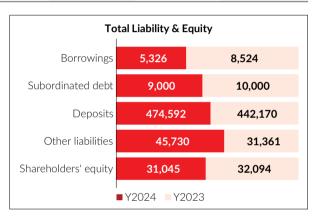

Bank touched BDT 500,068 Million deposit landmark in the month of July 2024, even though the Bank was unable to maintain this momentum due to deposit withdrawal pressure after 5th August regime. However, with an effective strategic approach and extensive banking network, the Bank has managed to restore customer confidence and reached the deposit position of BDT 474,592 Million at the end of the year 2024, compared to BDT 442,170 Million in 2023. This represents a growth of 7.3% from the previous year, with a net addition of BDT 32,422 Million. On the other side, newly inaugurated IFIC Islamic Banking on 25 July 2024, the total deposit of the Islamic Branch stood at BDT 749 Million at the end of Y2024

Loans and advances reached BDT 447,266 Million (+8.2%) at the end of the year 2024, vis-à-vis BDT 413,406 Million of the year 2023. Post August 2024, the Bank was more cautious for sanctioning of new loans rather concentrated more on recovery and regularisation of non-performing loans.

5.3 Asset Quality

The amount of non-performing loans (NPL) of the Bank has increased and reached BDT 245,856 Million at the end of the year 2024, compared to

BDT 33,034 Million in 2023, as several corporate accounts transitioned from regular to troubled loans due to changes in the political landscape on August 5, 2024. The bank has implemented a rigorous recovery plan to manage NPL at a very reasonable level. In this context, the Bank has already initiated appropriate legal proceedings and reconstituted the recovery team to prioritize recovery and servicing of the non-performing loans as per the regulatory norms. The bank also look

into the necessity and effectiveness of appointing the Recovery Agent and Alternative Dispute Resolution (ADR) process within the regulatory framework. To mitigate the future credit risk Bank has maintained BDT 16,719 Million provision and BDT 22,887 Million interest suspense.

9. Risk Management

The main goals of risk management procedures in the banking sector are to control a bank's exposure to losses or risk and to safeguard the asset value of the bank. The Board of Directors plays a pivotal role in overseeing risk-taking activities, ensuring alignment with organizational objectives and values.

Board of Directors of IFIC is fully aware of the types of risks inherent in business lines and takes appropriate steps to ensure continued awareness of any changes in the level of risks. Through strategic planning and defined risk parameters, clear risk appetite, tolerance, and limits have been established. The board also ensures that the management is taking the necessary steps to implement those strategies and manage accompanying risks. The Board of Directors has made it clear to management that risk management is not a barrier to conducting business or merely an addition to a company's overall compliance program, but rather is a crucial part of the organization's strategy, culture, and value creation

The Board of Directors is firmly committed to fostering a robust risk culture across the bank, grounded in a clear understanding of the risks the institution faces and the mechanisms for managing them within defined risk tolerance and appetite. This culture is cultivated through well-articulated policies, consistent leadership by example, effective communication, and comprehensive staff training on their risk-related responsibilities. Senior management plays a key role in ensuring continuous training and communication, while refining monitoring and control mechanisms to respond to an evolving risk environment. Together with senior management, the Board Risk Management Committee (BRMC) representing the Board - is responsible for overseeing and approving risk-related disclosures to investors, customers, and regulators. These disclosures offer transparent insights into the bank's risk appetite, risk profile, and governance practices

Finally, Boards find themselves today at an inflection point. As the banking industry of Bangladesh is becoming more complex and competitive. Boards are expecting more ownership for risk issues. In line with that IFIC remains steadfast in its commitment to robust risk management practices. By fostering a culture of accountability and continuous improvement, IFIC is wellpositioned to navigate uncertainties and achieve sustainable growth in the years ahead.

9.1 Credit Risk Management

The Credit Risk Management (CRM) Division at IFIC Bank PLC plays a vital role in securing the bank's financial stability while fostering customerfocused growth. Over the past year, the division has effectively navigated through a challenging economic landscape, leveraging its strong risk frameworks and commitment to regulatory compliance. Structured into three specialized units, CRM caters to the unique requirements of different business segments, ensuring effective risk management.

Retail Risk Management

The Retail Risk Management Unit is a specialized wing that appraises and evaluates proposals of some of IFIC Bank PLC's flagship products, such as Amar Bari, a market-leading home financing solution for consumers looking for home loan product in the market. Retail Risk Management has a comprehensive framework to evaluate retail loan applications, incorporating socio-economic aspects, clients' requirements, debt-to-income ratios, and repayment capacity to assess loan applications. With a strong digital platform, the bank delivers one of the fastest loan approval systems in the market, enabling eligible customers to secure approval within 48 hours of application. As the banking sector is facing newer economic and financial challenges, IFIC has been adapting to these challenges and has been incorporating up-to-date the evaluation procedure in Risk Management at individual and portfolio level.

CMSME & Agri Finance

CMSME Sector is fundamental to our national economy for employment, driving innovation, creativity, and new technologies and development for women, youth, and vulnerable groups. However, the CMSME Sector provides some unique challenges at the time of request for banking loan applications, such as meeting regulatory requirements, providing accurate and timely data, lack of sufficient collateral. Recognizing the specialized and business-specific needs of this segment, IFIC Bank has a dedicated team for assessment of SMF Risk, IFIC Bank has undertaken a comprehensive and adaptive approach to credit risk management to ensure the bank's financial stability and support for SME and agricultural sectors.

Corporate Risk Management

The Corporate Risk Management Unit focuses on mitigating risks for largescale corporate enterprises while fostering sustainable partnerships. By adopting a proactive and tailored approach, the unit ensures that corporate clients are equipped to navigate economic uncertainties and capitalize on growth opportunities.

Looking Ahead

As IFIC Bank PLC continues to navigate an uncertain economic landscape, the CRM Division is committed to strengthening its risk management practices. As a continued improvement process, IFIC Bank has been expanding its digital capabilities, developing newer policy initiatives, internalizing industry best practices to address emerging $\overset{\cdot}{\text{market}}$ dynamics. By aligning with the bank's strategic objectives, CRM will remain a driving force in building a resilient, profitable, and customerfocused organization.

9.2 Loan Performance Management (LPM) Non-Performing Loans (NPL) have

become a significant concern for the Bank, impacting its daily operations and profitability.

IFIC Bank PLC is dedicated to recovering from NPL accounts. The Bank is making every effort to address NPL, curb the upward trend, and maintain the percentage of classified loans at an acceptable level. The Loan Performance Management Division, Legal Affairs Department, and SAM (HUB) are collaborating to maximize recovery from NPL accounts and prevent new classifications, aligning with the organizational goal.

IFIC Bank PLC has a Recovery Policy to strengthen the recovery of Loans & Advances. To expedite recovery from Regular, Deteriorating, and Non-Performing Loans & Advances, the Bank established the Loan Performance Management Division, which comprises four dedicated departments:

- Collection Unit: This unit conducts timely communication through SMS notifications, proactive calling, and issuing notices and reminders to the borrowers.
- **Deteriorating Asset Management** (DAM): This department directly follows up on deteriorating loans, ensures SOP compliance, approves SOP deviations, detects CL threats, and minimizes threats by engaging branch personnel through meetings and visits, thereby maintaining sound assets.
- Special Asset Management (SAM): This department confirm drives for recovery from NPL accounts, facilitates branches in increasing recovery from NPL accounts, and guides branches to maintain NPL accounts at a minimum level. All activities are conducted in compliance with the recovery operation manual, recovery policy, regulatory circulars, and country laws.
- **SAM (HUB)**: This unit engages in legal proceedings at court, collaborates with lawyers, files suits/cases, and ensures quick disposal of court cases.

To expedite the recovery of Written-off Loans, the Bank formed a dedicated Written-off Loan Recovery Unit. This unit comprises Senior Executives, fieldlevel officers of the Bank and is directly supervised by the MD.

Based on the Recovery Policy, SAM Operational Manual, and related circulars of Bangladesh Bank, the LPM Division is taking the following steps for the recovery of all Loans & Advances (including NPL) and increasing the Bank's profitability:

- Sending SMS and making calls to regular IFIC Aamar Bari & other retail term loan accounts to repay the Bank's dues as per SOP.
- Closely monitoring and enhance recovery from Deteriorating Accounts as per the SAM Operational Manual.
- Ensuring optimum engagement of Branches to recover the Bank's dues and minimize further classification threats.

- 4. Conducting teleconferences/ virtual meetings with Branches and the Legal Affairs Department to expedite recovery.
- Visiting Branches for direct communication with Branch officials and different borrowers.
- Monitoring court cases through meetings among Branches and dealing with lawvers to avoid unwanted delays in the legal process
- 7. Rescheduling NPL Accounts.
- Settling NPL Accounts through amicable settlements.
- Engaging/Entrusting difficult Accounts to Recovery Agents.
- 10. Reporting to Senior Management from time to time regarding the Bank's asset portfolio and its trend.
- 11. Diagnosing reasons for nonrepayment of loans & advances and ensuring rectification (if any) to prevent further non-performance of loans and advances.

In the year 2024, IFIC Bank PLC gives robust effort in recovery. As a result, total recovery from CL account for the vear 2024 is BDT16.230.76 Million including cash recovery BDT 2,451.14 Million. As recovery from loan accounts is directly connected with Bank's income, Bank Management gives special focus on it.

9.3 Foreign Exchange Risk Management

Foreign exchange risk occurs when a bank holds assets or liabilities in foreign currencies, which can affect the bank's earnings and capital due to fluctuations in exchange rates. Since predicting future exchange rates is impossible, they can move either upward or downward, regardless of prior estimates or predictions. This uncertainty presents a risk to the bank's earnings and capital, especially if the movement occurs in an unexpected and unfavourable direction.

Commercial banks, which actively engage in foreign currencies by holding assets and liabilities in foreigndenominated currencies, are constantly exposed to foreign exchange risk. This risk arises from both the bank's trade and non-trade services. To offer clear guidance on managing foreign exchange exposure in line with the bank's financial treasury goals, business activities, and operating environment, a "Foreign Exchange Risk Management Policy" is

The Treasury Division of the bank is

responsible for minimizing foreign exchange risk as one of its primary tasks. There is a clear separation of duties among the Treasury Front Office, Mid Office, and Back Office. The Treasury Front Office handles day-to-day trading and fund management activities, ensuring continuous monitoring of the assumed risk levels and taking necessary actions. The Mid Office and Back Office operate in separate locations from the Treasury Front Office. To maintain minimal risk, the reporting lines of these three offices are kept distinct and independent.

The bank has taken several steps to minimize foreign exchange risk. It has established a Treasury Manual and a Foreign Exchange Risk Management Policy in accordance with the directives of Bangladesh Bank. The bank has also developed various strategies and set limits to control foreign exchange risk, such as the Net Open Position (NOP) limit (set by Bangladesh Bank), overall gross limits for forward transactions, stop-loss limits for each deal and per day, and counterparty limits. The Treasury Division further analyzes potential risks arising from adverse fluctuations in the foreign exchange market and takes appropriate actions to minimize possible losses while maximizing profit.

9.4 Asset Liability Management

Asset Liability Management (ALM) refers to a strategy used by banks to manage the risks arising from mismatches between assets and liabilities over different time periods, caused either by liquidity issues or fluctuations in interest rates. The goal of ALM is to minimize these risks by actively monitoring and predicting potential pricing discrepancies between assets and liabilities, ensuring that they remain within acceptable limits.

To manage the various risks associated with this, banks have their own ALM policies, which are approved by the Board of Directors (BOD). According to the bank's ALM policy, both the management and the BOD take necessary precautions as directed by the Central Bank. The Asset and Liability Management process is overseen by the Asset and Liability Management Committee (ALCO), which consists of the bank's senior management team.

The major responsibilities of ALCO are as follows:

Ensure that the bank's measurement and reporting system effectively communicates the levels of liquidity and market risk.

- Make decisions regarding key aspects of the balance sheet structure, including the maturity and currency composition of assets and liabilities, the ratio of wholesale to retail funding, deposit composition, and other related factors.
- Review maturity profile and mix of assets and liabilities
- Articulate interest rate views of the bank and decide on balance sheet strategy
- Approve and periodically review the transfer pricing policy of the bank
- Evaluate market risk involved in the launching of new products
- Review deposit-pricing strategy, and
- Review contingency funding plan for the bank

The ALM desk, using its market analysis and intelligence, provides a comprehensive market outlook throughout the year, offering clear insights into market and liquidity risks. This helps in identifying potential market opportunities for investment and fund allocation. The key responsibilities of the ALM desk are as follows:

- To oversee the growth and sustainability of assets and liabilities.
- To manage and oversee the overall activities of Money Market.
- To manage liquidity and market risk of the bank.
- To understand the market dynamics, i.e. competition, potential target markets etc., for expansion of the husiness
- Provide insights on market trends and recommend appropriate balance sheet adjustments (expansion or contraction) to adapt to changing market or economic conditions.
- Maintain records of ALCO meetings and track the progress of actions decided during those meetings.

The ALM technique assists in managing the volume, composition, maturity, interest rate sensitivity, quality, and liquidity of assets and liabilities collectively, aiming to achieve predetermined acceptable risk limits.

9.5 Internal Control and Compliance

Internal control is a process, effected by Board of Directors (BoD), Senior Management and all levels of personnel, designed to provide reasonable assurance regarding the achievement of objectives in the effectiveness and efficiency of operations, the reliability of financial reporting and compliance with

applicable laws, regulations, and internal policies. A system of strong internal controls can help ensure that the goals and objectives of a banking organization will be met, that the bank will achieve its long-term profitability target and maintain reliable financial and managerial reporting.

IFIC Bank PLC has established an appropriate and effective internal control environment through the Board of Directors, Management, organizational and procedural controls and an independent audit mechanism in order to ensure that the Bank is managed and controlled in a sound and prudent manner. The bank identifies its weaknesses through its internal control system and takes appropriate measures to overcome the weaknesses.

The Board of Directors of the bank has established an Audit Committee to monitor the effectiveness of internal control system of the bank. The Audit Committee meets the Senior Management periodically to discuss the effectiveness of the internal control system of the Bank and ensure that the management has taken appropriate actions as per the recommendations of the Internal Audit Team, Bangladesh Bank's Inspection Team & External Auditors.

The key functionalities that have been established in reviewing adequacy and integrity of the system of internal control are as follows:

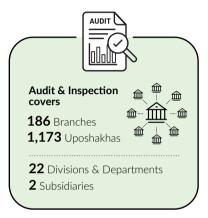

The BoD set up an organizational structure of Internal Control and Compliance Division (ICCD) in such a way that, it has no conflict of interest with the regular management of the bank and fulfill the requirements as directed in the Rule 15 (Ga) (1) of BCA (Bank Company Act.) 1991 for establishing and maintaining effective internal control and risk management having regard to the

- complexity of the activities of the bank on its size, scope of operations and risk profile;
- Different committees have been formed consisting of relevant stakeholders with expertise on the subject matter to assist the Board in guiding the Bank's operation in line with corporate mission, vision and strategies.
- Audit & Inspection are conducted across various departments/units and all branches, in alignment with the annual audit plan, as approved by the Board's Audit Committee. The frequency of branch audit is determined by the level of risk assessed independently and objectively. Findings of the internal audit are submitted to the Audit Committee for review during their meetings.
- Information system auditors evaluate risk management practices to determine whether the bank's ISrelated risks are properly managed. They conduct audit on overall information & related technological security aspects.
- The Audit Committee of the Board reviews the internal control findings identified by the Internal Audit of the Bank, Inspection Team of Bangladesh Bank and External Auditors
- The Head of Audit has direct access to the Audit Committee as and when required to ensure submission of internal audit findings to the Audit Committee.
- The Monitoring Department of the ICCD checks for compliance with policies and procedures and the overall effectiveness of the internal control system. The Bank continues to review different control tools, i.e. LDCL, DCFCL, QOR and Risk rating on a regular basis and highlights significant findings in respect of any non-compliance.
- The Compliance Department of the ICCD ensures timely and proper compliance (both internal and regulatory) with the relevant laws, regulatory instructions/circulars/ guidelines and internal policies and procedures in banking operations. Compliance Department acts as contact point when regulatory inspections are conducted, ensures that corrective measures are taken, and appropriate and timely response as soon as the inspection report is received
- The Board of Directors holds

meetings at suitable intervals with Senior Management, External Auditors and the Audit Committee for evaluating the effectiveness of the internal control system and provides necessary guidance.

Evaluation of Effectiveness of Internal Control

The Senior Management Team (SMT) of the Bank reviews the overall effectiveness of the control system of the bank on a yearly basis and provides feedback to the Board of Directors on the effectiveness of internal control policy, practice, and procedure.

- The Audit Department prepares reports on individual inspection programs and submits the same to the branch/business unit for rectification with a copy to line management.
- ICCD prepares an annual integrated report on the health of the Bank to be submitted to the Board of Directors for onward submission to Bangladesh Bank.
- At the end of the year, a summary report on the audit findings is prepared and corrective actions taken which are forwarded to the Audit Committee of the Board and the Managing Director & CEO simultaneously.
- Based on the review of monitoring reports, the audit team also conduct surprise checks on the branches where regular gaps are identified.
- Self-Assessment of Anti-Fraud Internal Controls is carried out on a half-yearly basis and is submitted to Bangladesh Bank as per requirement of DOS Circular Letter No. 17 dated 07 November, 2012 & 10 dated 09 May, 2017 issued by Bangladesh Bank after receiving compliance confirmation from respective stakeholders.

9.6. Prevention of Money Laundering

Prevention of Money Laundering & Financing of Terrorism:

Money Laundering is the process of concealing or disguising the true nature, source, location, disposition, movement, rights or ownership of property or funds knowing that it is derived from a criminal offence. On the other hand, terrorist financing is the process of funding any individual or terrorist group in order to perform terrorist acts and this financial support is made from countries, organizations or individuals. Money Laundering (ML) and Terrorist Financing (TF) are posing significant risk, among others facing by banking sector specially over last couple of decades at crucial perspective. With the advancement of new technology in banking, money launderers and terrorist financiers continue to exploit domestic and international banking networks at the same pace to serve their destined purposes. As the criminals and fraudsters are keen to adopt modern technologies, our banking sector faces heightened challenges in combating financial crimes as well as increased threats of money laundering and terrorist financing.

IFIC Bank PLC as one of the leading banks in the country, has established a comprehensive risk management framework in preventing Money Laundering (ML) & Combating Financing Terrorism (CFT), integrating compliance measures across all operational domains of the bank. We recognize that safeguarding our financial system against ML and TF threats is a collective responsibility of all the members of the bank. Therefore, IFIC Bank actively acts with Bangladesh Financial Intelligence Unit (BFIU), regulatory bodies, law enforcement agencies and other key stakeholders to strengthen the national and global fight against all sorts of financial crimes. Through continuous training and creating awareness among its members of the Board, Senior Management Team, officials at all levels and at the same time upgradation in comprehensive monitoring system, a Risk-based Approach is applied in the bank to ensure regulatory compliance. IFIC Bank always commits to protect its financial system and interests of stakeholders ensuring transparency, integrity and adherence to global AML and CFT standards.

The preventive measures, control mechanism and compliance in fight against ML & TF in the Bank are carried out by a well-formed Central Compliance Committee (CCC) and AML & CFT Department at Head Office. As per BFIU's directives, latest vide Circular No. 26 dated 16.06.2020, the Central Compliance Committee (CCC) consists of 12 (Twelve) senior executives from various Departments/Divisions of Head Office headed by a Deputy Managing Director (DMD) who acts as Chief Anti-Money Laundering Compliance Officer (CAMLCO) of the Bank. The Deputy Chief Anti-Money Laundering Compliance Officer (D-CAMLCO) acts as Member-Secretary provides all secretarial support to the committee. assists the CAMLCO in devising AML goals, policies and programs and supervises the day-to-day functionalities of the AML & CFT Department. The Central Compliance Committee (CCC) calls meeting at every Quarterend to review Bank's overall AML & CFT activities, policies, procedures, compliance status and decide to issue circulars or directives as and when necessary in this regard.

The bank is organizing comprehensive training programs—both physical and virtual over the year for all levels of employees, including induction training for its newly-recruited officers. Moreover, Refreshers' Training Program, Training for Trainers and Target-based training are also being conducted at a certain interval around the year inviting resource persons from BFIU. In recent years, the bank has conducted Lead Bank Training Program at different district levels of the country as per instruction of BFIU with active presence of BFIU's resource persons where senior-level officers of various banks including IFIC Bank of the region attended the program. In 2024, officers of our Bank also attended Lead Bank Training Programs sponsored by nine different banks with BFIU's resources held across the country. Furthermore, officers of the AML & CFT Department attended various in-house, external training programs and certification courses on Certified Expert on Anti-Money Laundering & Financial Crime (CEAF) conducted by Bangladesh Institute of Bank Management (BIBM) as well

All employees of the Bank, members of the Board and Senior Management expressed their strong commitment to improving its AML and CFT compliance culture. A clear Message of the Managing Director of the Bank with his firm commitment is communicated among all staff members of the bank to prevent ML and TF and create awareness in this respect at the beginning of each year.

10. Information and **Communication Technology**

10.1 SWIFT Application Migration to Cloud

At our bank, we are committed to enhancing the services we provide to our customers while maintaining the highest standards of security and efficiency. One of the key steps in achieving this is migrating our SWIFT applications to the cloud, SWIFT applications are essential for secure and fast communication between banks worldwide, and this move brings several benefits that directly impact our

Enhanced security is one of the top priorities. By shifting to the cloud, we can use cutting-edge technology and advanced encryption methods to ensure financial transactions remain safe and protected from potential threats. This means our customers' business transactions are even more secure.

Additionally, this migration leads to cost savings, which we can pass on to our customers. With lower infrastructure and maintenance costs, we are better positioned to offer more competitive pricing and improved services.

The scalability of cloud technology means that we can handle a higher volume of transactions and offer faster services, so customers can enjoy a smoother and more efficient banking experience, especially during highdemand times.

Lastly, by moving to the cloud, we are also supporting environmental sustainability. The cloud uses energy more efficiently, helping reduce our carbon footprint while providing reliable services to our customers. This migration is a step forward in ensuring that we continue to serve our customers with secure, cost-effective, and innovative solutions while contributing to a more sustainable future.

10.2 E-Regulatory Response System

At IFIC Bank, we are committed to enhancing operational efficiency. improving data integrity, and ensuring compliance with regulatory requirements. The E-Regulatory Response System is a cutting-edge digital solution designed to streamline and modernize the regulatory reporting process. By replacing manual tasks with automated workflows, this system offers numerous benefits, both for the bank's internal operations and for our customers.

Key features of the system include automated data entry, which reduces human error and accelerates the reporting process, and a centralized platform that organizes all regulatory reports and responses in one accessible location. This enables teams to collaborate seamlessly, track report progress, and ensure timely responses. Real-time validation checks ensure the data's accuracy and compliance with regulatory standards, while automated notifications keep all stakeholders updated on deadlines and milestones. ensuring that tasks remain on track.

For customers, the E-Regulatory Response System offers enhanced transparency and faster response times. With the system's ability to track report progress and provide audit trails, customers can trust that their inquiries and regulatory concerns are handled with the utmost accuracy and diligence. Furthermore, by reducing operational delays and minimizing the risk of errors, the system ensures that the bank maintains regulatory compliance, avoiding potential penalties and reputational risks.

Overall, the E-Regulatory Response System provides a more efficient. secure, and scalable approach to regulatory reporting, ultimately ensuring a smoother and more reliable banking experience for our customers.

10.4 Digital Channel (DC) Settlement Report

At IFIC Bank, we prioritize efficient dispute resolution and operational excellence to provide the best banking experience for our customers. The DC Report for Settlement system plays a pivotal role in managing transaction discrepancies, ensuring that any issues are identified and resolved swiftly. This system integrates key features that improve both our operational efficiency and the overall dispute resolution process, benefiting customers through enhanced service reliability.

One of the system's core features is dispute tracking and report retrieval, allowing users to easily access transaction data that may require further investigation. By cross-referencing disputes with Reconciliation and Billing (RB) references and verifying data against third-party services such as bKash and Nagad, discrepancies are detected early, preventing potential issues from escalating.

The system also enables the exporting of day-wise reports into easily manageable Excel files, simplifying data handling and ensuring that disputes

are resolved efficiently. By flagging discrepancies and automatically sharing flagged data with the reconciliation team, the system speeds up the resolution process, reducing delays and enhancing the bank's responsiveness.

For customers, this means faster and more accurate transaction processing, with minimal disruptions. The automated report generation and daily reconciliation operations ensure that discrepancies are resolved quickly and effectively, maintaining a smooth and reliable banking experience. Furthermore, the system's ability to detect potential risks early helps mitigate financial issues before they impact customers, ensuring a more secure and stable banking environment

Overall, the DC Report for Settlement system enhances accuracy, efficiency, and risk management, reinforcing our commitment to providing customers with reliable, secure, and compliant banking services.

10.5 Islamic Banking Report Platform

The Islamic Banking Report Platform plays a crucial role in ensuring transparency, compliance, and operational efficiency within the framework of Islamic banking. By generating detailed reports on key banking activities, the portal not only facilitates internal monitoring but also ensures the bank's dealings align with Shariah laws. This results in enhanced customer trust, better financial management, and the promotion of ethical banking practices.

The portal provides a comprehensive suite of reports, including the Journal Report for Other Branch Transactions on Islamic Branch, which tracks financial activities across different branches, ensuring consistency and transparency. The Savings Account Closed During the Financial Year and Term Deposit Closed in the Financial Year reports help the bank monitor the flow of customer accounts, allowing for better financial forecasting and operational decisionmaking.

For customers, the portal offers valuable insights into their financial activities, including Islamic Term Deposit Opened Today and Islamic Finance Opened Today, helping them stay informed about their investments and financing options. Additionally, the Total Account Opened for the Financial Year and Deal Account Opened for the Financial Year reports provide a clear overview of new accounts and financial deals, enhancing customer confidence in the bank's operations.

By offering such detailed reporting capabilities, the Islamic Banking Report Portal improves operational integrity. strengthens compliance, and ultimately delivers a more transparent and reliable banking experience for customers, ensuring all transactions are conducted in accordance with Islamic principles.

10.6 Deployment of Core Firewall

In our continued commitment to enhancing security and providing reliable services to our customers, IFIC Bank PLC has successfully upgraded its core firewall, replacing the Cisco 2130 with the advanced Cisco 4115. This upgrade ensures that we can meet growing traffic demands while improving our network performance, providing customers with a more secure and efficient banking experience.

The Cisco 4115 firewall brings several key enhancements that directly benefit our customers. With increased performance, the new firewall can handle higher data throughput, ensuring faster and more reliable online banking services even during peak times. This means customers will experience quicker transaction processing and fewer delays.

Additionally, the firewall's advanced security features play a critical role in protecting sensitive customer data. The new system offers enhanced threat detection, malware protection, and encrypted traffic analytics, ensuring that customer's financial transactions are safeguarded against cyber threats and potential breaches. This strengthens our commitment to maintaining the highest levels of security for business banking activities.

The firewall's improved processing power also enhances the performance of Virtual Private Networks (VPNs) and applications, providing a smoother and more efficient online banking experience. Furthermore, the firewall is part of a future-ready infrastructure, positioning the bank to address evolving technological and operational needs, ensuring continued reliability and security as we expand and innovate.

By deploying the Cisco 4115, IFIC Bank is reinforcing its commitment to providing secure, efficient, and trustworthy banking services that align with the evolving needs of our customers.

The Board has collective responsibility for the management, direction and performance of the Bank and provides leadership within a framework of prudent and effective controls which enables risk to be appropriately assessed and managed. The Board sets the strategic direction, ensuring that the necessary resources are in place for the Company to meet its objectives and deliver sustainable performance.

The Board takes a long-term outlook and sees itself as responsible to a wide range of stakeholders, whilst pursuing its objectives in a manner consistent with its statutory duties, for the benefit of the Bank's members as a whole.

The Directors of the Board are selected on the criteria of proven skill and ability in their particular field of endeavor and a diversity of outlook and experience which directly benefits the operation of the Board as the custodian of the business.

The Board of Directors of the Bank is accountable for the Bank's system of internal control. It has set appropriate policies on internal control and seeks regular assurance that the system is functioning effectively. Through the establishment of the Audit Committee. the Board of Directors regularly monitors the adequacy & effectiveness of internal control system of the Bank.

The MANCOM also reviews the overall effectiveness of the control system of the Bank & provides a certificate on a yearly basis to the Board of Directors on the effectiveness of internal control policies, practices & procedures.

As per directives of Bangladesh Bank, a special meeting of the Board of Directors is arranged annually for reviewing the compliance/ implementation status of the observations/recommendations of Bangladesh Bank's comprehensive inspection report of the Bank.

According to the Company Law, the Directors are responsible for the preparation of the Annual Financial Statements, The Annual Financial Statements conform to International Accounting Standards (IAS) and International Financial Reporting Standards (IFRS) and fairly present the affairs of the Bank and its subsidiaries as at the end of the financial year, profit & loss and cash-flows for that period.

Accounting policies supported by judgments, estimates and assumptions in compliance with IAS and IFRS are applied on the basis that the Bank shall continue as a going concern. Systems and controls include the proper delegation of responsibilities within a clearly defined framework, effective

accounting procedures and adequate segregation of duties.

Based on the information and explanations given by management and the internal auditors, the Directors are of the opinion that the internal financial controls are adequate and that the financial records may be relied upon for preparing the financial statements in accordance with IAS and IFRS, and to maintain accountability for the Bank's assets and liabilities.

Through regulatory compliance and responsibilities within a Corporate Governance framework, minority Shareholders have been protected from abusive action by, or in the interest of, controlling Shareholders acting either directly or indirectly and have effective means of redress.

The Directors have a reasonable expectation that the Bank and its subsidiaries will have adequate resources to continue in operational existence and as a going concern for the foreseeable future.

26. Acknowledgement

The Board of Directors of IFIC Bank extends its heartfelt appreciation to all stakeholders whose unwavering support and cooperation have been instrumental in the Bank's continued success. The steady growth achieved in 2024 is a direct result of the sincere dedication and tireless efforts of our Executives, Officers, and Staff Members, whose commitment to excellence remains the cornerstone of our achievements.

The Board expresses its profound gratitude to the Government of Bangladesh, Bangladesh Bank,

Bangladesh Securities and Exchange Commission, Registrar of Joint Stock Companies and Firms, Dhaka Stock Exchange PLC, Chittagong Stock Exchange PLC, and Central Depository Bangladesh Limited for their continued guidance and regulatory support, which have facilitated the Bank's smooth and compliant operations.

We are equally thankful to our valued customers, whose enduring trust has been the driving force behind our journey. The Board deeply appreciates the contributions of our patrons and well-wishers whose confidence has inspired our pursuit of sustainable growth and long-term value creation.

We also extend our sincere thanks to M/s. Islam Jahid & Co., the Bank's External Auditors, for their professionalism and timely completion of the audit of the Financial Statements.

Furthermore, we acknowledge the role of the print and electronic media in promoting the Bank's initiatives and extending valuable coverage throughout the year.

Last but not least, the Board conveys its sincere appreciation to our respected Shareholders for their continued trust and confidence. We remain fully committed to enhancing shareholder value through strategic growth, service excellence, and a strong focus on customer satisfaction.

4. External Audit and Oversight

- Recommend the appointment, reappointment, or removal of external auditors to the Board for shareholder approval at the AGM
- Oversee the external auditor selection process and investigate reasons for auditor resignation, if any.
- Assess the independence, objectivity, and performance of external auditors annually, ensuring the absence of conflicts of interest.
- Review the auditor's remuneration and the scope of audit and non-audit services.
- Conduct pre-audit and post-audit meetings with external auditors, including annual independent discussions without management presence.
- Ensure management acts promptly on findings and recommendations from external audit reports.

5. Regulatory Compliance

- Monitor compliance with applicable laws, rules, and regulatory directives issued by Bangladesh Bank, BSEC, and other relevant authorities.
- ➡ Ensure adherence to internal governance policies and regulatory compliance frameworks.
- Review the status of compliance with laws during inspections and audits and ensure timely rectification of any irregularities.

6. Reporting and Additional Responsibilities

- Submit quarterly reports to the Board summarizing audit findings, compliance issues, internal control lapses, and corrective actions taken.
- Review and evaluate the performance and independence of internal and external auditors.
- Perform self-assessments to evaluate the effectiveness of the Committee's performance.
- Undertake any additional oversight duties as delegated by the Board of Directors.

This consolidated charter provides a robust foundation for the Audit Committee to fulfill its mandate of upholding strong governance, fostering a risk-aware culture, and maintaining stakeholder confidence in the Bank's operations.

Nomination and Remuneration Committee (NRC) Responsibilities

The Audit Committee also performs the responsibilities of the Nomination and Remuneration Committee (NRC) under its Terms of Reference, with decisions forwarded to the Board for ratification per BRPD Letter No. 21 dated May 12, 2024. The Committee operates independently and remains accountable to shareholders and the Board.

Communication with the Board

The Audit Committee presents its minutes and recommendations to the Board on a quarterly basis. It also notifies the Board in case of:

- Conflicts of interest within the Bank.
- Suspected fraud or internal control weaknesses.
- Any breaches of laws or regulations.
- Other critical matters requiring Board attention.

Major directives of Audit Committee from 04 September to 31 December 2024:

Following major directives were given by the newly formed Audit Committee during 04 meetings:

- Regarding the audit of IFIC Money Transfer (UK) Limited, the Management was advised at least to conduct the online audit by sending them a list of required documents. If there is any suspicious transaction, then the Management can think about a physical audit. Otherwise, the audit can be done remotely.
- Regarding the manpower of ICC Division, the Committee advised emphasizing professionalism and professional degree.
- The Committee reviewed the organogram of ICCD and recommended making necessary amendments to align with operational requirements.
- The Committee advised the ICC Division to conduct audit on IFIC Money Transfer (UK) Limited remotely based on Q3 2024 by asking for GL, supporting documents of specified accounts and to report their findings to Audit Committee by December 2024
- While discussing about the irregularities, the Committee advised to identify the associated persons responsible for irregularities and submit a report before the Committee for necessary measures.
- If any delicate document is not obtained by the Branch from the Client, the related effect thereof and the name of the responsible person should be mentioned in the report. The Committee also recommended to review the risk grading system of the Audit Unit against each category of findings by benchmarking and to submit it before the Committee.
- Considering the nature of breaches found with borrower evaluation in Karwan Bazar Branch, the Committee advised to identify the associated persons responsible for irregularities and present before the immediate next Board Meeting for necessary action.
- During the discussion regarding Annual Audit Plan for the year 2025, the Committee advised the followings:
 - Kawran Bazar Branch, Credit Administration Division and CRM Division of Head Office should be audited twice in
 - The Profit & Loss Account and Interest Suspense Account should prudently be checked during the audit of a Branch to find whether the interest charged on a Classified Account taken to Income Account instead of taking to the Suspense
 - During the IT audit in Head Office, the new IT Security Policy, if approved by the Board, should be considered to ensure compliance:
 - During the audit of Legal Division, necessary comments and observations should be made on the departmental success and ageing of pending cases should be presented also;
 - During the audit of the Branch, an expected level of Uposhakhas should be inspected physically;
 - During the audit of local subsidiaries, Auditor should examine records to identify any unusual transactions;
 - During the audit of annual CSR activities of the Bank, it should be checked whether the CSR activities of the Bank complied with the Guidelines and Circulars of Bangladesh Bank;
 - During the audit of Cash Incentives, the Auditor should assess the workflow and comment on it to ensure that all applications are processed and resolved in a reasonable timeframe. If there are any delays, the reasons for delays should be properly reported.

From our assessment of the various internal audit reports, it appears that except certain cases of directed loans in the previous regime. IFIC Bank PLC maintained a reasonable level of Internal Control on its overall activities.

Corporate Governance Practices

Corporate Governance indicates the policies and procedures applied by us to attain certain sets of our objectives, corporate missions and visions with regard to shareholders, employees, customers, suppliers and different regulatory agencies and the community at large. The role of governance is to maximize shareholders' wealth. Corporate Governance depends on managerial performance as well as consideration of social responsibility, the socio-cultural environmental dimension of business procedure, legal and ethical practices with a focus on customers and other stakeholders of our organization.

We are committed to excellence in corporate governance, transparency and accountability. This is essential for the long-term performance and sustainability of our Company, and to protect and enhance the interests of our shareholders and other stakeholders.

Our governance framework plays an integral role in supporting our business. It provides the structure through which our strategy and business objectives are set, our performance is monitored. and the risks we face are managed. It includes a clear framework for decision making and accountability across our business and provides guidance on the standards of behavior we expect from our people.

We regularly review our governance arrangements as well as developments in the market practices, expectations and regulations to establish good corporate governance in our Bank. We have modernized our governance system and implemented the rules as several prudential regulations specifying qualification of a Bank Director and a Chief Executive Officer and most importantly 3 (three) Circulars/Circular Letters issued by Bangladesh Bank on 27 October 2013 in connection with formation and responsibilities of Board of Directors of a Bank Company to comply with the existing rules and regulations in line with the Bank Company Act, 1991 (Amended up to date) as well as Corporate Governance Guidelines issued by Bangladesh Securities and Exchange Commission.

We consider good corporate governance to be a pre-requisite for value creation and reliability:

- Governance principles;
- Transparency in business transactions;
- Statutory and legal compliances;

- Protection of shareholders' interests:
- Commitment to values and ethical conduct of business:
- Applying values to create value.

Members' Meetings

The supreme authority in the Bank's affairs, within the limits established by the Articles of Association and statutory law, rests with legitimate meetings of the Members of the Bank. The Bank's Annual General Meeting is held within statutorily allowed time every year and may also hold any other meeting, as and when required. At Members' meeting, each share carries one vote. Decisions at Members' meetings are taken by majority vote unless there are contrary provisions in the Bank's Articles of Association or statutory law.

Although Members acting through the forum of the General Meeting exercise ultimate check over a company, yet they do not interfere with the exercise of powers which are vested in the Board.

The Board of Directors

The Board of Directors, collectively. is the supreme authority in the Bank's affairs between Members' meetings. They owe a duty to the shareholders and exercise care, skill and diligence in discharging their responsibilities and in exercising the powers vested in them.

The key purpose of the Board of Directors of IFIC Bank PLC is to ensure the company's prosperity by collectively directing the company's affairs, whilst meeting the appropriate interests of its shareholders and other stakeholders. In addition to business and financial issues, the Board deals with challenges and issues relating to corporate governance, corporate social responsibility and corporate ethics and ensures that its organization and operation are, at all times, in correct and appropriate order. The Board is, among other things, responsible for setting business objectives, strategies and business plans, formulating risk policies, confirming key aspects of the Bank's internal organization and making decisions on the establishment of branches. As a mechanism of budgetary control, the Board approves budget and reviews the business plan on quarterly basis so as to give directions as per changing economic and market environment. The Board also reviews the policies and guidelines issued by Bangladesh Bank and gives directions for their due compliance. Furthermore,

Board of Directors develops and reviews corporate governance framework as well as recommends to the shareholders to appoint an external auditor.

Composition of the Board

The Board of IFIC Bank PLC consists of 7 (seven) Members including the Managing Director as Executive Director and ex-officio member of the Board. As per the guidelines of Bangladesh Bank and as well as in compliance with the Bangladesh Securities and Exchange Commission's Corporate Governance Code, there are 4 (four) Independent Directors on the Board.

Re-election of Directors

In compliance with the Companies Act, BSEC's Notification and Bank's Articles of Association, each Director, other than the Independent Director and the Managing Director, retires by rotation once in every three years and is required to stand for reelection by the shareholders at the Annual General Meeting.

Independent Director

To comply with the Corporate Governance Code of Bangladesh Securities and Exchange Commission, the Board of Directors appointed 4 (four) Independent Directors on the Board. A full compliance report of the said guidelines/code is provided hereafter.

Board Meetings

During the year 2024, there were 32 meetings of the Board. The attendance by each Director at the Board Meeting held during the year is provided hereafter.

Executive Committee

As approved by Bangladesh Bank, the Board has its Executive Committee. The committee is comprised of 2 (two) Members from the Board. In order to have proper functioning and quick disposal of credit proposals, the Board has delegated authority to Executive Committee of the Board to approve proposal within certain limit and it. is observed to be very effective to accelerate the various decisions which otherwise had to wait for disposal by the Board. The committee met 07 times during the year 2024. The report of the Executive Committee is deployed herein hefore

Audit Committee

Audit Committee of the Board of a Bank can play an effective role in providing a bridge between the Board and the Management, Shareholders, Depositors and other Stakeholders,

and help in ensuring efficient, safe and sound banking practices. Technological advancement through our innovative IT system

1. Launching of IFIC Aamar Bank App

In line with our commitment to improving the banking experience for our customers, we are proud to announce the launch of the IFIC Aamar Bank App. This mobile banking app is designed to provide customers with a faster, more convenient. and secure way to manage their finances, all from the palm of their hands.

The IFIC Aamar Bank App allows customers to perform a wide range of banking services anytime and anywhere. Whether it's transferring funds, paying bills, checking account balances, or even applying for loans, the app makes it easy to complete these tasks guickly and efficiently. With its user-friendly interface, customers can navigate through their banking needs with ease, making everyday banking more accessible than ever hefore

One of the biggest benefits of the app is its convenience. Customers no longer need to visit a branch or wait in long queues for routine transactions. With just a few taps, they can handle their banking needs from the comfort of their home, office, or on the go.

The app also offers enhanced security features. With advanced encryption and secure login methods, customers can be confident that their financial information is safe. In addition, the app provides real-time notifications for every transaction, giving customers greater control and transparency over their accounts.

Furthermore, the app is designed to offer personalized services. Customers can receive alerts on their account activities, view their transaction history, and access customized offers and promotions, making banking more tailored to their needs.

Overall, the IFIC Aamar Bank App is a major step forward in providing our customers with a more convenient, secure, and efficient banking experience. We are excited to continue empowering our customers with the tools they need to manage their finances with ease.

2. IFIC Aamar Bank App Introduces Bangla QR-Based **Cashless Payment Facility**

In a significant move towards enhancing digital banking services. IFIC Aamar Bank has introduced Bangla OR-Based Cashless Payment Facility within its mobile banking app. This innovative feature allows customers to make secure and seamless payments using their smartphones, promoting a more efficient and cashless way of transacting.

The Bangla QR code system enables customers to pay for goods and services at various merchants by simply scanning the QR code using the IFIC Aamar Bank app. This eliminates the need for cash or physical cards, offering a secure, fast, and contactless payment method. By incorporating the Bangla

language into the system, the app is more accessible to a wider audience, particularly those who are more comfortable with their native language.

This new feature not only simplifies the payment process but also enhances security by reducing the risk of theft or fraud associated with physical money or card usage. The Bangla QR-based payment solution aligns with IFIC Aamar Bank's commitment to supporting a cashless economy and improving financial inclusion in Bangladesh.

With this innovation, IFIC Aamar Bank continues to lead in providing advanced banking solutions, empowering its customers with the convenience and security of modern digital payments. The new service marks a significant step forward in the bank's ongoing efforts to foster financial accessibility and growth across the nation.

3. Core Banking System & Application Upgradation

As part of our commitment to continuously improving the banking experience for our customers, we have upgraded our core banking system and applications. This upgrade brings several significant benefits that will directly impact the services we provide to our customers.

The new version of our core banking software is designed to handle higher volumes of transactions with greater speed and reliability. This means that our customers will experience faster processing times for transactions, whether it's transferring funds, paying bills, or checking balances. With reduced system downtime, the reliability of our banking services has been greatly enhanced, ensuring that customers can access their accounts and complete transactions with minimal interruptions.

Additionally, the upgrade has helped us reduce maintenance expenses associated with outdated systems. This means we can allocate resources more efficiently, allowing us to reinvest in innovative banking solutions that benefit our customers.

A key feature of this upgrade is the introduction of the Islamic banking module, which enables us to offer a wider range of Shariah-compliant financial products. This provides greater options for customers seeking Islamic banking services, allowing us to better serve diverse customer needs.

Overall, this system enhancement not only improves the performance and reliability of our services but also allows us to offer more innovative financial products and tailored solutions, ensuring a better and more efficient banking experience for our customers.

4. Trade Finance System & Application Upgradation

As part of our ongoing efforts to enhance the services we offer, we have upgraded our Trade Finance System & Applications to provide our customers with a more efficient, secure, and seamless banking experience. This upgrade brings several valuable improvements that will directly benefit our customers.

One of the key features of the new system is the Undertaking module for foreign guarantees, which allows us to manage Guarantee and Standby Letters of Credit within a single module. This integration simplifies the process for customers who rely on these trade finance tools, streamlining transactions and reducing the time required to process them.

Additionally, we have enabled the SWIFT 2023 message format, which enhances the speed and security of international trade transactions. This upgrade ensures that our customers can send and receive messages faster and more securely, helping businesses expand their reach globally with confidence.

The new version of our system is designed to handle higher

volumes of transactions with greater speed and reliability. This means customers will experience quicker processing times, minimizing delays and improving overall efficiency in trade finance operations. The system also reduces downtime, ensuring that customer can access trade finance services whenever they need them without interruptions.

With these upgrades, we aim to provide our customers with a more reliable, secure, and innovative trade finance experience, helping them to meet their international business needs more effectively while maintaining the highest standards of service.

5. Trade Portal System & Application Upgradation (Online 24X7)

We are excited to announce the upgradation of our Online (24X7) Trade Portal, designed to enhance the efficiency, security, and overall experience for our customers. This new version introduces several valuable features that will greatly benefit businesses engaged in international trade.

One of the key improvements is the integration of Guarantee and Standby Letter of Credit within the portal. This feature simplifies the process for customers who use these essential trade finance tools, enabling them to easily manage and track their guarantees and letters of credit directly through the portal. This integration saves time and streamlines trade processes, allowing for more efficient and secure transactions.

Additionally, we have enabled the SWIFT 2023 message format, which further enhances the speed and security of international trade transactions. By adopting this updated messaging standard, we ensure that trade communications are processed faster and with greater accuracy, meeting global standards for financial messaging.

The user interface has been significantly improved with a more intuitive design, making it easier for customers to navigate and complete transactions on the portal. These changes are coupled with a more robust framework that ensures improved overall performance, including faster response times and reduced system downtimes, giving customers more reliable access to the platform whenever needed.

With these upgrades, our Online Trade Portal provides customers with a more user-friendly, efficient, and secure platform, allowing them to manage their trade finance needs seamlessly around the clock, supporting their global business growth and success.

6. Single Customer Exposure

At IFIC Bank, we are continuously working to enhance the services we offer to our customers while ensuring compliance with regulatory standards. Our Single Customer Exposure (SCE) system is one such initiative that provides a comprehensive view of a customer's financial relationship with the bank, offering several benefits to both our operations and customer experience.

The key features of the SCE system include an aggregated view of all accounts held by a single customer. This includes savings, checking, loan, and investment accounts, with each balance displayed individually. The system also calculates the total exposure, offering insights into the cumulative balance and credit exposure, such as loans, overdrafts, or credit card balances.

Benefits for our customers are numerous. The system facilitates enhanced decision-making by allowing us to offer personalized financial advice, tailored products, and more effective risk management. By understanding each customer's full financial picture, we can make informed decisions regarding

loans, credit limits, and other financial services, ensuring that solutions are aligned with the customer's needs.

The CRM (Customer Relationship Management) benefits are significant, as the system helps strengthen relationships through customized offers and cross-selling opportunities. It also aids in meeting regulatory compliance by providing detailed exposure views, simplifying audits, and streamlining reporting processes.

Finally, the risk mitigation aspect is crucial. By detecting anomalies in customer accounts, such as underutilized products or unusual activities, the system helps us proactively address potential risks, ensuring both customer satisfaction and financial stability.

Overall, the Single Customer Exposure system is an important tool that enhances operational efficiency, drives smarter financial decisions, and strengthens customer trust.

7. Technology Compliance Initiatives

At IFIC Bank, our commitment to adhering to the highest regulatory and security standards is central to ensuring that our customers' data and transactions are protected. This year, we successfully completed several key technology compliance initiatives that enhance our services and safeguard customer's financial information.

Bangladesh Bank Audits: We consistently meet the stringent requirements set by Bangladesh Bank, demonstrating our commitment to the stability and security of the country's financial systems. This ensures that our customers can trust us to operate with the highest levels of regulatory compliance.

ISO 27001 Surveillance Audits: For the third consecutive year, our Technology Team has passed the ISO 27001 surveillance audits, reinforcing our dedication to maintaining robust information security management systems. This international certification ensures that we protect sensitive customer data by adhering to global best practices in cybersecurity, giving customers confidence in our ability to safeguard their personal and financial information.

PCI DSS Compliance: We remain compliant with the Payment Card Industry Data Security Standard (PCI DSS) for the third consecutive year. This means we have implemented strict security measures to protect customer's cardholder data, reducing the risk of breaches and fraud, and ensuring the safety of every transaction they make with us.

SWIFT CSP Audits: By passing the SWIFT Customer Security Program (CSP) audits, we ensure the security and confidentiality of financial messaging, protecting the integrity of all transactions.

These compliance initiatives enhance trust and credibility, reduce operational risks, and demonstrate our unwavering commitment to providing secure, reliable banking services.

IFIC Aamar Subornogram

IFIC Aamar Subornogram offers a comprehensive financing solution tailored to support both Agriculture and CMSME sectors, empowering farmers and businesses with accessible funding. Designed to drive growth and sustainability by promoting sustainable farming and business practices. Borrowers benefit from flexible collateral options, along with re-financing and interest subsidy facilities to lower borrowing costs which strengthens the CMSME and Agriculture sectors, fostering economic growth, sustainability, and long-term development.

IFIC Shohoj Rin

This collateral-free loan provides hassle-free financing for farmers, entrepreneurs, and small businesses, combining Agriculture and CMSME needs under one product ensuring accessibility for marginalized groups. With flexible loan options, re-financing benefits, and interest subsidies, it fosters sustainable growth, job creation, and economic development while strengthening food security and livelihoods.

Women Entrepreneurs Credit

The CMSME and financial inclusion sectors play a vital role in economic growth, reducing disparities, and promoting inclusive development, including women's empowerment. However, collateral obligations remain a key barrier for women entrepreneurs in accessing loans. To address this, IFIC Bank PLC has signed an agreement with Bangladesh Bank to facilitate unsecured loans for women entrepreneurs through the Credit Guarantee Scheme, ensuring better access to financing and fostering business growth.

Financial Inclusion

To enhance financial inclusion in the chars, IFIC Bank PLC partnered with Swisscontact, a Switzerland-based non-profit, under the Making Markets Work for the Jamuna, Padma, and Teesta Chars (M4C) project.

Centralized Retail Marketing Department: A Year of Growth

In 2024, IFIC Bank PLC took a significant step towards enhancing customer engagement and strategic marketing capabilities by fully establishing the Centralized Retail Marketing Department (CRMD). CRMD played a pivotal role in aligning marketing strategies with customer needs, driving business growth, and fostering financial inclusion.

Advancing Financial Literacy and Promoting Inclusion

The Activation & Financial Literacy Program unit of CRMD made substantial strides in educating customers across Bangladesh on various financial topics. In 2024, the department conducted 196 financial literacy programs that reached 12,790 participants, including students, entrepreneurs, and individuals from rural areas. These programs focused on important topics such as savings, responsible borrowing, and digital banking etc.

Among the most notable events were those organized during the Mother's Day 2024 Campaign. During this month-long campaign, more than 1200 Branches and Uposhakhas arranged programs in various capacity. Under the tagline, "Honoring and Welcoming Mothers", the program not only recognized the contributions of mothers in our society but also helped raise awareness about financial inclusion for women.

Additionally, CRMD hosted a series of **Business Activation** Programs that focused on acquiring new retail customers and increasing sustainable deposit.

Women Centric Campaigns

Women Banking at IFIC Bank is another cornerstone of CRMD's efforts to foster financial inclusion. The **Champions** of Tomorrow Initiative powered by IFIC was designed to support girls in sports by providing sports gears and jerseys to encourage their active participation in football. The Stand Beside Women in Tech Advancement Campaign further reinforced IFIC Bank's commitment to empowering women by providing 6 computers to women's schools and colleges across the country, helping close the gender gap in technology.

Additionally, CRMD made impactful strides through signing an MoU with **Shakti Foundation** under the banner of **Project** #HerPower, for launching nationwide women's health awareness workshops.

For women entrepreneurs, CRMD organized workshops on financial management, credit handling, and scaling businesses, alongside mentorship programs pairing women with industry experts under the banner of IFIC Shomriddhi. These programs ensured that women were well-equipped to grow their businesses and contribute meaningfully to the economy.

In 2024, the Centralized Retail Marketing Department at IFIC Bank PLC played an instrumental role in achieving significant growth for the bank. With a clear focus on data-driven decision-making, financial inclusion, and customer engagement, CRMD's efforts resulted in considerable deposit growth, enhanced financial literacy, and deeper engagement with underrepresented customer segments, especially women and rural populations.

By leveraging data analytics and implementing targeted campaigns, IFIC Bank is poised to further strengthen its position as a leader in the banking sector in Bangladesh, fostering financial inclusion and empowering customers across the country.

IFIC Bank PLC and Swisscontact, an independent non-profit development organization are working together for the upliftment of entrepreneurs from char areas in northern Bangladesh. As part of the program, IFIC Bank conducted a financial literacy program in Gangachara Upazila of Rangpur in collaboration with the Making Markets Work (M4C) project under Swisscontact on 9th June 2024. Presided over by Mr. Sudhangshu Shekhar Biswas, Government Liaison Advisor of M4C Project, Mr. Madhusudan Banik, Executive Director (Current Charge), Bangladesh Bank Rangpur Office attended the program as Chief guest and Mr. Syed Mansur Mustafa, Managing Director of IFIC Bank attended the program as Special guest

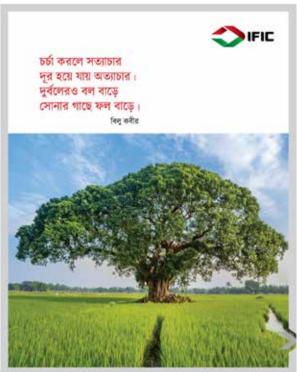

IFIC Bank took a significant step to support female athletes as part of its initiative to empower women

IFIC Bank conducted different financial literacy based activities around the year accross the country

IFIC Bank regularly published ethical rhymes in different mainstream national newspapers every quarter throughout the year

IFIC Islamic Banking

Islamic Banking is pursuing a rapid growth around the world along with Bangladesh with the offering of Shariacompliant financial products that prioritize equity, fairness. and risk-sharing. Key principles of Islamic Banking include the prohibition of interest (Riba), risk-sharing, asset-backed financing, and ethical investments.

In July 2024, IFIC Bank PLC expanded its services by launching 'IFIC Islamic,' a comprehensive range of Shariah-compliant banking solutions. The official inauguration of 'IFIC Islamic' took place on July 25, 2024. This initiative aims to provide customers with Islamic financial products alongside the bank's conventional offerings. This was a significant step in our commitment to provide diverse, ethical, and Shariah-compliant financial services. This move is part of our long-term vision to offer a wide range of Islamic Banking products that cater to the needs of both individuals and businesses.

At present, IFIC Islamic is offering quite a variety of products both for asset and liability side. Our products are designed with the core principles of Islamic finance in mind, including risksharing, profit-sharing, and asset-backed transactions, to meet the unique financial needs of our customers.

To specifically mention, we offer a comprehensive suite of deposit products, including:

- Al-Wadeeah Current Account
- Mudaraba Savings Account
- Mudaraba SND Account
- Mudaraba Term Deposit
- Mudaraba Aamar Bhobishawt
- Mudaraba Mashik Munafa Scheme

In addition, our investment products include:

- Barakah Aamar Bari
- Bai Murabaha Aamar Biniyog
- Bai Murabaha Shohoj Biniyog
- Bai Murabaha Aamar Subornogram

These products are focused on providing accessible and ethical investment opportunities, especially aimed at supporting the growth of CMSME, agriculture and retail customers, while ensuring compliance. To maintain the highest level of Shariah compliance, IFIC Islamic is guided by a dedicated Shariah Supervisory Committee. This committee ensures that all products and services are complied with Shariah, maintaining the integrity and credibility of our offerings.

The growth of deposits within the IFIC Islamic has been very much encouraging, to maintain the strong customer trust and satisfaction in our offerings. The positive response from customers highlights the demand for Shariah-compliant financial products and services. This has been a strong indicator of our success and our customers' appreciation of our efforts to meet their financial needs ethically and effectively.

In 2024, IFIC Islamic received a substantial amount of deposits. However, due to specific market conditions and regulatory requirements, the process of identifying suitable investment opportunities within a short timeframe has become more complex. We are committed to ensuring that every investment made aligns with the principles of Islamic finance, and this requires careful evaluation of potential opportunities to ensure compliance with Shariah.

Given the time-sensitive nature of finding such opportunities and ensuring that they meet the ethical and financial criteria, the investment process followed a through checking. This decision was made in the best interest of protecting your investments and ensuring that all funds are used appropriately and effectively in accordance with Islamic finance principles. Still, management of IFIC Islamic has shared the committed provisional profit with customers as gift to them under Shariah guidance.

The launch of 'IFIC Islamic' underscores the bank's dedication to providing inclusive financial solutions that cater to the preferences and requirements of all customers, reinforcing its position as a leading financial institution in Bangladesh.

Management Discussion and Analysis

The financial sector passed through huge challenges in 2024 marked by a convergence of political instability, economic distress, lack of good governance and environmental disasters. Economically, the country grappled with severe volatility stemming from a deepening banking sector crisis. The crisis triggered a sharp rise in inflation, liquidity shortages, and heightened macroeconomic pressures, affecting domestic markets and public confidence in financial institutions. The situation was further exacerbated by political turmoil that escalated after 5 August 2024, leading to widespread unrest and governance challenges that hindered effective policy response during a critical time which further widen due to heavy rainfall and flood water flown from upstream river in mid-August caused catastrophic flooding across 11 (eleven) districts in the Chattogram division. The floods inflicted extensive damage on infrastructure, agricultural lands, and local livelihoods. A notable consequence of the disaster was its impact on the financial sector in the region, where 60 outlets of IFIC Bank were directly affected.

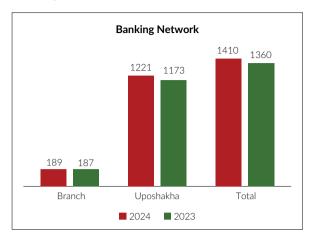

Despite numerous challenges, IFIC Bank PLC exhibited resilience by retaining its customer base and delivering spectacular banking services through its countrywide 1,400 plus banking outlets. The bank's success can be attributed to its strong customer loyalty and a dedicated 5,700 plus permanent skilled workforce.

Upholding its commitment to stakeholders and corporate social responsibility, IFIC Bank extended meaningful support. As a part of this initiative, employees of IFIC Bank voluntarily contributed one day's salary to the Chief Advisor's Relief & Welfare Fund to assist flood-affected individuals and families. In addition, the Bank itself contributed 100,000 blankets for distribution among underprivileged communities through both the Chief Advisor's Relief & Welfare Fund and the Bank's extensive network of branches and Uposhakhas across the country.

In 2024, IFIC Bank PLC demonstrated a deposit base of BDT 474,592 Million with 2 (two) Million account holders, reflecting its commitment to delivering quality banking services with well-crafted financial products. In July 2024, IFIC Bank made a strategic move and launched Islamic Banking 'IFIC Islamic', offering a suite of Shariah compliant products tailored to diverse customer needs and introduced its first QR-based cashless payment system in November 2024 through the IFIC Aamar Bank App, enhancing convenience and digital payment accessibility for its customers. With a nationwide network of over 1,400 outlets, IFIC Bank remains focused on delivering robust, customer-centric financial services across the country.

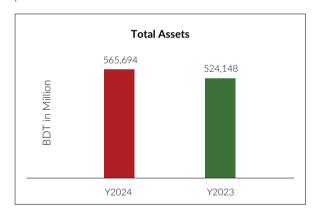

Banking Network

The Bank reached the largest banking network milestone in 2023 and remains holding this position till today. At the end of year 2024 total Banking outlet of the bank stood at 1,410 opposed to 1,360 of year 2023 Out of the total network 189 branches in business prone and lucrative locations of the country to facilitate a superior banking services with highly skilled and resilient professionals. On the other hand, the bank expanded its network through opening Uposhakhas across the country which provide the same financial services (except foreign exchange business) that provided by the branches. As at 31 December 2024 total number of Uposhakhas stands at 1,221 opposed to 1,173 of year 2023.

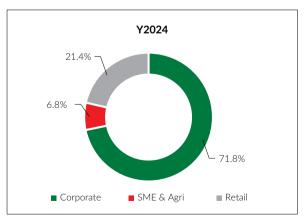

Total Assets

C) Capital Adequacy

Qualitative Disclosures

(a) A summary discussion of the bank's approach to assessing the adequacy of its capital to support current and future

According to BB Guidelines, IFIC Bank is assessing Risk Based Capital Adequacy under Basel-III from 01 January 2015. Under Basel-III framework the capital requirement is determined for Credit Risk and Market Risk under Standardized Approach and Operational Risk under Basic Indicator Approach and summedup to determine total Risk Weighted Assets and thereafter the Minimum Capital Requirement (MCR). The Bank assesses the capital requirement considering the existing size of portfolio, concentration of portfolio to different risk weight groups, asset quality, profit trend etc. on quarterly rest. The Bank also forecasts the adequacy of capital in terms of its capacity of internal capital generation, maintaining the size of the portfolio, asset quality, conducting credit rating of the borrowers, segregation of portfolio to different risk weight groups etc.

IFIC Bank has maintained Capital to Risk-weighted Asset Ratio (CRAR) of 7.96% as on 31 December 2024, whereas Minimum Capital Requirement (MCR) is 10% as per BRPD circular No.18 dated 21 December 2014. However, the Bank is continuously evaluating its capital position in comparison to its risk weighted asset's position and exploring ways and means to raise capital both internally and externally.

D) Credit Risk

Qualitative Disclosures

(a) The general qualitative disclosure requirement with respect to credit risk, including:

Definitions of past due and impaired (for accounting purposes).

As per relevant Bangladesh Bank guidelines, the Bank defines the past due and impaired loans and advances for strengthening the credit discipline and mitigating the credit risk of the Bank. The impaired loans and advances are defined on the basis of (i) Objective/ Quantitative Criteria and (ii) Qualitative judgment. For this purpose, all loans and advances are grouped into four (4) categories, namely- (a) Continuous Loan (b) Demand Loan (c) Fixed Term Loan and (d) Short-term Agricultural & Micro Credit.

Definition of past due/overdue:

- Any Continuous Loan if not repaid/renewed within the fixed expiry date for repayment or after the demand by the bank will be treated as past due/ overdue from the following day of the expiry date;
- ii. Any Demand Loan if not repaid within the fixed expiry date for repayment or after the demand by the bank will be treated as past due/overdue from the following day of the expiry date:
- iii. In case of any installment(s) or part of installment(s) of a Fixed Term Loan is not repaid within the fixed expiry date, the amount of unpaid installment(s) will be treated as past due/ overdue after O3 (three) months of the expiry date.
- iv. The Short-term Agricultural or Micro-credit is not repaid within the fixed time limit for repayment will be considered "Overdue" after O6(six) months of the expiry date

However, a continuous loan, demand loan or a term loan which will remain overdue for a period of 02 (two) months or more but less than 03 (three) month, will be put into the "Special Mention Account (SMA)", the prior status of becoming the loan into impaired/classified/nonperforming.

Definition of impaired / classified /non-performing loans and advances are as follows:

Continuous loan is classified as follows:

Substandard - A Continuous Loan which will remain past due/ overdue for a period of 03 (three) months or beyond but less than 09 (nine) months, the entire loan will be put into the "Substandard (SS)".

Doubtful - A Continuous Loan which will remain past due/ overdue for a period of 09 (nine) months or beyond but less than 12 (twelve) months, the entire loan will be put into the "Doubtful (DF)".

Bad/Loss - A Continuous Loan which will remain past due/ overdue for a period of 12 (twelve) months or beyond, the entire loan will be put into the "Bad/Loss (B/L)".

Demand loan is classified as follows:

Substandard - A Demand Loan which will remain past due/overdue for a period of 03 (three) months or beyond but less than 09 (nine) months, the entire loan will be put into the "Substandard (SS)".

Doubtful - A Demand Loan which will remain past due/ overdue for a period of 09 (nine) months or beyond but less than 12 (twelve) months, the entire loan will be put into the "Doubtful (DF)".

Bad/Loss - A Demand Loan which will remain past due/ overdue for a period of 12 (twelve) months or beyond, the

entire loan will be put into the "Bad/Loss (B/L)".

Fixed Term Loans are classified are as follows:

In case of any installment(s) or part of installment(s) of a Fixed Term Loan is not repaid within the fixed expiry date, the amount of unpaid installment(s) will be treated as past due/ overdue after three months of the expiry date. In case of Fixed Term Loans: -

Substandard - A Fixed Term Loan or any installment(s)/part of installment(s) of a Fixed Term Loan which will remain past due/ overdue for a period of O3 (three) months or beyond but less than 09 (nine) months, the entire loan will be put into the "Substandard (SS)".

Doubtful - A Fixed Term Loan or any installment(s)/part of installment(s) of a Fixed Term Loan which will remain past due/ overdue for a period of 09 (nine) months or beyond but less than 12 (twelve) months, the entire loan will be put into the "Doubtful (DF)".

Bad/Loss - A Fixed Term Loan or any installment(s)/part of installment(s) of a Fixed Term Loan which will remain past due/ overdue for a period of 12 (twelve) months or beyond, the entire loan will be put into the "Bad/Loss (B/L)".

Short-term Agricultural and Micro-Credit is classified as follows:

The Short-term Agricultural and Micro-Credit will be considered irregular if not repaid within the due date as stipulated in the loan agreement. If the said irregular status continues, the credit will be classified as 'Substandard ' after a period of 12 months, as 'Doubtful' after a period of 36 months and as 'Bad/Loss' after a period of 60 months from the stipulated due date as per the loan agreement.

Loan classification of Cottage, Micro and Small Credits under CMSMF.

Sub-standard - If a Continuous Loan, Demand Loan, Fixed Term Loan or any installment(s)/part of installment(s) of a Fixed Term Loan remain(s) past due/overdue for a period of 06 (six) months or beyond but less than 18 (eighteen) months, the entire loan will be classified as "Sub-standard (SS)".

Doubtful - If a Continuous Loan, Demand Loan, Fixed Term Loan or any installment(s)/part of installment(s) of a Fixed Term Loan remain(s) past due/overdue for a period of 18 (eighteen) months or beyond but less than 30 (thirty) months, the entire loan will be classified as "Doubtful (DF)".

Bad/Loss - If a Continuous loan, Demand loan, Fixed Term Loan or any installment(s)/part of installment(s) of a Fixed Term Loan remain(s) past due/overdue for a period of 30 (thirty) months or beyond, the entire loan will be classified as "Bad/Loss (B/L)".

Description of approaches followed for specific and general allowances and statistical methods.

The Bank is following the general and specific provision for loans and advances/investments on the basis of Bangladesh Bank guidelines issued from time to time (please refer to Annexure - I).

Discussion of the bank's credit risk management policy

The Board approves the credit policy, credit exposure limits and credit risk management policy keeping in view relevant Bangladesh Bank guidelines to ensure best practice in credit risk management and maintain quality of assets. Authorities are properly delegated ensuring checks and balance in credit operation at every stage, i.e. screening, assessing risk, identification, management and mitigation of credit risk as well as monitoring, supervision and recovery of loans with provision

of early warning system. There is a separate credit risk management division for dedicated credit risk management, separate credit administration division for ensuring perfection of securities and credit monitoring, recovery division for monitoring and recovery of irregular loans and loan performance management division for detaining deteriorating loans from being newly classified and for maintaining asset quality appropriately. Internal control & compliance division independently assess the quality of loans and compliance status of loans at least once in a year.

E) Equities: Disclosures for Banking Book Positions

Qualitative Disclosures

(a) The general qualitative disclosure requirement with respect to equity risk, including:

Differentiation between holdings on which capital gains are expected and those taken under other objectives including for relationship and strategic reasons; and

Differentiation between holdings of equities for capital gain and those taken under other objectives is being clearly identified. Investment in equity securities is broadly categorized into two parts:

- i. Quoted Securities (Common or Preference Shares & Mutual Fund) that are traded in the secondary market (Trading Book Assets) through the organization itself or other Portfolio Manager. Investment in quoted shares/ securities are revalued at the end of the reporting period.
- ii. Unquoted securities are categorized as banking book equity exposures which are further sub-divided into two groups: unquoted securities which are invested without any expectation that these will be quoted in near future, i.e. held to maturity (HTM), and securities those are acquired under private placement or IPO and are going to be traded in the secondary market after completing required formalities. Unquoted securities are valued at cost.

The equity positions are reviewed periodically by the senior management.

Discussion of important policies covering the valuation and accounting of equity holdings in the banking book. This includes the accounting techniques and valuation methodologies used, including key assumptions and practices affecting valuation as well as significant changes in these practices.

Important policies covering equities valuation and accounting of equity holdings in the Banking Book are based on the use of the cost price method for valuation of equities. The primary aim is to invest in these equity securities for the purpose of capital gain by selling them in the future or held for dividend income. Dividends are recognized in Profit and Loss Account only when the Bank's right to receive payment of the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the Bank and the amount of the dividend can be measured reliably. Both Quoted and Un-Quoted equity securities are initially recognized at cost and necessary provisions are maintained if the prices fall below the cost price after comparing with their fair value. As per to Bangladesh Bank guidelines, the HFT equity securities are revalued once in each week using marking to market concept. However equity investment in associates/joint ventures are initially recognized at cost and provision is maintained if cost is higher than lower of market value and net assets value of that investee as per instruction of Bangladesh Bank. Preference is given to purchase of shares of strong companies at face value through placement/ IPO.

F) Interest rate risk in the banking book (IRRBB)

Qualitative Disclosures

(a) The general qualitative disclosure requirement including the nature of IRRBB and key assumptions, including assumptions regarding loan prepayments and behavior of non-maturity deposits, and frequency of IRRBB measurement.

Interest Rate Risk (IRR) is managed through Gap analysis, which evaluates the difference between rate-sensitive assets and liabilities. This risk is continuously monitored using prudential limits and stress testing. The Interest Rate Risk in the Banking Book (IRRBB) is assessed monthly by analyzing rate fluctuations and their impact on Net Interest Income (NII). IRR arises when market interest rate changes negatively affect a bank's financial position, influencing both short-term earnings (earnings perspective) and long-term net worth (economic value perspective)

One of the primary sources of interest rate risk is re-pricing risk, which occurs when assets and liabilities re-price at different intervals. This risk is typically measured by comparing the volume of assets and liabilities that mature or re-price within a specified period. In the short run, fluctuations in interest rates directly impact a bank's NII, whereas in the long term, these changes affect the cash flows of assets, liabilities, and off-balance sheet items. This leads to potential risks for the bank's net worth due to re-pricing mismatches and other interest rate-sensitive positions. The Asset-Liability Committee (ALCO) formulates policies and strategies based on market conditions to optimize Net Interest Income.

Quantitative Disclosures

(b) The increase (decline) in earnings or economic value (or relevant measure used by management) for upward and downward rate shocks according to management's method for measuring IRRBB, broken down by currency (as relevant).

G) Market Risk

Qualitative Disclosures

(a) Views of BOD on trading/investment activities

IFIC Bank PLC manages its trading and investment activities. with caution to ensure maximum returns while avoiding excessive risk. The Board is responsible for approving all market risk policies, setting limits, and regularly reviewing compliance. The primary goal is to secure cost-effective funding to support asset growth and trade-related transactions. Market risk refers to the potential loss of assets in both balance sheet and off-balance sheet positions due to fluctuations in key market variables such as interest rates, exchange rates, and prices. To mitigate these risks, capital allocation is necessary to cover exposures arising from changes in interest rates and equity prices within the bank's trading book, as well as risks associated with fluctuations in foreign exchange rates and commodity prices across the bank's overall operation.

The market risk covers the followings risks of the Bank's balance sheet:

- i. Interest rate risk
- ii Equity price risk
- iii. Foreign exchange risk; and
- Commodity price risk

Methods used to measure Market risk

The Bank uses the Standardized (rule based) Approach to calculate the Market Risk for Trading Book Exposures. The total capital requirement in respect of market risk is the aggregate capital requirement calculated for each of the risky subcategories. For each risk category minimum capital requirement is measured in terms of two separately calculated capital charges for 'specific risk' and 'general market risk'.

Maturity Method has been prescribed by Bangladesh Bank in determining capital against market risk. In the maturity method, long or short positions in debt securities and other sources of interest rate exposures, including derivative instruments, are slotted into a maturity ladder comprising 13 times-bands (or 15 times-bands in the case of low coupon instruments). Fixed-rate instruments are allocated according to the residual term to maturity and floating-rate instruments according to the residual term to the next re-pricing date.

In Standardized (rule based) Approach the capital requirement for various market risks (interest rate risk, price, and foreign exchange risk) are determined separately.

The total capital requirement in respect of market risk is the sum of capital requirement calculated for each of these market risk sub-categories. e.g.:

- Capital Charge for Interest Rate Risk = Capital Charge for Specific Risk + Capital Charge for General Market Risk;
- Capital Charge for Equity Position Risk = Capital Charge for Specific Risk + Capital Charge for General Market Risk;
- Capital Charge for Foreign Exchange Risk = Capital Charge for General Market Risk;

iv. Capital Charge for Commodity Position Risk = Capital charge for General Market Risk.

Market Risk Management System

The Asset Liability Management Policy of the Bank as approved by the Board ensures effective management of the Market Risk through a well-structured Treasury function which includes a Front Office, Mid Office and Back Office and an ALCO body. The aim of the Market Risk Management System is to minimize the impact of losses on earnings due to market fluctuations.

Policies and processes for mitigating market risk

The policy contains sound Portfolio management procedures and best practices such as minimizing risks through diversification of portfolio. Policy for managing Market Risk has been set out by the Board of Directors of the Bank where clear instructions have been given to Loan Deposit Ratio, Wholesale Borrowing Guidelines, Medium Term Funding, Maximum Cumulative Outflow, Liquidity Contingency Plan, Local Regulatory Compliance, Recommendation/ Action Plan etc. Furthermore, special emphasis has been put on the following issues for mitigating market risk:

- Interest Rate Risk Management: Treasury Division reviews the risks of changes in income of the Bank as a result of movements in market interest rates. In the normal course of business, the Bank tries to minimize the mismatches between the duration of interest rate sensitive assets and liabilities. Effective Interest Rate Risk Management is done as under:
- Market Analysis: Market analysis over interest rate movements is reviewed by the Treasury Division of the Bank. The type and level of mismatch interest rate risk of the Bank are managed and monitored from two perspectives, being an economic value perspective and an earnings perspective.
- Gap Analysis: ALCO has established guidelines in line with the central Bank's policy for the management of assets and liabilities, monitoring and minimizing interest rate risks at an acceptable level. ALCO in its regular monthly meeting analyzes Interest Rate Sensitivity by computing GAP i.e. the difference between Rate Sensitive Assets and Rate Sensitive Liability and take the decision of enhancing or reducing the GAP according to the prevailing market situation aiming to mitigate interest rate
- Foreign Exchange Risk Management: Risk arising from potential change in earnings resulted from exchange rate fluctuations, adverse exchange positioning or change in the market prices are considered as Foreign Exchange Risk. Treasury and International Division manage this risk in the following fashion:
- Continuous Supervision: The Bank's Treasury Division i. manages and controls day-to-day trading activities under the supervision of ALCO that ensures continuous monitoring of the level of assumed risks. Treasury Division monitors the foreign exchange price changes and Back Office of the Treasury Division verifies the deals and passes the entries in the books of account.
- Treasury Back Office separated from the Treasury Front Office: Treasury Back Office is conducting its operation in separate locations apart from the Treasury Front Office. Treasury Back Office is responsible for currency transactions, deal verification, limit monitoring. settling of transactions and gathering the market rates from an independent source other than dealers of the

same organization, which helps to avoid any conflict of interest. Meanwhile, Treasury Mid Office is responsible to independently monitor, measure and analyze risks inherent in treasury operations of the bank.

- iii. Mark-to-Market Method for Approved Securities and Foreign Exchange Revaluation: All foreign exchange reserves and balances along with approved securities are revalued at Mark-to-Market method according to Bangladesh Bank's guidelines. Such valuations are made after a specific time interval as prescribed by Bangladesh bank
- i. Nostro Accounts: Nostro accounts are maintained by the Bank with various currencies and countries. These Accounts are operated by the International Division of the Bank. All Nostro accounts are reconciled on a monthly basis. The management reviews outstanding entry beyond 30 days for settlement purpose.
- Equity Risk Management: Equity Risk is the risk of loss due to adverse changes in the market price of equities held by the Bank. Equity Risk is managed by the following fashion.
- i. Investment Portfolio Valuation: Mark-to-Market valuations of the share investment portfolio are followed in measuring and identifying risk. Mark-to-Market valuation is done against a predetermined cut loss limit.
- ii. Diversified Investment to minimize Equity Risk: IFIC minimizes the Equity Risks by Portfolio diversification as per investment policy of the Bank.

Margin Accounts are monitored very closely: Where Margin loan is allowed, security of investment, liquidity of securities, reliability of earnings and risk factors are considered and handled professionally.

H) Operational risk

Qualitative Disclosures

(a) Views of BOD on system to reduce Operational Risk

IFIC Bank manages its operational risk by identifying, assessing, monitoring, controlling and mitigating the risk, rectifying operational risk events and implementing any additional procedures required for compliance with regulatory requirements. Operational risk management responsibilities are assigned to the senior management. Internal auditors are assigned for recording, identification and assessment of operational risks and to prepare reports for the Audit Committee.

Operational risk is defined as the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. This definition includes legal risk, but excludes strategic and reputation risk. It is inherent in every business organization and covers a wide spectrum of issues. The Board of Director (BOD) of the Bank and its Management firmly believe that this risk through a control

based environment in which processes see documented, authorization as independent and transactions are reconciled and monitored. This is supported by an independent program of periodic reviews undertaken by internal audit, and by monitoring external operational risk events, which ensure that the group stays in line which industry best practice and takes account or lessons learned from publicized operational failures within the financial services industry.

The BOD has also modified its operational risk management process by issuing high level standards, supplemented by more detailed formal guidance. This explains how the bank manages operational risk by identifying, assessing, monitoring, controlling and mitigating the risk, rectifying operational risk events, and implementing any additional procedures required for compliance with local regulatory requirements. The Bank maintains and tests contingency facilities to support operations in the event of disasters. Additional reviews and tests are conducted in the event that any branch of the bank is affected by a business disruption event, to incorporate lessons learned in the operational recovery from those circumstances. Plans have been prepared for the continued operation of the bank's business, with reduced staffing levels.

Operational risk loss data are collected and reported to the senior management. Identifying, monitoring and recording of fraud, irregularities, unauthorized works, system breakdown, etc. are done by the Management and details of the untoward incidents are reported to the Bank's Audit Committee.

Performance gap of executives and staffs

The Human Resources Division is dedicated to fostering a vibrant learning culture that enhances employee expertise and drives organizational excellence. Through the Learning & Development function and the IFIC Bank Training Institute, we provide a diverse range of competency-based training programs designed to bridge skill gaps, refine professional capabilities, and strengthen operational effectiveness.

Our training initiatives encompass foundational programs tailored for Management Trainees and Trainee Assistant Officers, equipping them with essential industry knowledge and practical skills. Additionally, specialized training sessions in General Banking, Credit Management, and Foreign Exchange are meticulously curated to address evolving financial sector demands.

To ensure adherence to regulatory frameworks and best practices, IFIC Bank collaborates with esteemed institutions such as the Bangladesh Bank Training Academy (BBTA), Bangladesh Institute of Bank Management (BIBM), Bangladesh Association of Banks (BAB), Metropolitan Chamber of Commerce and Industry (MCCI), and Bangladesh International Arbitration Center (BIAC). Our compliance training, particularly in Anti-Money Laundering (AML) and Information and Communication Technology (ICT), Negotiation- Mediation, Arbitration Strategy, is strategically designed to align with Bangladesh Bank policies and guidelines, reinforcing ethical banking practices and risk mitigation.

In 2024, IFIC Bank implemented extensive training programs to upskill employees and cultivate a pipeline of future leaders. Despite global constraints on overseas training, our commitment to leadership development remains unwavering. We continue to organize impactful local and internationally facilitated programs, featuring expert-led workshops by institutions like the ANZ Institute. Programs such as "Leading Teams" and "Deep Change" empower our senior management with critical leadership insights and strategic decision-making skills.

As the oldest private-sector training institution in the country, the IFIC Bank Training Institute serves as a center of excellence, providing access to a well-equipped professional library, modern training aids, and a faculty of seasoned industry professionals. Covering diverse subjects such as banking, economics, accounting, management, and marketing, the Institute ensures holistic development for all employees.

IFIC Bank remains steadfast in its mission to nurture a culture of continuous learning, professional growth, and leadership excellence. By equipping employees with the knowledge, skills, and confidence to navigate an ever-evolving industry landscape, we reinforce our commitment to innovation, adaptability, and long-term success.

Potential external events

Losses from external events, such as a natural disaster that damages a firm's physical asset or electrical or telecommunications failures that disrupt business, are relatively easier to define than losses from internal problems, such as employee fraud and product flaws. It is needless to say that there are certain risk factors which are external in nature and can affect the business of the Bank. The factors discussed below can significantly affect the business:

- External rules and regulations: Potential for actual or opportunity loss due to failure to comply with laws or regulations, or as a result of changes in laws or regulations or in their interpretation or application.
- **Damage to assets:** Potential for loss or damage to physical assets and other property from natural disaster and other
- Safety and security: Potential for loss or damage to health or safety of staff, customers or third parties arising from the effects of external events.
- External financial crime: Potential for loss due to criminal acts by external parties such as fraud, theft and other criminal activity.
- Political condition and general business: IFIC's performance greatly depends on the general economic conditions of the country. The effect of recession is still unfolding which may result to slow down in business environment. Political stability is must for growth in business activities.
- Credit quality of borrowers: Risk of deterioration of credit quality of borrowers is inherent in banking business. This could result due to the global economic crisis and supply side distortion. The changes in the import prices affected the commodity sectors and ship breaking industry. A deterioration in credit quality requires provisioning.
- Basel-III implementation: Basel-III is fully effective from 2019 and IFIC needs to be complied with respect to credit risk management, its supervision and establishment of effective internal control. The grading of the borrowers and its link with the capital required may slow down the credit expansion. The establishment of effective control requires more investment in technology and operating expenses are likely to increase.
- Equity markets Volatility: The Bangladesh Securities and Exchange Commission and the stock exchanges improved their supervisory role, but the equity market is still volatile. If volatility continues, it is likely to affect the performance of the bank.
- Changes in market conditions: Changes in market conditions, particularly interest rates on deposits and volatility in the foreign exchange market are likely to

affect the performance of the bank. Depositors are becoming increasingly price sensitive and any unilateral upward change by a bank will exert pressure on the interest rate structure of the banking sector. It is feared that wage earners remittances may decline due to fall in job opportunity in international market. Unless offset by export performances, there may be pressure in the foreign exchange market.

The litigation risk: In the ordinary course of business. legal actions, claims by and against the bank may arise. The outcome of such litigation may affect the financial performance of the bank.

Policies and processes for mitigating operational risk

The Operational Risk Management Policy adopted by the Bank outlines organizational structure and detailed processes for management of operational risk. The basic objective of the policy is to closely integrate operational risk management system into day-to-day risk management process of the bank by clearly assigning roles in effectively identifying, assessing, monitoring and controlling and mitigating operational risk. Operational risks in the Bank are managed through a comprehensive and well-articulated internal control framework.

Approach for calculating capital charge for operational risk

The Bank follows the Basic Indicator Approach (BIA). The BIA stipulates the capital charge for operational risk is a fixed percentage, denoted by α (alpha) of average positive annual gross income of the Bank over the past three years. It also states that if the annual gross income for any year is negative or zero, that should be excluded from both the numerator and denominator when calculating the average gross income. The capital charge for operational risk is enumerated by applying the following formula:

$K = [(GI_1 + GI_2 + GI_3) \times \alpha] / n$

Where:

- K = the capital charge under the Basic Indicator Approach
- GI = only positive annual gross income over the previous three years (i.e., negative or zero gross income if any shall be excluded)
- $\alpha = 15 \text{ percent}$
- n = number of the previous three years for which gross income is positive.

Besides, Gross Income (GI) is calculated as "Net Interest Income" plus "Net non-Interest Income". The GI is also the net result of

- Gross of any provisions; i.
- ii. Gross of operating expenses, including fees paid to outsourcing service providers;
- Excluding realized profits/losses from the sale of securities held to maturity in the banking book;
- Excluding extraordinary or irregular items:
- Excluding the income derived from insurance.

I) Liquidity Ratio

Qualitative Disclosures

(a) Views of BOD on system to reduce liquidity Risk

In line with the provisions of liquidity risk management under Basel III, Bangladesh Bank has identified the (i) Liquidity Coverage Ratio (LCR); (ii) Net Stable Funding Ratio (NSFR); and (iii) Leverage under the purview of 'Liquidity' ratio vide BRPD Circular No. 18 dated 21 December 2014 and DOS Circular No. 1 dated 1 January 2015. The Board of Directors (BOD) reviews the liquidity risk of the Bank on quarterly rest while reviewing the Quarterly Financial Statements, Stress Testing Report etc. ALM Policy Guideline approved and revised time to time by the Board of Directors.

An overview on liquidity position and liquidity ratios are submitted annually to the BOD and the BOD approve the strategic plan for managing optimum liquidity. The Board always strives to maintain adequate liquidity to meet up Bank's overall funding need for the depositors, borrowers' requirements as well as maintain regulatory requirements comfortably.

Methods used to measure Liquidity risk

The maintenance of Cash Reserve Requirement (CRR) and Statutory Liquidity Ratio (SLR) are considered as the fundamental methods/tools to measure the liquidity position/risk of IFIC Bank. However, under Basel III, the following methods and tools are mandated for measuring the liquidity risk.

- Liquidity Coverage Ratio (LCR): Liquidity Coverage Ratio ensures to maintain an adequate level of stock of high quality liquid assets that can be converted into cash to meet its liquidity needs (i.e. total net cash outflows) over the next 30 calendar days.
- Net Stable Funding Ratio (NSFR): Net Stable Funding Ratio aims to limit over-reliance on short-term wholesale funding during times of abundant market liquidity and encourage better assessment of liquidity risk across all on- and off-balance sheet items. The minimum acceptable value of this ratio is 100 percent, indicating that, available stable funding (ASF) should be at least equal to required stable funding (RSF). ASF consists of various kinds of liabilities and capital with percentage weights attached given their perceived stability. RSF consists of assets and off-balance sheet items, also with percentage weights attached given the degree to which they are illiquid or "long-term" and therefore requires stable funding.

In addition to the above, following measures have been put in place to monitor the liquidity risk management position of the Bank on a continued manner: i) Asset-Liability Maturity Analysis (Liquidity profile); ii) Whole sale borrowing capacity; and iii) Maximum Cumulative Outflow (MCO). Besides, following tools are also used for measuring liquidity risk: i) Stress Testing (Liquidity Stress); and ii) Net open position (NOP) limit - to monitor the FX funding liquidity risk.

Liquidity risk management system

At IFIC Bank PLC, liquidity risk is primarily managed at the management level by the Treasury Division (Front Office) under the supervision of the Asset Liability Committee (ALCO), which is led by the Managing Director along with other senior executives. The Treasury Division (Front Office) reviews overall funding requirements daily and formulates strategies to ensure a stable and adequate liquidity position. This is done by

considering key factors such as the bank's approved creditdeposit ratio, liquid assets to total assets ratio, asset-liability maturity profile, profitability, and overall market conditions and sentiment

Additionally, the Basel Unit plays a crucial role in monitoring and measuring liquidity risk in accordance with Basel III liquidity measurement tools, including the Liquidity Coverage Ratio (LCR), Net Stable Funding Ratio (NSFR), and Leverage Ratio. The unit regularly assesses key issues and provides strategic recommendations to relevant divisions to ensure compliance with Basel III liquidity standards.

Policies and processes for mitigating liquidity risk

The Asset-Liability Management Guideline leads the process & procedures for mitigation of liquidity risk of IFIC Bank. The Assets-Liability Committee (ALCO) works under specific Terms of References approved by the Board. Treasury Division (Front Office) and ALM desk under regular supervision of Top Management reviews the overall liquidity position of IFIC Bank and takes appropriate strategy, process in line with the industry position for managing liquidity risk of the Bank. The general liquidity risk management policies of the bank are as follows:

- To maintain CRR
- Under the surplus liquidity condition, treasury will handle the excess liquidity by providing more loans, investing the excess liquid fund in highly marketable fixed income securities, and lending to other Banks, Financial Institutions and Reverse Repo to Central Bank
- The treasury will assess the level of interbank borrowing capacity and raise funds to meet liquidity from the most reliable sources.
- To maintain SLR: Statutory Liquidity Requirement (SLR) is maintained as per directives of Bangladesh Bank from time to time by way of investment in approved securities.
- To maintain NOP: The treasury manages the necessary foreign currency required by the Bank by using its own intelligence and skill and they do the following trade- Spot, Forward, Swap, Other Foreign Exchange Deals by using different hedging techniques.
- To maintain Advance-to-Deposit Ratio (ADR): The business of the Bank is forecasted based on the current loan, investment and funding strategies, and anticipated funding need
- To maintain LCR: Liquidity coverage is maintained by-
- Increasing investment in T-bills, BGTB, BB Bill, Reverse Repo
- Additional investment in Govt. Security shall be made in short/mid/long combination to meet liquidity as well as optimize the return.
- iii. Balance in FC Accounts with BB to be increased.
- Deposit from FIs and Borrowing are to be reduced and replaced by increasing Customer Deposit, and
- v. Lending/Placement with FI should be more preferable than lending to others.
- To maintain NSFR: Stable Funding is maintained by increasing Capital, increasing stable customer Deposits, increasing Mortgage Loan and Lending having 50% risk weight, decreasing Investment in Capital Market, and controlling growth of Fixed Assets.

J) Leverage Ratio

Qualitative Disclosures

(a) Views of BOD on system to reduce excessive leverage

An underlying cause of the global financial crisis was the build-up of excessive on- and off-balance sheet leverage in the banking system. In many cases, banks built up excessive leverage while apparently maintaining strong risk-based capital ratios. The BOD of IFIC Bank manages leverage risk and are conscious to address the risk of excessive leverage in a precautionary manner by taking due account of potential increases in the risk of excessive leverage caused by reductions of the bank's own funds through expected or realized losses, depending on the applicable accounting rules. The BOD primarily views on the growth of On and Off balance sheet exposures commensurate with its expected capital growth so that the excessive leverage is reduced. Within the On-balance components, again, the Board emphasizes on the growth of the prime component i.e. the loans and advances and maintaining good asset quality so as to maximize the revenue as well as the capacity to generate capital internally (in the form of retained earnings) to trade-off the excessive leverage supposed to be caused by asset growth.

Policies and processes for managing excessive on and off-balance sheet leverage

In order to avoid building-up excessive on- and off-balance sheet leverage in the banking system, a simple, transparent, non-risk based leverage ratio has been introduced by the Basel Committee. A minimum Tier 1 leverage ratio of 3% is being prescribed both at solo and consolidated level. The leverage ratio is calibrated to act as a credible supplementary measure to the risk based capital requirements. The leverage ratio is intended to achieve the following objectives- (a) constrain the build-up of leverage in the banking sector which can damage the broader financial system and the economy, and (b) reinforce the risk based requirements with an easy to understand and a non-risk based measure. Predominantly, Bank's policy is to maintain the Leverage Ratio well above the regulatory requirement. To this end, the striking components of balance sheet, namely, the deposits & borrowing, loans & advances, other liquid assets (treasury bills, bonds, fund placements) are analyzed. Measures are taken to contain the growth of overall size of balance sheet considering short term outlook of the industry indicators as well as possible growth of equity (Tier 1 capital) of the Bank on quarterly rest. With regard to managing the excessive leverage, the regulatory stance through the monetary policy initiatives i.e. the scope of expected business potential (growth), estimated money supply, inflation, resulting the estimated overall liquidity of the industry as well as the Bank in particular is also considered.

Approach for calculating exposure

The Bank follows the accounting measure of exposure for the leverage ratio. In order to measure the exposure consistent with financial accounts, the Bank applies following:

- On balance sheet, non-derivative exposures will be net of specific provisions and valuation adjustments.
- Physical or financial collateral, guarantee or credit risk mitigation purchased is not allowed to reduce on-balance sheet exposure
- Netting of loans and deposits is not allowed.

The formula for Leverage Ratio is as follows:

Leverage Ratio =

Tier-1 Capital (considering all regulatory adjustments)

Total Exposure

Where, Total Exposure = On-Balance Sheet Exposure + Off-Balance Sheet Exposure - Total Deduction from On and Off-Balance Sheet Exposure/Regulatory adjustments made to Tier 1 capital

- On-Balance Sheet Items: The Bank includes items using its accounting balance sheet for the purposes of the leverage ratio. Total On balance sheet exposure can be derived by deducting 'Total Specific Provision' from 'Total On-Balance Sheet Assets'.
- Off-Balance Sheet Items: The Bank calculates the offbalance sheet (OBS) items specified in Credit Risk chapter (Table 12) of 'Guidelines on Risk Based Capital Adequacy (RBCA) - Revised Regulatory Capital Framework for banks in line with Basel III' under the section of "Risk Weights Off-Balance Sheet Exposure" by applying a uniform 100% credit conversion factor (CCF). For any commitments that are unconditionally cancellable at any time by the bank without prior notice, a CCF of 10% is being applied.

Generally MANCOM members and Senior Management Team (SMT) members are considered as material risk takers.

(b) Information relating to the design and structure of remuneration processes.

An overview of the key features and objectives of remuneration policy.

The remuneration structure of the Bank is primarily designation wise range based which is designed to be market competitive to attract and retain talents. It is directly linked to the annual performance of an employee. Based on annual performance rating of the employees, yearly increment (Inflationary adjustment & Performance Pay) is given.

Whether the remuneration committee reviewed the firm's remuneration policy during the past year, and if so, an overview of any changes that were made.

There is no specific remuneration committee to review the policy. Since the remuneration structure is linked to performance, Management of the Bank decides every year whether to adjust the pay structure with national inflation and individual performance to make it more market competitive with the approval of the Board of Directors.

A discussion of how the bank ensures that risk and compliance employees are remunerated independently of the businesses they oversee.

Employees' remuneration is fully co-related with individual performance. At the beginning of the year, mutually agreed business targets/objectives are set for each employee irrespective of place of posting or cost center and end of the year employee performance is evaluated by immediate supervisor. The evaluation process is overviewed by "Performance Appraisal Review Committee". Hence, a fair performance evaluation is ensured and employees are remunerated independently of the businesses they oversee.

(c) Description of the ways in which current and future risks are taken into account in the remuneration processes.

An overview of the key risks that the bank takes into account when implementing remuneration measures.

The business risk, compliance & reputational risk are mostly considered when implementing the remuneration measures for each employee/group of employees. Financial and liquidity risks are also considered.

Report on Risk Management

Introduction

Banking is the management of risk. Banks accept risk to earn profits. They must balance alternative strategies in terms of their risk/return characteristics with the goal of maximizing shareholder wealth. In doing so, banks recognize that there are diverse types of risk and that the impact of a particular investment strategy on shareholders depends on the impact on the total risk of the organization.

Risk and risk management is an inescapable part of economic activity. Risk, broadly defined, is exposure to uncertainty. Risk is also the concept used to describe all the uncertain environmental variables that lead to variation in and unpredictability of outcomes. More colloquially, risk is about the chance of a loss or adverse outcome as a result of an action, inaction, or external event. This last view may make it sound as if risk is something to be avoided. But that is not at all the case. Risk is a key ingredient in the recipe for business success and return without risk is generally a false hope and usually a prescription for falling short of one's goals. Risks taken must be carefully chosen, understood and well-managed to have a chance at adding value through decisions. Risk exposure results from the decisions of an organization to take on risksensitive assets and liabilities.

Risk cannot be totally mitigated but its worse effect can be minimized to certain stage. IFIC Bank has a comprehensive risk management process to identify, evaluate, monitor, control and mitigate risks and assess the overall capital adequacy in relation to its risk profile.

Risk Management Structure

1. Risk Management Division

Over the past few decades, risk management division in banking has been passed through various stages. Most specifically, these changes took place in response to regulators both global and local due to the global financial crisis. This same is also true for the IFIC Risk Management Division. But as the nature of banking changes over the next decade, so too will risk management need to evolve. Banks must conduct their business and merely just because there is some uncertainty they cannot just sit back. Risk management Division of IFIC is in the process of knowing what type of uncertainties are out there so that IFIC can find out what steps are there to take against these and be fully prepared for eventualities. Decisions must be taken; business needs to be conducted as well. Thus, IFIC RMD helps to identify uncertainties so that informed decisions are made by the management.

Risk management refers to the practice of identifying potential risks in advance, analyzing them, and taking precautionary steps to reduce/curb the risk. Risk is an integral part of the Banking business and IFIC Bank's aim is to deliver and maximize shareholders' value by achieving an appropriate trade- off between risk and returns.

The RMD needs to manage and measure risks based on the bank's approved risk parameters independently in line with regulatory requirements. The role of RMD includes, but not limited to, the following:

Developing risk management policies, methodologies, guidelines, and procedures for risk identification, risk measurement, risk monitoring, determining acceptance level of risk, risk controlling in line with the guidelines provided by Bangladesh Bank;

- Review and update of all risks in a systematic manner as necessary at least annually, ensuring that adequate control exists and that the related returns reflect these risks and the capital allocated to support them;
- Conducting, developing and overseeing Stress Testing activity. Utilizing the Stress Test result and scenario analysis to better understand potential risk exposures under a variety of adverse circumstances;
- Supporting the Board, BRMC and ERMC in formulation, review and approval of the enterprise-wide risk governance framework which includes the bank's risk culture, risk appetite, risk limits, and MAT;
- Monitoring on ongoing basis the risk-taking activities and risk exposures in line with the board approved risk appetite, risk limit and corresponding capital or liquidity needs (i.e. capital planning);
- Reviewing the assessment of Risk Based Capital Adequacy and oversee the capital management functions of the Bank as per Basel III Accord;
- Analyzing the bank's own resilience capacity towards facing financial difficulties of the Bank;
- Communicate views of the board and senior management throughout the bank;
- Monitoring compliance of irregularities found in core risk inspection reports of BB;
- Taking appropriate steps to control or mitigate risk exposures and ensure reporting the same to senior management and BRMC.

2. Objectives of RMD

The objective of risk management in IFIC is not to prohibit or prevent risk taking activity, but to ensure that the risks are consciously taken with full knowledge, clear purpose and understanding so that it can be measured and managed properly. IFIC believes in not ignoring the risks or believing they can be passed off also. So, the objectives have been set accordingly.

The objective of the Bank is to maximize shareholders' wealth by increasing bank business activities within board determined risk appetite. Bank is careful of achieving this objective in line with the interests of all stakeholders while achieving risk management objectives. The prime objective of risk management is the trade-off between risk and reward in our business portfolio. The purpose of risk management is to identify potential problematic areas before they occur so that risk handling strategies may be planned and invoked in advance across the life of the product or project to mitigate adverse impacts on achieving objectives. The objectives of IFIC risk management are mentioned in the following figure:

Create Awarenes • Develop a common understanding of risk across the bank involving every employee at all levels for pro-actively addressing the risk.

Risk Ownership Establish specific ownership of risks and control to migate the risks.

Control Enforcement

 Ensure all the policies and guidelines for core risks are in practice. It will ensure control in place to mitigate these risks.

• Finally, RMD is focused in achieving risk mitigation strategy to achieve in line with bank's strategy and target.

Figure 1: IFIC Risk Management Objectives

RMD follows the detail risk management process to achieve the objectives.

3. Scope of RMD

Sound risk management is the broader scope of RMD. There are many circulars, policies, guidelines issued by regulators and internal source from time to time with a view to ensuring proper application of sound risk management in Bank. All these ensure building the necessary infrastructure and taking various steps for identification, measurement, monitoring, and control or mitigation of various existing and potential risks. For stronger and updated risk management activities, the following tasks are under the purview of IFIC RMD:

- The RMD reports high-risk related issues identified by the management-level risk committee, directly to the BRMC, and shall provide a copy to the Managing Director for acknowledgement.
- RMD requests ICC division to conduct audit on any specific issue if deemed necessary.
- IFIC entrusts in the RMD's responsibility of monitoring the implementation of required corrective action, related to objections revealed in the inspections conducted based on the core risk management guidelines.
- The RMD determines the Risk Appetites on yearly basis for all possible measurable risk areas. These areas include, but are not limited to, sector, industry and area- wise loan targets, credit concentration among top-20 borrowers, off-balance sheet exposure as a percentage of total assets, the annual growth rate for loans and advances, limitations on the percentage of financial liabilities sourced from the top-10 suppliers, the gaps between total assets and liabilities in different time buckets of the liquidity profile, the gap between rate-sensitive assets and rate-sensitive liabilities in different time buckets, various ratios, expected loss from operational risk, etc. These Risk Appetites are approved by the Board and sent to Department of Off-Site Supervision (DOS), Bangladesh Bank within first two months of every year.
- RMD conducts the Stress Testing and share with Bangladesh Bank at given frequency.
- Basel refers to the capital and liquidity standards prescribed by the Bank for International Settlements (BIS) to promote **stability of** international banking system. Bangladesh Bank (BB) circulated 'Guidelines on Risk Based Capital Adequacy' vide BRPD circular no. 18 dated 21 December 2014 for gradual implementation of Basel III which started from 01 January 2015 in Bangladesh. These new global regulatory and supervisory standards mainly addressed the following areas:
 - Raise the quality and level of capital to ensure banks are better able to absorb losses on both a

- going concern and a gone concern basis;
- Increase the risk coverage of the capital framework;
- Introduce leverage ratio to serve as a backstop to the risk-based capital measure;
- Raise the standards for the supervisory review process (Pillar 2); and
- ⊃ Public disclosures (Pillar 3) etc.

All Basel related activities are under the purview of RMD.

4. Risk Management Process

Risk management is the process by which an organization defines the level of risk to be taken, measures the level of risk being taken, and adjusts the latter toward the former, with the goal of maximizing the organization's value. Risk Management Process helps management to arrive at desired indicators of profitability and to avert illogical resource deployment. IFIC Bank's risk management process is based on a clear understanding of various risks, disciplined risk assessment and measurement procedures and continuous monitoring. The policies and procedures for risk management are approved by the Board of Directors and the Board of Directors has oversight on all the risks assumed by the bank.

The Risk Management Division is to identify and quantify the overall risk inherent with the banking business. After identifying and measuring risks we take initiatives to minimize the risks and keep it within the risk appetite. Risk management is a discipline at the core of every financial institution and encompasses all activities that affect its risk profile. It involves identification, measurement, and monitoring, controlling, and reporting risks to ensure that:

- The individuals who take or manage risks clearly understand it.
- The organization's risk exposure is within the limits established by the highest authority of the institution;
- Risk taking decisions are explicit and clear;
- Risk taking decisions are in line with the business strategy and objectives set by the highest authority of the institution:
- The expected payoffs compensate for the risks taken; and
- Sufficient capital is available as a buffer to take risks.

IFIC Bank is tailoring its Risk Management Process to its need and circumstances as per Bangladesh Bank guideline. Hence, managing of risks consists of the following steps:

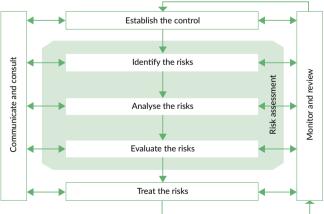

Figure 2: Risk Management Process

i) Communication and Consult

This is a preparatory step that aims to identify the responsible persons involved in risk assessment (including identification, analysis and evaluation) and also the persons engaged in the treatment, monitoring and review of risk.

In this step, IFIC management communicates the roles, responsibilities, accountabilities of the internal stakeholders. Formation of policies, review/revision, and dissemination of the policies is also part of this step.

ii) Establishment of the context

This is another preparatory stage that closes to starting the formal risk management process. Before risk can be clearly understood and dealt with, it is important to understand the context in which it exists.

The steps to assist establishing the context within which risk will be identified are:-

- Establish the internal context:
- Establish the external context
- Establish the risk management context

IFIC Bank has established the internal, external & risk management context to achieve organizational goals.

iii) Risk Identification

The next step is to identify possible risks that may affect, either negatively or positively, the objectives of the business and the activity under analysis. The purpose of this step is to identify what could go wrong (likelihood) and what is the consequence (loss or damage) of it occurring. IFIC RMD team uncover, recognize, and describe risks relating to bank's six core risks and few other categories risks by using different processes and it is a continuous process.

There are two main ways to identify banking risks:

- Identifying retrospective risks
- Identifying prospective risks

iv) Analysis of the risks

The risk analysis step assists in determining which risks have a greater consequence or impact than others. Thus, analyzing the likelihood and consequences of each identified risk and deciding which risk factors will potentially have the greatest effect and should, therefore, receive priority with regard to how they will be managed. The level of risk is analyzed by combining estimates of likelihood and consequences.

v) Evaluation of the risks

Risk evaluation involves comparing the level of risk found during the analysis process with previously established risk criteria, and deciding whether these risks require treatment. The result of a risk evaluation is a prioritized list of risks that require further action. This step is about deciding whether risks are acceptable or need treatment.

vi) Treatment of risks

Risk treatment is about considering options for treating risks. evaluating those options, preparing the risk treatment plans and implementing those plans to achieve the desired outcome. Options for risk treatment:

- Avoid the risk
- Change the likelihood of the occurrence
- Change the consequences
- Share the risk
- Retain/Accept the risk supported by the CRAR as per Basel III

vii) Monitoring and review of risks

Risks need to be monitored periodically to ensure changing circumstances do not alter the risk priorities. Very few risks will remain static, therefore the risk management process needs to be regularly repeated, so that new risks are captured in the process and effectively managed.

IFIC Bank reviews risk management plan at every business level on an annual basis

IFIC Bank also incorporates Risk management into the operational and management processes at every level of the organization and drives from the top down.

Risk Governance Structure

Governance is the top-level system of structures, rights, and obligations by which organizations are directed and controlled. Normally performed at the board level, governance is how goals are defined, authority is granted, and top-level decisions are made. The foundation for risk management in the organization is set at the board level as well.

1. Board

IFIC Board is in focus to enhance corporate governance and make valuable contributions to the prudent management of the institution. Board is providing optimal risk oversight at IFIC by ensuring the following functions:

- Establish the risk appetite, risk tolerance risk limit, and set risk strategies.
- Approve bank's risk management policies
- Determine the strategic direction
- Create an environment for effective risk management establishment
- Oversee governance of risk-taking in the organization
- Ensure appropriate inclusion of risk in compensation policy
- Oversee and sign-off risk related disclosure.

2. Senior Management

Senior management is responsible for the implementation of risk policies. They ensure execution of Board's strategic direction in all levels of the bank. They are to transform the strategic directions set by the Board into operational policies. procedures, and processes for effective risk management.

The senior management of IFIC is fully aware of the activities undertaken by the bank that could expose it to various risks. They have the necessary knowledge and skills to be able to align the risk levels with the board's strategies through risk assessment and treatment. They ensure that the policies are embedded in the culture of the bank. They are also responsible for implementing risk management strategies and policies and ensuring that procedures are put in place to manage and control the risks in accordance with those policies keeping in view the strategic direction and Risk Appetite specified by Board.

3. Committees of Risk Management

IFIC has the Chief Risk Officer (CRO) who is a DMD and not acting as Chief Operating Officer, Chief Financial Officer and Head of the Internal Control and Compliance department. The bank has constituted an Executive Risk Management Committee (ERMC) with the CRO as the Chairman.

All the committees, where RMD is involved, are mentioned below:

i) BRMC

As per Bangladesh Bank guideline, IFIC has a strong Board Risk Management Committee (BRMC). All the members have risk

oversight of the bank with a clear understanding of all types of risks inherent in business lines. They regularly take appropriate steps to ensure continued awareness of any changes in the level of risks. IFIC has four members in BRMC. All the directives given by Bangladesh Bank are meticulously followed by the Committee. BRMC regularly reviews the strategies and significant risk management policies which are developed by senior executives. The committee is very much aware of the nature of risks, significant to the bank and for ensuring that the management is taking necessary steps to implement those strategies and manage accompanying risks.

BRMC ensures to take place minimum once in a quarter. But also they sit, as and when required. In 2024, there took Five (5) BRMC meeting against the Bangladesh Bank meeting requirement of at least four (4) meeting in a year.

ii) ERMC

IFIC has its Executive Risk Management Committee (ERMC) with 13 senior officials of the Bank. IFIC's top management is aware of Bank's risk profile on an ongoing basis and updated with regularly report it to ERMC for review. For effective oversight of risk management by ERMC, the members of ERMC are provided with sufficient information and they get enabled to understand the bank's risk profile, how risks are assessed and as well.

To serve this purpose of ERMC, members oversee the development, implementation and maintenance of an appropriate Management Information System (MIS) that identifies, measures, monitors and controls Bank's various risks. And finally through effective communications among the members of the committee provide necessary guidance which are mentioned in respective minutes and ensured necessary action taken by the concerned parties. This committee sat every month during 2024 and ensured to follow all the guidelines of Bangladesh Bank.

iii) Basel Unit

Basel Unit has supervisory committee consists of six (6) members headed by CRO. They have also a working team consisting of three (3) members.

iv) Supervisory Review Process (SRP)

SRP has following three layers

- Strategic Layer: Board Risk Management Committee (04 Members) bears the responsibility.
- Managerial Layer: Eight (08) Members headed by Managing Director.
- Operational Layer: Risk Management Division is responsible.

Risks Handled by IFIC

1. Risk Categories:

IFIC handles its risk management activities through managing core risks identified by the central bank of Bangladesh. The bank is also focused on other material risks that have significant impact on its business activities to achieve the goal. Thus we divide all risks in two broad categories, which are core risks and other risks.

All the risks addressed by IFIC Risk Management Division are mentioned in the below diagram:

- Credit risk
- Asset-liability risk
- Foreign exchange risk
- Money laundering risk
- Information and communication technology risk; and
- Internal control and compliance risk

- Liquidity Risk
- Interest Rate Risk
- Equity Price Risk
- Environmental and Social Risk
- Reputational Risk
- Compliance Risk
- Country Risk

Figure3: Risk Categories

Bangladesh Bank has issued policy guidelines for prudent management of the core risks. Accordingly, IFIC has formulated these guidelines and also set own policies for the same in line with BB guideline. A snapshot of all these risks is given below.

A. Core Risks

i) Credit Risk

IFIC bank formulates its own credit risk management policy in line with the policy guidelines of Bangladesh Bank, implementation of Basel-III as well as in order to keep pace with the changed environment of money market, credit cultures, risks diversity & dimension. The bank optimizes risk-adjusted return from the loan and advance portfolio. So, to control this credit risk, the bank takes into cognizance the credit risk inherent in the bank's entire portfolio as well as the risks associated with individual credit proposal. The bank carefully appraises the relationship between credit risk and other risks while supporting its transactions. To manage credit risk in a prudent manner, the bank forms two committees mentioned below:

 The committee is empowered to oversee credit risk taking activities and overall credit risk management functions of the bank

 The role of credit committee is restricted to only review of proposals i.e. recommendation or review of bank's loan portfolio.

Figure 4: Credit Risk Governance Committee

IFIC bank has a Credit Risk Management division headed by an experienced DMD & CCO. The division includes Corporate, SME and Retail departments at head office level and marketing & sales department at branch level entrusted with the responsibilities of maintaining effective relations with customers, marketing credit products, exploring new business opportunities. For ensuring proper risk management, the Bank has following teams:

- Credit Approval;
- Credit Administration;
- Loan Performance Management
- Special Asset Management.

All these teams also ensure sound credit risk management practices by

- Establishing an appropriate credit risk environment;
- Operating under a sound credit granting process;
- Maintaining an appropriate credit administration and monitoring process;
- Ensuring adequate controls over credit risk.
- Monitoring non-performing loans and recovery against NPL & written off loans.

For effective credit risk management, the Bank follows the below principles additionally:

Portfolio Composition

IFIC Bank focuses on SME & Agricultural loan. However, the bank is also concurrently exploring opportunities to grow its Aamar Bari, corporate and retail loan segments. The Bank's portfolio comprises a variety of products based on the riskreturn trade-off. The diverse types of loans (sectorial loans, industrial loans, Aamar Bari loans, auto loans, loans for trade & commerce, construction loan, etc.) have uneven risk return factors and hence opportunities are pursued accordingly, also depending upon the prevailing market conditions and industry prospects.

Credit Concentration

Bank's management always pays attention to the following credit concentration risk areas:

- Sector wise exposure
- Division wise exposure (Geographic Concentration)
- Group wise exposure
- Single borrower wise exposure
- Top borrower wise exposure

The Board of Director of the bank sets risk appetite, risk tolerance and risk limits for sectors, divisions/areas, top borrowers etc. to achieve the goal of the bank.

Credit Quality

The bank has established credit approval system, disbursement process, maintaining a robust administration & monitoring process and ensuring simultaneous control. Marketing and sales team at branch level, credit team and business team at head office level identify these risks by engaging in physical visits across different disbursement phases. These checks also enforce corporate borrowers to improve their environmental and social performance while improving their credit record. Loan Performance Management Division is established to detain deteriorating loans from being newly classified and to maintain asset quality appropriately. Stressed loans are monitored by Loan Performance management division, credit administration and Special asset management (SAM) division. Furthermore, SAM division is continuously monitoring the classified & written off loans and recovery against those. Bank's robust capabilities enable to identify, measure, monitor and control credit risks, thereby enabling a rigorous control on NPLs as well as ensuring that adequate capital against these risks is maintained with satisfactory compensation against potential losses.

ii) Asset-Liability Risk

The assets and liabilities of IFIC Bank PLC are managed in order to maximize stake holder's value, to enhance profitability and increase capital, to serve customers and community needs, and to protect the bank from any disastrous financial consequences arising from changes in interest rate/liquidity. The Board of Directors believes that accepting some level of interest rate risk is necessary in order to achieve realistic profit goals.

IFIC bank has the asset liability management policy to monitor, measure and manage the risks associated with the balance sheet and protects the bank against any unforeseen losses/ threats to survival. The policy is revised to accommodate regulatory and organizational changes over time. The bank sets the following liquidity risk indicators that are used to monitor the status of its liquidity position and to achieve the goal:

- Advance to Deposit Ratio (ADR)
- Wholesale Borrowing Guidelines (WBG)
- **Undrawn Commitments**
- Maximum Cumulative Outflow (MCO)
- Liquidity Coverage Ratio (LCR)
- Net Stable Funding Ratio (NSFR)
- Structural Liquidity Gap analysis
- Liquid asset to short-term deposit
- Liquid asset to short-term liability
- Cash Reserve Requirement (CRR)
- Statutory Liquidity Requirement (SLR) etc.

The responsibility of managing the assets and liabilities is entrusted to the Asset-Liability Management Committee (ALCO). ALCO meeting is held once or more in every month to analyze, review and formulate strategies in order to manage the assets and liabilities of the bank.

iii) Foreign Exchange Risk Management

Treasury Division of the bank measures and monitors the foreign exchange risks. The bank has formulated a foreign exchange guideline which has been implemented for managing foreign exchange risks as per directives of Bangladesh Bank. The functions of treasury front office, mid office and back office have been segregated. The operational guidelines have also been formulated specifying the roles and responsibilities of front, mid and back office so that various foreign exchange transactions can be conducted according to the policy guidelines of the Bangladesh Bank and the risks can be measured, monitored and managed.

Treasury Front Office: IFIC's treasury front office acts as the bank's interface to international and domestic financial market. The front office is the unit that interacts with the market within the generally approved framework and the authority given to dealers by the Board of Directors of the bank.

Treasury Front office ensures the following activities to achieve the goal:

- Statutory management
- Optimization of risk return through specialization and management
- Funding of the balance sheet at optimum prices
- Proposing interest rate matrix to the ALCO
- Analyze various economic trends and propose
- Balance sheet strategy to the ALCO
- Quotation of various foreign exchange and interest rates to customers
- Dealing in foreign exchange for position covering as well as for own account trading
- Provide structured treasury solutions to customer
- Marketing activities for future business growth
- Record/maintain all foreign exchange and money

Treasury Back Office: The market risk exposure and particularly front office activities are monitored by the back office of the bank. The back office is responsible for monitoring of deal confirmation, deal settlement, funding to Nostro account, maintenance of Nostro account etc.

Treasury back office performs the following functions for smooth operation of foreign exchange and to achieve the organizational goal:

- Input, verification and settlement of deals
- Receiving and sending of deal confirmation Certificates
- Preparation of currency positions (of previous day-end) and report to traders prior to commencement of day's dealings
- Rate appropriateness function for all deals done
- Revaluation of all foreign exchange positions at a predetermined frequency
- Managing discrepancies and disputes
- Daily calculation for adherence to statutory maintenance

The bank has established a reconciliation department and it performs all foreign currency reconciliation in the Nostro and Vostro account.

Treasury Mid Office: IFIC bank has an independent Treasury Mid Office and the Mid Office is responsible to independently monitor, measure and analyze risks inherent in treasury operations of the bank. The mid office performs risk review function of day-to-day activities and prepare various risk reports to check whether there is any violation or not and submit the risk reports to the top management. If there is any violation of activities of TFO & TBO the mid office informs the concerned department to take necessary measures.

Treasury mid office ensures the following functions to manage foreign exchange risk in prudent manner and to achieve the organizational goal:

- Limits monitoring and managing limit
- Adherence to various internal as well as regulatory policies
- Monitoring & management of various foreign exchange and money market positions
- Monitoring & management of various cash flows and cash positions
- Proposals/ renewals for various internal limits
- Monitoring trader's adherence to various internal and regulatory limits
- Monitoring trader's adherence to various counterparty limits
- Monitoring and managing all balance sheet gaps
- Monitoring trade payments/FX deals through Payment Control System (PCS).

iv) Money Laundering Risk

IFIC's Board views money laundering prevention as part of its risk management strategy and not simply as a standalone requirement imposed by legislation. The bank is fully committed to condemn money laundering and terror financing.

The bank has formulated comprehensive policy on money laundering prevention and combating terrorist financing policies and all these policies are approved by the Board. The management of the bank always strives to enhance bank's policies, procedures, systems and technological resources on the guidance of the Board. The management also issues multiple circulars and instructions in compliance with the updated regulations. As part of bank's anti-money laundering policy, every year, IFIC Bank communicates a statement to all employees through the Managing Director that clearly sets

forth the way forward for the year and shares the initiatives taken over the last year pertaining to combating money laundering and terrorist financing.

IFIC bank has a Chief Anti-Money Laundering Compliance Officer (CAMLCO) and Deputy CAMLCO. Both of them together ensure that the bank is compliant with all AML guidelines. The Branch Anti Money Laundering Compliance Officer (BAMLCO) is accountable for AML compliance at the respective branch. During the year 2024, the bank arranged several training courses on prevention of money laundering and combating financing of terrorism where executives/ officers of the Bank attended.

v) Information and Communication Technology (ICT) Risk

In line with the key trends shaping technology today, the bank has rolled-out various initiatives leveraging mobility, digitalization and innovation in payments technology.

IFIC strictly adheres to the latest guidelines provided by Bangladesh Bank regarding ICT Security. The bank develops its ICT policies to handle the ICT risk properly. ICT policy provides a framework for best practices that are followed by all employees while also ensuring overall data and information assurance for the organization. It outlines the responsibilities and requirements of the bank and its employees with regards to its IT resources. The bank's information security team works prudently and manages ICT risks.

To strengthen ICT risk management activities, the bank formed an ICT security committee headed by DMD & CRO.

The role and responsibility of this ICT security committee are as follows:

- Ensure development and implementation of ICT security objectives, ICT security related policies and procedures.
- Providing ongoing management support to the Information security processes.
- Ensure continued compliance with the business objectives, regulatory and legal requirements related to ICT security.
- Support to formulate ICT risk management framework/ process and to establish acceptable ICT risk thresholds/ ICT risk appetite and assurance requirements.
- Periodic review and provide approval for modification in ICT security process.

There is also another committee named ICT Risk Management Committee comprising 7 members headed by DMD & CRO. The committee is formed to look after the overall ICT risk.

The Bank has scaled its technology infrastructure to create a contemporary, secure and robust infrastructure and taken several initiatives to protect its information assets from cyber threats. IFIC has established its Data Center (DC) and Disaster Recovery Site (DRS) keeping in mind future expandability to meet emerging needs and for high availability. During the setup of Data Center, environmental security has been provided highest priority. The Core Banking Software (CBS) has been upgraded to its latest release to enhance existing features and functionalities and ensure transaction security.

The Bank has reviewed its ICT infrastructure and taken pragmatic steps to procure state of the art IT Security solutions (Hardware and Software) for implementation of multi-layer security with multiple security solutions for Network, Mailing System, Web/ Internet, and the end users' devices. The Business Continuity Plan (BCP) and Disaster Recovery Plan have also been revised. The SWIFT payment channel has been reviewed and restructured through separating its network connectivity from Office LAN. Internet access of SWIFT user

PCs and file sharing with other PCs have also been blocked. Several trainings on ICT Security and risk management have been arranged throughout the year at the training institute of the bank and abroad as part of awareness buildup among the employees of the bank and to ensure proper ICT risk management. As the business processes and initiatives are now driven by IT, therefore, the bank continues IT up gradation to ensure sound and secure IT operation.

vi) Internal Control and Compliance (ICC)

IFIC bank has an internal control policy approved by the board. The bank's sound internal control function plays a key role in contributing to the effectiveness of the internal control system.

The primary objective of the internal control system of the bank is to perform in a sound and prudent manner. Through an effective internal control system, the bank identifies its operational weakness and responds appropriately to overcome the same. The main objectives of the internal controls are categorized as follows:

- **Operational Objectives:** It relates to the effectiveness and efficiency of the bank by using its assets and other resources for achievement of the bank's basic mission and
- Reporting objectives: It addresses the preparation of timely, accurately, and comprehensive reporting in both internal and external.
- **Compliance Objective:** It demonstrates that all banking activities are performed in compliance with applicable rules and regulations of regulatory bodies, own policy, plan and procedures.

The Internal Control & Compliance (ICC) Division is working independently to evaluate the Internal Control System of the bank to ensure good governance, transparency & accountability. The ICC division is conducting a comprehensive internal audit of the branches as well as different divisions/ departments of head office on an ongoing basis. The division reviews the activities of branch's Internal Control Unit (ICU) continuously through different control processes to minimize irregularities & lapses, to prevent fraud & forgery and to control existing & emerging risks. The significant deficiencies identified by the audit team are placed before the senior management as well as the Audit Committee of the Board. The Audit Committee of the Board regularly monitors the functions of ICC division with their necessary suggestions/ recommendations and also reports to the Board of Directors from time to time.

Risk Based Internal Audit (RBIA) is being carried out annually for risk profiling/risk categorization of the branches based on the level of its various risks. Strong monitoring & close supervision ensure functional efficiency of the branches & different divisions/departments of Head Office by maintaining control environment at operational level. Compliance culture is developed by strict adherence to statutory & regulatory requirement and also bank's own policy & procedures. By enforcing effective and sound internal control system, ICC is performing its activity for further improvement of its activities towards achieving the bank's goal.

B. Other Risks

I) Liquidity Risk

Bank Deposits generally have a much shorter contractual maturity than loans and liquidity management needs to provide a cushion to cover anticipated deposit withdrawals. Liquidity is the ability to efficiently accommodate deposit as also reduction in liabilities and to fund the loan growth and possible funding

of the off-balance sheet claims. The cash flows are placed in different time buckets based on future likely behavior of assets, liabilities and off-balance sheet items. The bank has ALM policy approved by board. The treasury, ALCO team and dedicated money market team of the bank manages liquidity of the bank properly to optimize return of the bank.

ii) Interest Rate Risk

FIC manages its rate sensitive assets and rate sensitive liabilities in proper way and always try to minimize gap of the rate sensitive assets and liabilities to manage interest rate risk. The bank's ALCO team continuously monitor market interest rate and manages interest rate risk by setting interest rate of both asset and liability products.

IFIC bank is following the below indicators of interest rate risk analysis & these are calculated on regular basis:

- Net Interest Income
- Net Interest Margin
- Interest Earning Asset to Total Assets
- Average Interest Rates of Loan
- Average Interest Rates of Deposit
- Value at Risk (Var)
- Sensitivity Analysis
- Maturity profile Analysis

iii) Equity Price Risk

Equity risk is termed as losses incurring from changes in the market price of equity held by a bank. To measure and identify the risk, mark-to-market valuations of the share investment portfolios are done. IFIC bank has equity exposures and the bank is proactively managing the equity exposures by analyzing of both quoted and unquoted shares. The bank always maintains the standard ratio of equity investment set by BB.

iv) Environmental and Social Risk

Environmental and climate change risk refers to the uncertainty of losses that may originate from any adverse environmental/ climate change events and/or non-compliance with prevailing environmental regulations. IFIC bank is always concentrated on environmental and social changes. Natural calamities tend to have a negative impact on the bank's business. IFIC bank deals with such challenges proactively. Moreover, additional capital is allocated as per the bank's ICCAP by considering the environmental and social risks.

v) Reputational Risk

Reputational risk is the possible loss of the organization's reputational capital resulting in decline of the organization's overall value and/or increased regulatory or other costs. It includes adverse events related to ethics, safety, security, sustainability, quality, and innovation. IFIC is focused here as well

vi) Compliance Risk:

The Bank is exposed to compliance risk given that it is governed by local regulations as well as creditor covenants. All the divisions/departments of IFIC are having significant awareness on this.

vii) Country Risk:

Country Risk is the risk of both on and off balance sheet exposures to loss caused by events in a foreign country. The concept is broader than Sovereign Risk, which is a sub-set of Country Risk, as all forms of lending or investment activity whether to/with individuals, corporates, banks or governments are covered. IFIC Bank has significant awareness on this.

Disclosure of Risk Reporting

1. Reporting Categories:

Risk reporting is a core element. The reports fully reflect the identified problem areas. Reports are analyzed with a view to improve existing risk management performance as well as developing new risk management policies, procedures and practices.

RMD of IFIC prepares different regulatory and internal reports.

Regulatory Reporting

- Monthly Risk Management Report (MRMR)
- Comprehensive Risk Management Report (CRMR)
- Basel reporting under Pillar 1, 2 & 3
- Stress Testing
- Risk Appetite Statement

Internal Reporting

- BRMC's directions to various divisions/departments
- Board's directions to various divisions/departments
- BB's directions to various divisions/departments

Figure 5: RMD's reporting

Monthly Risk Management Report (MRMR): The format of the report is given by Bangladesh Bank which summarizes the regular information relevant to RMD.

Comprehensive Risk Management Report (CRMR): This format is also given by Bangladesh Bank. It contains much detail data and its frequency is half-yearly.

Basel reporting under Pillar I, II, III

Pillar - 1: Minimum Capital Requirement (MCR)

The MCR is a Basel prescribed minimum capital assessment process against credit, market and operational risk of the bank. The underlying assessment is a mandatory requirement of the Central Bank and assessment are carried out on quarterly basis. Regarding MCR calculation, Risk Management Division of the bank performs necessary analysis to understand the trend of MCR of the bank, develop necessary model to predict the overall MCR of the bank, place necessary recommendation for improvement.

The snapshot on Basel report of last two quarters are presented below:

BDT in Million

Particulars	Q3 2024	Y 2024

Surplus/(Shortfall) in Amount	(1,823)	(13,761)

Table 1: Data on Basel Reporting

Pillar - 2: Supervisory Review Process (SRP)

The Supervisory Review Process of the risk-based capital adequacy framework is intended to ensure that banks have adequate capital (in addition to capital requirement under Pillar- 1) to support all the risks in the business and, concurrently to encourage banks to develop and utilize superior risk management techniques in monitoring and managing risk. Importantly the Supervisory Review Evaluation Process (SREP) of Bangladesh Bank ensures a constant dialogue between itself and the bank's SRP team followed by the disclosure of findings/evaluation of the bank's ICAAP. IFIC Bank has an own ICAAP Policy which was lastly approved by the Board of Directors of the Bank in the year 2023.

Pillar - 3: Market Discipline

The purpose of Market discipline in the Revised Capital adequacy Framework is to complement the minimum capital requirements and the supervisory review process. The aim of introducing Market discipline in the revised framework is to establish more transparent and more disciplined financial market so that stakeholders can assess the position of a bank regarding holding of assets and to identify the risks relating to the assets and capital adequacy to meet probable loss of assets. For the said purpose, IFIC Bank developed a set of disclosure containing the key pieces of information on the assets, risk exposures, risk assessment processes, and hence the capital adequacy to meet the risks.

Stress Testing

Bangladesh Bank provides the specific template for sensitivity analysis under stress testing. IFIC conducts stress testing that presents the effects of several assumptions applied to measure the capital base level in stressed scenarios.

IFIC bank conducts stress testing on quarterly basis as per prescribed format of BB with a view to determining sensitivity and stability of its capital base. This technique is designed to ensure that the bank has enough capital to meet unforeseen scenarios. The following situations are considered to assess the sensitivity of the bank's capital base with respect to each situation:

- Performing loan directly downgraded to BL: top sectoral concentration 1
- Performing loan directly downgraded to BL: top sectoral concentration 2
- Increase in NPLs due to default of top borrowers
- Negative shift in NPL categories
- Decrease in Forced Sale Value of eligible collateral
- Increase in NPLs
- Interest rate shocks
- FEX shocks; and
- Equity shocks

Stress testing is done assuming three different hypothetical scenarios comprising:

- a) Minor level shocks: The shock parameters are specific for each factor and those are set by the central bank.
- ii) Moderate level shocks: These visualize medium level shocks and the level is defined in each risk factor separately.
- iii) Major level shocks: These involve big shocks to all the risk factors and are also defined separately for each risk factor.

Risk Appetite Statement

This is Bangladesh Bank's format report. It defines the risk appetite, risk tolerance and risk limit that helps to set ultimately the risk strategies.

Internal Core Risk Questionnaire

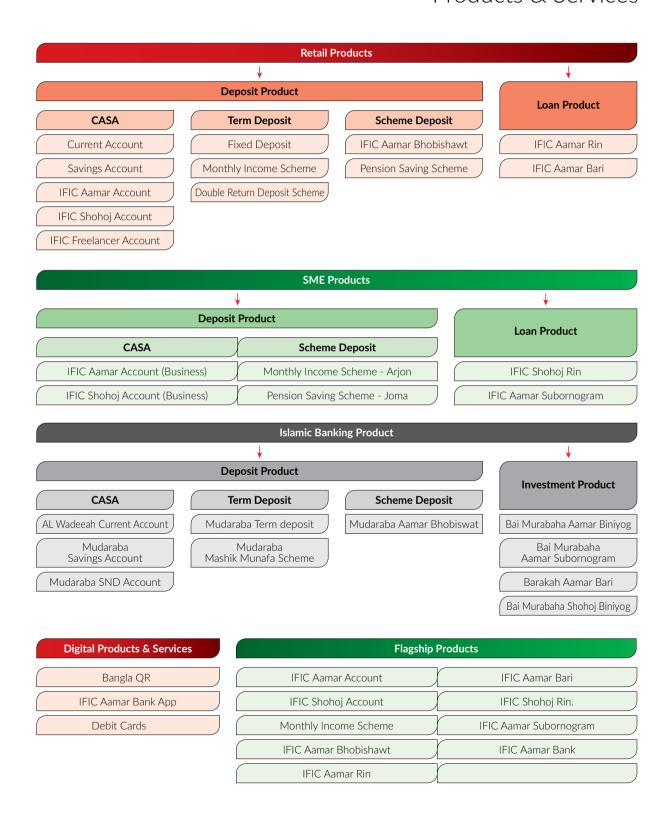

This is an internal reporting for managing the core risk of the bank and up gradation of the same.

Concluding Remarks

Risk management in banking has been transformed and shaped over the past decade. The main factor behind the change is in response to regulations that emerged from the global financial crisis. But as the nature of the banking changes over the next decade, so the risk management need will be evolved accordingly. The boundary of Risk Management Division is increasing and in line with that IFIC RMD is broadening its role as well. They are getting armed with the right tools and human resources to accelerate the risk discovery as well as risk management process to support the Board members to set the most appropriate risk appetite. This risk appetite will be in line with the bank's strategy. Thus, the ultimate goal, maximizing shareholders wealth will be rightly achieved by IFIC Bank PLC.

Independent Auditor's Report To the Shareholders of IFIC Bank PLC

Report on the Audit of the Consolidated and Separate Financial Statements

Opinion

We have audited the consolidated financial statements of IFIC Bank PLC and its subsidiaries (the "Group") as well as the separate financial statements of IFIC Bank PLC (the "Bank"), which comprise the consolidated and separate balance sheets as at 31 December 2024 and the consolidated and separate profit & loss accounts, consolidated and separate statements of changes in equity and consolidated and separate cash flow statements for the year then ended, and notes to the consolidated and separate financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying consolidated financial statements of the Group and separate financial statements of the Bank give a true and fair view of the consolidated financial position of the Group and the separate financial position of the Bank as at 31 December 2024, and of its consolidated and separate financial performance and its consolidated and separate cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as explained in note 2.1.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements section of our report. We are independent of the Group and the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), guidelines issued by Bangladesh Bank, and rules and regulations issued by Bangladesh Securities and Exchange Commission (BSEC), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye-Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to note 15.1.1 & 16.7 to the financial statements, which describes in details regarding the specific provision requirement and Capital to Risk Weighted Asset Ratio (CRAR) of the Bank respectively.

Our opinion is not modified in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated and separate financial statements of the current year. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter described below our description of how our audit addressed the matter is provided in that context.

Description of key audit matters

Our response to key audit matters

1. Measurement of provision for loans and advances

Refer to note no. 2.1, 2.2.1.3, 7, 15.1, 15.2 and 15.3 to the consolidated and separate financial statements

The process of estimating provision for loans and advances associated with credit risk is judgmental and complex. While estimating such provision certain judgmental factors need to be considered including:

- Future business performance of the borrower;
- Key assumptions relating to further business of the borrower;
- Performance of the borrower;
- Market value of collateral;
- Ability to repossess collateral; and
- Recovery rates.

Furthermore, these provisions are processed manually using the voluminous data extracted from the IT system of the Bank and following the instructions of Bangladesh Bank (the central bank of Bangladesh) issued from time to time. We tested the design and operating effectiveness of key controls focusing on the following:

- Credit monitoring and provisioning process.
- Identification of loss events including early warning indicator and default warning indicators; and
- Review of quarterly Classification of Loans (CL).

Our substantive procedures in relation to the provision for loans and advances portfolio comprised the following:

- Reviewed the adequacy of the provision requirements.
- Assessed the methodologies on which the provision amounts are based, recalculated the provisions, and tested the completeness and accuracy of the underlying information. and

Description of key audit matters Our response to key audit matters As of 31 December 2024, the Group and the Bank reported Finally, assessed the appropriateness and presentation total provision for loans and advances of BDT 15,798 of disclosures against relevant accounting standards and Million and BDT 15,527 Million respectively (2023: BDT Bangladesh Bank guidelines.

2. Recognition of interest income from loans and advances

14,622 Million and BDT 14,351 Million respectively).

Refer to note no. 2.1 and 25 to the consolidated and separate financial statements

Recognition of interest income has a significant and wide influence on financial statements.

Recognition and measurement of interest income is involved in a complex IT environment.

We have identified recognition of interest income from loans and advances as a key audit matter because this is one of the key performance indicators of the Bank and therefore there is an inherent risk of fraud and error in recognition of interest by management to meet specific targets or expectations.

At the year end of the Group and the Bank reported gross interest income from loans and advances of BDT 39,940 Million and BDT 40,145 Million respectively (2023: BDT 32,854 Million and BDT 32,956 Million respectively).

We tested the design and operating effectiveness of key controls over recognition and measurement of interest income from loans and advances.

We have performed test of operating effectiveness on automated control in place to measure and recognize interest

We have also performed substantive procedure to check whether interest income is recognized completely and

We have assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

3. Loans and advances

Refer to note no. 2.1, 2.2.1.3, & 7 to the consolidated and separate financial statements

Loans and advances are the main element of financial statements of the Bank. The interest income of the Bank is mainly dependent on the portfolio of loans and advances. Management performance is highly dependent on the target achievement of loans and advances. Loans and advances disbursement requires robust documentation followed by approval from an appropriate level of authority.

We have identified loans and advances as key audit matters because there is an inherent risk of fraud and misstatement in disbursement of loans and advances by management to meet specific targets or expectations.

At the year end, Group and the Bank reported gross loans and advances of BDT 448,882 Million and BDT 447,266 Million respectively (2023: BDT 414,983 Million and BDT 413,406 Million respectively).

We tested the design and operating effectiveness of key controls focusing on credit appraisal, loans and advances disbursement procedures and monitoring process of loans and

We have performed procedure to check whether the Bank has ensured appropriate documentation as per Bangladesh Bank regulations and the Bank's policy before disbursement of loans and advances. In addition, we have performed procedure to check whether the loans and advances are recorded completely and accurately and that are existed at the reporting

Furthermore, we have assessed the appropriateness of disclosures against Bangladesh Bank guidelines.

4. Impairment assessment of unquoted shares

Refer to note no. 6.2 to the consolidated and separate financial statements

In the absence of quoted price in an active market, the fair value of unquoted shares and securities, especially any impairment is calculated using valuation techniques which may take into consideration direct or indirect unobservable market data and hence requires an elevated level of judgement and

Due to high level of judgment and assumption involved in evaluating the impairment assessment of unquoted shares, we considered this to be a key audit matter.

We assessed the process and controls put in place by the Bank to ensure all major investment decisions are undertaken through a proper due diligence process.

We have tested a sample of investment valuation as at 31 December 2024 and compared our results to the recorded value.

Finally, we have assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

Description of key audit matters

Our response to key audit matters

5. Valuation of treasury bills and treasury bonds

Refer to note no. 6.1 to the consolidated and separate financial statements

The classification and measurement of treasury bills (T-Bills) and treasury bonds (T-Bonds) require judgment and complex estimates

In the absence of a quoted price in an active market, the fair value of T-Bills and T-Bonds is determined using complex valuation techniques which may take into consideration direct or indirect unobservable market data and complex pricing models which require an elevated level of judgment.

At the year end of the Group and the Bank reported T-Bills and T-Bonds of BDT 33,255 Million and BDT 33,255 Million respectively (2023: BDT 44,357 Million and BDT 44,357 Million respectively).

We assessed the processes and controls put in place by the Bank to identify and confirm the existence of treasury bills and treasury bonds

We have obtained an understanding, evaluated the design and tested the operating effectiveness of the key controls over the treasury bills and treasury bonds valuation processes, including controls over market data inputs into valuation models, model governance, and valuation adjustments.

We have tested a sample of the valuation models and the inputs used in those models, using a variety of techniques, including comparing inputs to available market data.

Finally, we have assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

6. Legal and regulatory matters

We focused on this area because the Bank and its subsidiaries (the "Group") operate in a legal and regulatory environment that is exposed to significant litigation and similar risks arising from disputes and regulatory proceedings. Such matters are subject to many uncertainties and the outcome may be difficult to predict.

These uncertainties inherently affect the amount and timing of potential outflows with respect to the provisions which have been established and other contingent liabilities.

Overall, the legal provision represents the Group's best estimation for existing legal matters that have a probable and estimable impact on the Group's financial position.

We obtained an understanding, evaluated the design and tested the operational effectiveness of the Group and Bank's key controls over the legal provision and contingency processes.

We asked those charged with governance to obtain their views on the status of all significant litigation and regulatory matters.

We enquired of the Group and the Bank's internal legal counsel for all significant litigation and regulatory matters and inspected internal notes and reports. We also received formal confirmations from external counsel.

We assessed the methodologies on which the provision amounts are based, recalculated the provisions, and tested the completeness and accuracy of the underlying information.

We also assessed the Group and the Bank's provisions and contingent liabilities disclosure.

7. IT systems and controls

Our audit procedures have focused on IT systems and controls due to the pervasive nature and complexity of the IT environment, the large volume of transactions processed in numerous locations daily and the reliance on automated and IT dependent manual controls.

Our areas of audit focus included master data management, user access management and developer access to the production environment and changes to the IT environment. Among others, these are key to ensuring operating effectiveness of IT dependent application-based controls.

We tested the design and operating effectiveness of the Group and the Bank's IT access controls over the information systems that are critical to financial reporting. We tested IT general controls (logical access, changes management and aspects of IT operational controls). This included testing that requests for access to systems were appropriately reviewed and authorized.

We tested the Group and the Bank's periodic review of access rights. We also inspected requests of changes to systems for appropriate approval and authorization. We considered the control environment relating to various interfaces, configuration and other application layer controls identified as

Where deficiencies were identified, we tested compensating controls or performed alternate procedures. In addition, we understood, where relevant, changes were made to the IT landscape during the audit period and tested those changes that had a significant impact on financial reporting.

Other Matter

The consolidated financial statements of the Group and also separate financial statements of the Bank as at and for the year ended 31 December 2023 were audited by M/S. M. J. Abedin & Co., Chartered Accountants who expressed an unmodified opinion on these financial statements on 29 April 2024.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the consolidated and separate financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated and separate financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and those Charged with Governance for the Consolidated and Separate Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of the consolidated financial statements of the Group and also separate financial statements of the Bank which give true and fair view in accordance with IFRSs as explained in note 2.1, and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error. The Bank Companies Act, 1991 (as amended up to date) and the Bangladesh Bank regulations require the Management to ensure effective internal audit, internal control and risk management functions of the Group and the Bank. The management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and
 appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher
 than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the
 override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the
 Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and
 performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In accordance with the Companies Act 1994, the Securities and Exchange Rules 2020, the Bank Companies Act 1991 (as amended up to date) and the rules and regulations issued by Bangladesh Bank, we also report that:

- (i) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- (ii) to the extent noted during the course of our audit work performed on the basis stated under the Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements section in forming the above opinion on the consolidated financial statements of the Group and the separate financial statements of the Bank and considering the reports of the Management to Bangladesh Bank on anti-fraud internal controls and instances of fraud and forgeries as stated under the Management's Responsibility for the financial statements and internal control:
 - (a) internal audit, internal control and risk management arrangements of the Group and the Bank as disclosed in the financial statements appeared to be materially adequate:
 - (b) nothing has come to our attention regarding material instances of forgery or irregularity or administrative error and exception or anything detrimental committed by employees of the Group and the Bank;
- (iii) Consolidated financial statements of the Bank included 03 (three) subsidiaries, namely IFIC Securities Limited, IFIC Investment Limited and IFIC Money Transfer [UK] Limited, which reflects total assets of BDT 4,826 Million, BDT 691 Million and BDT 114 Million respectively as at 31 December 2024 and total revenue of BDT 443 Million, BDT 48 Million and BDT 67 Million respectively for the year ended 31 December 2024. The financial statements of IFIC Money Transfer [UK] Limited have been audited by another component auditor who expressed unmodified audit opinion. The results of the subsidiaries have been properly reflected in the Group's consolidated financial statements;
- (iv) in our opinion, proper books of account as required by law have been kept by the Group and the Bank so far as it appeared from our examination of those books:
- (v) the records and statements submitted by the branches have been properly maintained and consolidated in the financial statements:
- (vi) the consolidated balance sheet and consolidated profit & loss account together with the annexed notes dealt with by the report are in agreement with the books of account and returns;
- (vii) the expenditures incurred were for the purpose of the Group's and the Bank's business for the year;
- (viii) the consolidated financial statements of the Group and the separate financial statements of the Bank have been drawn up in conformity with prevailing rules, regulations and accounting standards as well as related guidance issued by Bangladesh Bank;
- (ix) provisions have been made for loans and advances, which are in our opinion, doubtful of recovery as explained in note 15.1.1 which have been addressed in Emphasis of Matter paragraph of our report;
- (x) adequate provisions have been made for off-balance sheet items, investments and other assets which are in our opinion, doubtful of recovery;
- (xi) the information and explanations required by us have been received and found satisfactory;
- (xii) we have reviewed over 80% of the risk-weighted assets of the Bank and spent over 5,443 person hours; and
- (xiii) Capital to Risk-weighted Asset Ratio (CRAR) as required by Bangladesh Bank has been maintained as explained in note 16.7, which has been addressed in Emphasis of Matter paragraph of our report.

2. Basis of Preparation and Significant Accounting Policies

2.1 Basis of preparation

2.1.1 Statement of compliance

The Financial Reporting Act 2015 (FRA) was enacted in 2015. Under the FRA, the Financial Reporting Council (FRC) is formed in 2017 and has since then adopted the International Accounting Standards (IASs) International Financial Reporting Standards (IFRSs) as the applicable Financial Reporting Standards with effect from 2 November 2020

Accordingly, the Financial Statements of the Bank have been prepared in accordance with International Financial Reporting Standards (IFRSs), International Accounting Standards (IASs) and the requirements of the Banking Companies Act 1991 (as amended up to date), the rules and regulations issued by Bangladesh Bank, the Companies Act 1994, the Securities and Exchange Rules 2020 and other applicable laws and regulations.

In case any requirement of the Banking Companies Act 1991 and provisions and circulars issued by Bangladesh Bank differ with those of IFRSs and IASs, the requirement of the Banking Companies Act 1991 and provisions and circulars issued by Bangladesh Bank shall prevail.

Material departures from the requirements of IFRS in preparing these financial statements are as follows:

i. Investment in shares and securities

IAS/IFRS: As per requirements of IFRS 9: *Financial Instruments*, classification, and measurement of investment in shares and securities will depend on the entity's business model and its contractual cash flow characteristics. Based on these factors it would generally fall either under "at fair value through profit and loss account" or under "at fair value through other comprehensive income" where any change in the fair value (as measured in accordance with IFRS 13: *Fair Value Measurement*) at the period-end is taken to profit and loss account or other comprehensive income, respectively.

Bangladesh Bank: As per Banking Regulation & Policy Department (BRPD) circular no. 14 dated 25 June 2003 and DOS Circular no. 01 dated 24 May 2023, investments in quoted shares and unquoted shares are revalued on the basis of period end market price and Net Assets Value (NAV) of last audited balance sheet, respectively. Provision should be made for any loss arising from diminution in value of investment on portfolio basis.

ii. Revaluation gains/losses on Government securities

IAS/IFRS: As per requirement of IFRS 9: *Financial Instruments*, where securities will fall under the category of 'fair value through profit or loss account', any change in the fair value of assets is recognized through the profit and loss account. Securities designated as amortized cost are measured at effective interest rate method and interest income is recognized through the profit and loss account.

Bangladesh Bank: Held for Trading (HFT) securities are revalued based on mark to market and at year end any gains on revaluation of securities which have not matured as at the balance sheet date to be recognized as other reserves in equity. Any losses on revaluation of securities which have not matured as at the balance sheet date are charged in the profit and loss account. Interest on HFT securities including amortization of discount is recognized in the profit and loss account. Held to Maturity (HTM) securities which have not matured as at the balance sheet date are amortized at year end and gains or losses on amortization are recognized in other reserve as part of equity.

iii. Repo and reverse repo transactions

IAS/IFRS: As per IFRS 9: Financial Instruments, when an entity sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo), the arrangement is treated as a loan and the underlying asset continues to be recognized at amortized cost in the entity's financial statements. The difference between selling price and repurchase price will be treated as interest expense. The same rule applies to the opposite side of the transaction (reverse repo).

Bangladesh Bank: As per Bangladesh Bank guideline, when a bank sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo or stock lending), the arrangement is accounted for as a normal sales transaction and the financial asset is derecognized in the seller's book and recognized in the buyer's book. In addition to that, non-primary dealer banks are eligible to participate in the Assured Liquidity Support (ALS), whereby such banks may carry out collateralized repo arrangements with Bangladesh Bank. Here the selling bank accounts for the arrangement as a loan, thereby continuing to recognize the asset.

iv. Provision on loans and advances

IAS/IFRS: As per IFRS 9: Financial Instruments, an entity shall recognize an impairment allowance on loans and advances based on expected credit losses. At each reporting date, an entity shall measure the impairment allowance for loans and advances at an amount equal to the lifetime expected credit losses if the credit risk on these loans and advances has increased significantly since initial recognition whether assessed on an individual or collective basis considering all reasonable information, including that which is forward-looking. For those loans and advances for which the credit risk has not increased significantly since initial recognition, at each reporting date, an entity shall measure the impairment allowance at an amount equal to 12 month expected credit losses that may result from default events on such loans and advances that are possible within 12 months after reporting date.

Bangladesh Bank: As per different circulars of Bangladesh Bank, General Provision ranging from 0.25% to 5% on different categories of unclassified/standard loans. Also provision of Sub-Standard Loans, Doubtful Loans and Bad & Loss Loans has to be provided at 20%, 50% and 100% respectively depending on the duration of past due Loans and Advances. Also a General Provision ranging 0.5% to 1% to be provided for certain Off-Balance Sheet exposure. Such policies are not specifically in line with those prescribed by IFRS 9.

v. Recognition of interest in suspense

IAS/IFRS: Loans and advances to customers are generally classified at amortized cost as per IFRS 9 and interest income is recognized by using the effective interest rate method to the gross carrying amount over the term of the loan. Once a loan subsequently become credit-impaired, the entity shall apply the effective interest rate to the amortized cost of these loans and advances.

Bangladesh Bank: As per BRPD circular no. 14 dated 23 September 2012, once a loan is classified, interest on such loans is not allowed to be recognized as income, rather the corresponding amount transferred/credited to an interest in suspense account and shown as liability in the balance sheet

vi. Other comprehensive income

IAS/IFRS: As per IAS 1: Presentation of Financial Statements, Other Comprehensive Income (OCI) is a component of financial statements or the elements of OCI are to be included in a single Other Comprehensive Income

Bangladesh Bank: Bangladesh Bank has issued templates for financial statements which will strictly be followed by all banks. The template of financial statements issued by Bangladesh Bank neither include OCI nor are the elements of OCI allowed to be included in a single OCI Statement. As such the Bank does not prepare the OCI statement. However, elements of OCI, if any, are shown in the statements of changes in equity.

vii. Financial instruments - presentation and disclosure

In several cases Bangladesh Bank guidelines categories, recognize, measure and presentation of financial instruments different from as prescribed by IFRS 9. As such full disclosure and presentation requirements cannot be made in the financial statements as per IFRS 7: Financial Instruments Disclosures and IAS 32: Financial Instruments: Presentation.

viii. Financial guarantees

IAS/IFRS: As per IFRS 9: Financial Instruments, financial guarantees are contracts that requires an entity to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the term of debt instruments. Financial guarantee liabilities are recognized initially at their fair value and amortized over the life of the financial guarantee. The financial guarantee liability is subsequently carried at the higher of this amortized amount and loss allowance determined expected credit loss under IFRS 9. Financial guarantees are prescribed to be included in other liabilities.

Bangladesh Bank: As per BRPD circular no. 14 dated 25 June 2003, financial guarantees such as Letter of Credit, Letter of Guarantee should be treated as Off-balance items. No liability is recognized for the guarantee except the cash margin.

Cash and cash equivalent

IAS/IFRS: Cash and cash equivalents items should be reported as cash item as per IAS 7: Statement of Cash Flows.

Bangladesh Bank: Some cash and cash equivalent items such as 'money at call and on short notice', treasury bills, Bangladesh Bank bills and prize bond are not shown as cash and cash equivalents. Money at call and on short notice presented on the face of the balance sheet. Treasury bills, Bangladesh Bank bills and prize bonds are shown under investments in the balance sheet. 2.1.2 Going concern

The accompanying financial statements have been prepared on a going concern assumption that the Bank will continue in operation over the foreseeable future. The Bank has neither any intention nor any legal or regulatory compulsion to liquidate or curtail materially the scale of any of its operations. Though the Bank witnessed deterioration in its asset quality, CRAR and profitability this year, however, in terms of the liquidity, Bank is well above the level of different parameters like LCR, NSFR, CRR & SLR. The Rating outlook is assigned by the rating agency Emerging Credit Rating Limited (ECRL) is 'stable'. Besides, the management is not aware of any material uncertainty that may cast significant doubt upon the Bank's ability to continue as a going concern.

2.1.3 Functional and presentation currency

The financial statements are presented in Bangladeshi Taka (BDT/Tk.) which is the Group's and the Bank's functional currency. Functional currency of Off-shore Banking Unit and one of subsidiaries namely IFIC Money Transfer (UK) Limited is US Dollar (USD) and Great Britain Pound (GBP) respectively. Functional currency for one associate – Oman Exchange LLC is Omani Rial. Financial information presented in BDT has been rounded off to the nearest integer, except otherwise indicated. The financial statements and information of the subsidiaries and joint venture/associates whose functional currency is different than that of IFIC Bank PLC has been translated in the presentation currency i.e. BDT as per IAS 21: The Effects of Changes in Foreign Exchange Rates, where applicable.

2.1.4 Materiality and aggregation

Each material item considered as significant and has been presented separately in the financial statements. No assets have been set off against any liability unless the Bank has a legal right to set off such amount and intends to settle on net basis. Income and expenses are presented on a net basis only when permitted by the relevant financial reporting standards or as directed by Bangladesh Bank.

2.1.5 Comparative information

Accounting policies have been consistently applied by the bank and are consistent with those used in the previous year Comparative amounts in the financial statements have been reclassified and rearranged to conform to the current year's presentation. The Bank did not restate its comparative figures which affect the related implications of IAS 1: *Presentation of Financial Statements*.

2.1.6 Reconciliation of inter-bank and inter-branch account

Books of Accounts regarding inter-bank (in Bangladesh and outside Bangladesh) are reconciled on regular basis and there are no material differences which may affect the financial statements significantly.

The Bank doesn't have any un-reconciled entries related to inter-branch transactions as on the reporting date.

2.1.7 Foreign currency transactions

Foreign currency transactions are translated into the Bank's functional currency at the exchange rates prevailing on the respective date of such transactions as per IAS 21: The Effect of Changes in Foreign Exchange Rates. Monetary assets and liabilities in foreign currencies are converted into Taka at spot exchange rate at the reporting date and differences are generally recognized in the profit and loss account.

Foreign operations

The results of financial statements of the Bank whose functional currency is not Bangladeshi Taka are translated into Bangladeshi taka as follows:

- Assets and liabilities for each statement of balance sheet have been translated at the closing rate on the date of balance sheet
- b. Income and expenses for the profit and Loss account have been translated at monthly average rate.

2.1.8 Reporting period

These consolidated financial statements cover the period from 1 January to 31 December 2024. The reporting period of the subsidiaries namely IFIC Securities Limited, IFIC Investments Limited and IFIC Money Transfer (UK) Limited and one of the associates Oman Exchange LLC is in line with that of the parent i.e. IFIC Bank PLC.

2.1.9 Date of authorization

The Board of Directors has authorized these financial statements for public issue on 29 May 2025.

2.1.10 Use of estimates and judgments

In the preparation of the financial statements of the Bank in conformity with IFRSs requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the measurement of assets, liabilities, income and expenses. Accordingly, actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

Key estimates are as follows:

- Provision for loans, advances, and investments
- Revaluation of land & buildings
- Deferred tax assets/liabilities
- Useful life of depreciable assets
- Measurement of defined benefit obligation (Provision for gratuity)
- Provision / accruals for expenses
- Provision for current taxation
- Lease Liabilities and Right of Use Assets

Changes in accounting estimates

Changes are reflected in the assumptions when they occur in accordance with IAS 8: Accounting Policies, Changes in Accounting Estimates and Errors. During the year, the bank has not adopted any change of accounting estimates.

2.1.11 Basis of consolidation

The consolidated financial statements include the financial statements of IFIC Bank PLC and its subsidiaries, IFIC Securities Limited and IFIC Investment Limited, operating in Bangladesh and IFIC Money Transfer (UK) Limited operating in United Kingdom as those of a single economic entity. The separate financial statements are derived by combining the financial statements of main operation of IFIC Bank PLC as Domestic Banking Unit and the financial statements of Off-shore Banking Unit (OBU) in equivalent BDT denomination as per BRPD circular no 2 dated 25 February 2019.

The consolidated and separate financial statements have been prepared in accordance with IFRS 10: Consolidated Financial Statements and IAS 27: Separate Financial Statements respectively. The consolidated financial statements are prepared to a common year ended 31 December 2024. Both consolidated financial statements and separate financial statements of the Bank comprises Balance Sheet, Profit & Loss Statement, Cash Flow Statement, Statement of Changes in Equity and relevant notes and disclosures.

Subsidiaries

Subsidiaries are all entities over which the bank has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights. A parent of a subsidiary should present consolidated financial statements according to IAS 27: Separate financial statements and IFRS 10: Consolidated Financial Statements. The financial statements of subsidiary are included in the consolidated financial statements from the date that control effectively commences until the date that the control effectively ceases

The financial statements of such subsidiary companies are incorporated on a line-by-line basis and investment held by the bank is eliminated against the corresponding share capital of subsidiaries in the consolidated financial statements.

An associate is an enterprise in which the investor has significant influence, and which is neither subsidiary nor a joint venture of the investor (IAS 28: Investments in Associates). Significant influence is the power to participate in the financial and operating policy decisions of the investee but there is no control over those policies. Investment in associate is accounted for in the financial statements under the "equity method" as per the direction of Bangladesh Bank. Under the equity method, the investment is initially recorded at cost and the carrying amount is increased or decreased to recognize the investor's share of the profits and losses of the investee after the date of acquisition. The investor's share of the investee's profit or loss is recognized in the investor's profit and loss account. Distributions received from an investee reduce the carrying amount of the investment.

Transactions eliminated on consolidation

All intra-group transactions, balances and any unrealized and unrealized income and expenses arising from intra-group transactions are eliminated in preparing consolidated financial

2.1.12 Basis for preparation of liquidity statement

The liquidity statement has been prepared in accordance with the remaining maturity grouping of the value of the assets and liabilities as on the reporting date under the guidelines of Bangladesh Bank BRPD circular No. 14 dated 25 June 2003. The bank used the following basis for preparation of liquidity statement:

Particulars	Basis
Balance with other Banks and financial institutions	Maturity term
Money at call and on short notice	Maturity term
Investments	Respective residual maturity
Loans and advances	Repayment schedule
Fixed assets	Useful lives
Other assets	Realization / amortization
Sub-ordinated debt	Maturity / repayment terms
Borrowing from other Banks, financial institutions	Maturity / repayment terms
Deposits and other accounts	Maturity term and past trend of withdrawal
Provisions and other liabilities	Settlement/Payment/ adjustments schedule

2.1.13 Basis of provision, contingent liabilities, contingent

The Bank recognizes provisions only when it has a present obligation as a result of a past event and it is probable that

an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

No provision is recognized for -

- Any possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Bank: or
- Any present obligation that arises from past events but is not recognized because-
 - It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - A reliable estimate of the amount of obligation cannot be made.

Such obligations are recorded as contingent liabilities. These are assessed continually and only that part of the obligation for which an outflow of resources embodying economic benefits is probable, is provided for except in the extremely rare circumstances where no reliable estimate can be made. Contingent assets are not recognized in the financial statement since this may result in the recognition of income that may never be realized."

2.2 Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements and have been applied consistently by group entities except otherwise instructed by Bangladesh Bank as the prime regulator or local laws where the entities are operated.

2.2.1 Assets and basis of their valuation

2.2.1.1 Cash and cash equivalents

Cash and cash equivalents include notes and coins in hand, cash at bank, unrestricted balances held with Bangladesh Bank and its agent bank, balance with other banks and financial institutions, money at call and on short notice and such other highly liquid financial assets which are subject to insignificant risk of changes in their value and are used by the Bank management for its short-term commitments.

2.2.1.2 Investment

All investments (except government treasury bill and bond) have been initially recognized at cost, including acquisition charges associated with the investment. Premiums have been amortized and discount accredited by using the effective or historical yield method. Government Treasury Bills and Bonds (categorized as HFT and/or HTM) are accounted for as per Bangladesh Bank DOS circular letter no. 5 dated 26 May 2008 and DOS circular no. 5 dated 28 January 2009. Details of the valuation methods of investment are given below:

Govt. securities - Held to Maturity (HTM)

Investments which are intended to be held to maturity are classified as "Held to Maturity". These are measured at amortized cost at each period end by taking into account any discount or premium in acquisition. Amortized amount of such premium is booked into Profit and Loss Account or discount is booked to reserve until maturity/disposal.

Govt. securities - Held for Trading (HFT)

Investment held in this category are acquired principally for the purpose of selling and purchasing in short trading. After initial recognition, investments are revalued weekly on mark to market basis. Decrease in the book value is recognized in the profit and loss account and any increase is transferred to revaluation reserve account.

iii. Investment in quoted shares/securities

These shares/securities are bought and held primarily for the purpose of selling in future or for dividend income. Investment in quoted shares/securities are revalued at the end of the reporting period and necessary provisions are maintained for diminution in value of investments in quoted shares/securities in line with Bangladesh Bank requirement. Realized gain or losses are recognized in the profit and loss account.

iv. Investment in unquoted shares/securities

Investment in unquoted shares/securities are initially recognized at cost and revalued based on book value of last audited balance sheet. Provision arising from diminution in value of investment recognized in profit and loss accounts as per Bangladesh Bank guidelines.

v. Investment in subsidiary

Investment in subsidiary is accounted for under the cost method of accounting in the separate financial statements and presented in the Bank's consolidated financial statements as that of a single economic entity in accordance with IERS 10: Consolidated Financial Statements

vi. Investment in associates

Investment in associates is accounted for using the equity method (equity accounted investees) in the consolidated financial statements as per IAS 28: Investment in Associates. Under this method, the investment is initially recorded at cost and the increase and decreases on the carrying amount is recognized in investor's share of profit & losses of the investee after the date of acquisition. The consolidated financial statements include the IFIC's share of the profit and loss of equity accounted investees, after adjustments to align the accounting policies with those of the IFIC Bank PLC, from the date that significant influence commences until the date that significant influence ceases.

vi. Investment as Held for Sale

Investment that meets the criteria to be classified as held for sale to be measured at the lower of carrying amount and fair value less cost to sell. For this to be the case, the investment must be available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such assets and the sale must be highly probable.

2.2.1.3 Loans and advances

- i. Loans and advances are non-derivatives financial assets with fixed or determinable payments that are not quoted in an active market and that the Bank does not sell in the normal course of business. It has been stated at gross value as pre requirements of the Banking Companies Act, 1991.
- ii. Interest on unclassified loans and advances (except those of rescheduled and stay order accounts) is recognized as income on accrual basis, interest on classified loans and advances (including rescheduled and stay order accounts) is credited to interest suspense account. However actual recovery of interest on rescheduled, stay order accounts and classified loan credited to income account as per instruction of BRPD circular no. 14 dated 23 September 2012 and BRPD Circular No. 16 dated 18 July 2022.
- iii. The Bank are providing concessional interest rare to its' good borrowers.
- iv. Loans and advances are written off from the books of accounts in line with the BRPD circular no. 01 dated 06 February 2019 issued by Bangladesh Bank. These write off will not undermine/affect the claim amount against the borrower.

2.2.1.4 Fixed assets and depreciation

Acquisition through outright purchase and Lease

i. Fixed assets are stated at cost/revalued amount less accumulated depreciation for those acquired through outright purchase except Land. Land is initially measured at cost and then recognized at revalued amount. The bank has charged depreciation using straight line method considering the following useful life:

Particulars	Useful Life (Years)
Building	40
Wooden Furniture	10
Steel Furniture	15
Office Equipment	5
Computer	5
Electrical & Gas Equipment	8
Leasehold improvement	10
Vehicles	5
Soft furnishing	3

- ii. Land/Building is initially recognized at cost and subsequently carried at revalued amount following revaluation model as per IAS 16: Property, plant and equipment. The Bank regularly reviews if the fair value of Land/Building is materially different from its carrying amount or book value and if it is observed that there is material differences between carrying amount and fair value then complete revaluation by professional valuer is carried out and any changes in fair value over cost is adjusted in revaluation reserve account in equity.
- iii. Depreciation on fixed assets except Land is charged from when the assets become ready to be used and no depreciation is charged in the month of asset is disposed.
- iv. Depreciation is comprised of both from fixed assets and leased assets as per IFRS 16: Leases (note 2.2.1.7). As per the new standard, previously recognized rental expenses would be replaced with depreciation expenses.
- v. Assets that take some time to get it ready for use such as construction or improvement of building or implementation of new system etc. are initially kept as capital work in progress and once ready/available for use then it is transferred to respective category of fixed assets and calculation of depreciation starts accordingly.

2.2.1.5 Intangible assets

Intangible assets are identifiable non-monetary assets without physical substance. It comprises the value of computer application software licensed for the Bank, other than software applied to the operating systems of computers. An intangible asset is recognized if it is probable that future economic benefits that are attributable to the asset will flow to the Bank over a period of time and the cost of the asset can be measured reliably as per IAS 38: Intangible Assets. Intangible assets acquired separately are recorded on initial recognition at costs and are carried at cost less accumulated amortization and accumulated impairment losses if any.

Subsequent expenditure on intangible assets

Subsequent expenditure on intangible assets is capitalized only when it increases the future economic benefits embodied in the specific assets to which it relates. All other expenditures are charged as an expense to the profit and loss account as and when they are incurred

Amortization of intangible assets

Intangible assets are amortized on straight line method to the profit and loss account from the year when the asset is available for use. Intangible assets, i.e. acquisition cost of the computer application software is amortized over its useful life which is usually 10 years or among the period of license of the concerned software.

2.2.1.6 Impairment of assets

An asset is impaired when its carrying amount exceeds its recoverable amount as per IAS 36: Impairment of Assets. The Bank assesses at the end of each reporting period whether there is any indication that an asset may be impaired. The impairment test is also made whenever events or changes in circumstances indicate that the carrying value of the asset may not be recovered. If any such indication exists, the Bank makes an estimate of the recoverable amount of such assets. Upon estimation, if the recoverable amount is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount and resultant impairment losses are recognized in the profit and loss account.

However, the Bank has no such condition which makes any indication that might be suggestive for a heightened risk of existence of impairment at the reporting date.

IFRS 16: Leases has come into force on 1 January 2019, as adopted by the Institute of Chartered Accountants of Bangladesh (ICAB). As Bangladesh Bank (BB) has no other alternative regulation or guidance regarding the same, IFIC Bank applied IFRS 16 in its financial statements where the Bank measured the lease liability at the present value of the remaining lease payments, discounted it using the bank's incremental borrowing rate at the date of initial application, and recognized a right-of-use asset at the date of initial application on a lease-by-lease basis.

Right-of-use assets (ROU)

The Bank recognizes right-of-use assets at the date of initial application of IFRS 16. The ROU asset is initially measured at cost at the amount of the lease liability plus any initial direct costs incurred by the lessee and depreciated using the straightline methods from the commencement date (from the beginning of 2019) to the earlier of the end of the useful life of the right of use asset or the end of the lease term.

Lease Liability

At the commencement date of lease, the bank recognizes lease liabilities measured at the present value of the lease payments to be made over the lease term using incremental borrowing rate at the date of initial application. Lease liability is measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments.

Short-term lease and leases of low value assets

The Bank has elected not to recognize ROU assets and lease liabilities for leases of low value assets and short-term leases for which the lease term ends within 12 months of the date of initial application. The Bank has considered all the leases of Uposhakha [sub-branch] as low value assets for consideration. The Bank recognizes lease payments associated with these leases as an expense.

The impact of the new standard on lessees' financial statements are:

- An increase in recognized assets and liabilities;
- More lease expenses recognized in early periods of lease, and less in the later periods of a lease;

 A shift in lease expense classification from rental expenses to interest expense and depreciation

2.2.1.8 Other liabilities

Other liabilities comprise items such as provision for loans and advances, investment, other assets, provision for taxes, interest payable, interest suspense, lease liability and accrued expenses. Other liability is recognized in the balance sheet according to the guideline of Bangladesh Bank, IAS and IFRS, Income Tax Act 2023 and internal policies of the bank. Provisions and accrued expenses are recognized in the financial statements when the bank has a legal or constructive obligation as a result of past event, it is probable that an outflow of economic benefit will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provision for loans and advances

The rates of provision by classification of loans and advances are disclosed in note number 15.1.1 and 15.2.1 of the financial statements. Summary of the same as follows:

Тур	Types of loans and		Pı	rovisior	1

Provision for taxation

Income tax on profit for the year comprises current and deferred tax and is based on the applicable tax law in Bangladesh. It is recognized in the Profit and Loss Account.

Current tax

Current tax is the tax expected to be paid on the taxable profit for the year, calculated using tax rates as prescribed in the Income Tax Act 2023 and relevant Statutory Regulatory Orders (SRO) and any adjustment (excess or deficit) in respect of previous years. Currently the income tax rate applicable for banks is 37.50%. The estimation of current tax provision involves making judgments regarding admissibility of certain expenses as well as estimating the amount of other expenses for tax purposes.

Deferred tax

The Bank accounted for deferred tax assets or liabilities based on deductible or taxable temporary differences between the carrying amount of its assets and liabilities used for the financial reporting and its tax base as per IAS 12: Income Taxes, Income Tax Act 2023 and BRPD circular no. 11 dated 12 December 2011 issued by the Bangladesh Bank. Deferred tax assets, including specific provision against the classified loans and advances, the tax effects of income tax losses and credits available to be carried forward, are recognized only to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences or unused tax

losses and credits can be utilized.

Deferred tax liability arises from non-depreciable assets i.e. land measured using the revaluation model as per IAS 16, the measurement of deferred tax liability reflects the tax consequences of recovering the carrying amount through sale

Deferred tax assets and liabilities are reviewed at each reporting date and are measure at the prevailing tax rate as per tax laws that are expected to be applied when assets are realized, and liabilities are settled. Any unrecognized deferred tax assets and liabilities are reassessed if that has become probable that future taxable profit or loss will be available on which it could be used or settled.

As there is no significance difference between Solo and consolidated basis deferred tax, the Bank does not disclose consolidated deferred tax separately.

iii. Provision for diminution in value of investment

Provision for diminution of value of quoted shares and mutual funds (closed-end), placed under other liability, has been made on portfolio basis (gain net off) following DOS circular no. 4 dated 24 November 2011 and DOS circular letter no. 01 dated 24 May 2023 respectively. In case of unquoted shares, provision has been made based on available latest Net Asset Value (NAV) of respective number of units.

Provision against investment in associate/joint venture have been calculated and maintained if cost is higher than lower of NAV or market value as the case may be in line with the instructions of Bangladesh Bank.

iv. Provision for nostro accounts

Provision has been made against unsettled nostro transactions as per circular letter number FEPD (FEMO)/01/2005-677 dated 13 September 2005 issued by Foreign Exchange Policy Department of Bangladesh Bank. In line with this circular management of the Bank review the outstanding entries of nostro accounts on quarterly basis and certified by the Bank's external auditors on a semi-annual basis. As on the reporting date, the Bank has no unsettled transactions outstanding for more than 3 months, and no provision has been made in this regard.

v. Provision for Off-balance sheet items

In line with the BRPD Circular number 14, 01, 07, 13 and 06 dated 23 September 2012, 03 January 2018, 21 June 2018, 18 October 2018 and 25 April 2023 respectively, general provision at the rate 0.5% to 5% has been made against off balance sheet exposures (mainly contingent assets/liabilities).

vi. Provision for Other assets:

Provision for other assets is maintained in line with the BRPD circular No. 4 dated 12 April 2022. Full provision is maintained on other assets which are outstanding for one year or more or classified as Bad/Loss.

vii. Start-Up Fund:

In line with Bangladesh Bank's SME & SP Circular No. 04 dated 29 March 2021, and Circular Letter no. 5 dated 26 April 2021, the Bank is required to transfer 1% of its Net Profit After Tax (PAT) to Start-up fund for 5 years. Accordingly, IFIC Started to develop Start-Up fund in year 2021.

2.2.1.9 Employee benefits

i. Short-term employee benefits

Short-term employee benefits are employee benefits

which fall due wholly within 12 months after the end of the year in which the employees render the related service including salaries, bonuses, and other allowances. Payments are charged as an expense in the profit and loss account as they fall due. Payments due are accrued as a liability in "Provisions for liabilities and charges" on an undiscounted basis.

ii. Post-employment benefits

Post-employment benefits are employee benefits, which are payable after the completion of employment as per the respective plan:

Provident fund (Defined Contributory Plan)

"Defined Contribution Plan" is a post-employment benefit plan under which an entity pays fixed contribution into a separate entity and will have no legal constructive obligation to pay further amounts. Provident fund benefits are given to the staff of the bank in accordance with the registered Provident fund rules. The commissioner of Income Tax. Dhaka has approved the Provident Fund as a recognized fund within the meaning of section 2(52) read with the provisions of part - B of the First Schedule of Income Tax Ordinance 1984. The recognition took effect from 20 May 1987. The fund is operated by a Board of Trustees consisting of 05 (five) members of the bank. All confirmed employees of the bank are contributing 10% of their basic salary as subscription of the fund. The bank also contributes equal amount of the employees' contribution to the fund. Upon completion of 5 years of service length after confirmation employees are entitled to 100% of employer's contribution along with his/her own contribution. Interest earned from the investments is credited to the members' account on half yearly basis.

Gratuity Fund (Defined Benefit Plan)

IFIC Bank Employees Gratuity Fund is a funded gratuity scheme recognized by the National Board of Revenue with effect from 08 October 2007. Gratuity benefits are given to the eligible employees of the Bank in accordance with the approved IFIC Gratuity Rules (amended w.e.f. 01 January 2022). The fund is managed by the Trustee Board. Employees are eligible to gratuity benefit after completion of a minimum of 5(five) years of service in the Bank. As per the rules eligible employees are provided with gratuity benefit based on the last basic earned immediately preceding the date of his/her ceasing to be in the service of the Bank, multiplied by applicable rate that varies as per the service length.

The Bank contributes to gratuity fund monthly basis based on the actuarial valuation of the fund. Net obligation in respect of gratuity is calculated by estimation the amount of future benefit. The last actuarial valuation was carried out on 31 December 2024 by Z. Halim & Associates. As per recommendation of actuarial valuation report, the Bank is contributing 8.0% of basic salary to the gratuity fund on a monthly basis.

Worker's Profit Participation Fund (WPPF)

Consistent with the industry practice and in accordance with the Banking Companies Act 1991, no provision has been made for WPPF.

iii. Other Employee Benefits

Life Insurance

The objective of the scheme is to provide death or permanent disability benefits to its confirmed employees and their families based on the designation as defined in Insurance Coverage Scheme of the Bank.

Hospitalization Insurance

The Bank has introduced a health insurance scheme to its confirmed employees and their spouse with 2 (two) children at rates provided in the Insurance Coverage Scheme of the Bank.

Mandatory Annual leave / Leave Fare Assistance

The provision for leave fare assistance represents the current outstanding liability to employees at the balance sheet date. Leave Fare Assistance (LFA) is a non-recurring benefit for all permanent employees of the Bank who are entitled to annual leave. According to Bangladesh Bank policy all permanent employees must avail 15 consecutive days of mandatory leave and LFA will be given in this for the leave year

Subsidized loan scheme

IFIC has scheme to provide Salary Overdraft and Staff House Building Loan to its eligible staff as per policy of the Bank.

2.2.2 Income

Revenue recognition

Interest income

In terms of the provision of the IFRS-15 interest income is recognized on an accrual's basis, interest on loans and advances ceases to be taken into income when such advances are classified, kept in interest suspense account under liabilities. Interest on classified advances is accounted for to income account on realization basis as per Bangladesh Bank guidelines.

Investment income

Income on investments is recognized on accrual basis. Investment income includes income on treasury bills, treasury bond and term placement with other banks and financial institutions. Capital gain/loss on investment is recognized at the time of realization.

The gain or loss arising on disposal is recognized as other income in the year in which the significant risks and rewards of ownership and transferred to buyer.

2.2.3 Expenses

2.2.3.1 Interest paid on deposits and borrowings

Interest expenses are recognized on an accrual basis and payments are made based on nature of product and agreed terms.

2.2.3.2 Management and other expenses

General and administrative expenses of the Bank are recognized on an accrual basis

2.2.4 Shareholders' equity

2.2.4.1 Share capital

Authorized capital

Authorized capital is the maximum amount of share capital that the bank is authorized by its Memorandum and Articles of Association

Paid up share capital

Paid up share capital represents total amount of shareholder capital that has been paid in full by the ordinary shareholders. Holders of the ordinary shares are entitled to receive dividends as declared from time to time and are entitled to vote at shareholders' meetings. In the event of a winding-up of the company, ordinary shareholders rank after all other shareholders and creditors and are fully entitled to any residual proceeds of liquidation.

2.2.4.2 Statutory reserve

As per section 24 (1) of the Banking Companies Act, 1991 as amended, the Bank is required to transfer at least 20% of its current year profit before tax to the statutory reserve until such a reserve equals to Paid up capital.

2.2.4.3 Fixed assets revaluation reserve

When an asset's carrying amount is increased because of a revaluation, the increase amount is directly credited to equity under the head of revaluation reserve as per IAS 16: Property, Plant and Equipment. The Bank revalued the land which is absolutely owned by the Bank and the increased amount was transferred to revaluation reserve.

2.2.4.4 Non-controlling interest

Non-controlling interests are measured at their proportionate share of the acquires identifiable net assets at the date of acquisition as per IFRS 3: Business Combinations. The bank presents the non-controlling interests in the consolidated balance sheet within equity, separately from the parent owner's equity as per IFRS 10: Consolidated Financial Statements. Changes in Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transaction as per IFRS 10. The Bank attributes the profit and loss to the owners of the parent and to the non-controlling interests even if the results in the non-controlling interest having a deficit balance as per provision of IFRS 10. When the proportion of the equity held by the non-controlling interests changes, the bank adjusted the carrying amounts of the controlling and non-controlling interests to reflect the changes in their relative interests in the subsidiary and recognized directly in equity for any difference between the amount by which the non-controlling interest are adjusted and the fair value of the consideration paid or received, and attribute it to the owners of the parent by as per provision of IFRS 10.

2.2.5 General

2.2.5.1 Earnings per share (EPS)

Earnings Per Share (EPS) has been computed as per IAS 33: Earnings Per Share by dividing the basic earnings by the weighted average number of ordinary Shares outstanding during the reporting period.

Basic earnings per share

This represents earnings for the period attributable to ordinary shareholders. As there were no preference shares, the net profit after tax for the period was considered as fully attributable to the ordinary shareholders. This has been calculated by dividing the net profit after tax attributable to

the ordinary shareholders by the weighted average number of ordinary shares outstanding during the period.

ii. Weighted average number of outstanding ordinary shares

This represents the number of ordinary shares outstanding at the beginning of the year plus the number of ordinary shares issued during the period multiplied by a time-weight factor. The time-weighted factor is the numbers of days the specific shares were outstanding as a proportion of the total number of days in the year.

The basis of computation of the number of shares is in line with the provisions of IAS 33: *Earnings per share*. The logic behind this basis is, that the bonus shares are issued to the existing shareholders without any consideration, and therefore, the number of shares outstanding is increased without an increase in resources generating new earnings. In contrast, other shares were issued against consideration in cash or in kind, and accordingly there is an increase in resources generating new earnings.

iii. Diluted earnings per share

No diluted earnings per share is required to be calculated for the period as there was no dilutive potential ordinary share during the period.

2.2.5.2 Related party transactions

As per IAS 24: Related Party Disclosures, parties are related if one of the parties has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered to be related if they are subject to common control or common significant influence. The Bank carried out transactions in the ordinary course of business on an arm's length basis at commercial rates with related parties. Related party transaction is a transfer of resources, services, or obligations between related parties, regardless of whether a price is charged as per IAS 24: Related Party Disclosures, Bangladesh Bank and BSEC guidelines. The related party transactions of bank are disclosed in **Annexure-F**.

2.2.5.3 Operating segments

The Bank has identified the reportable segments based on the geographical locations which are the consolidated major strategic business units/entities. The strategic business units offer different products and services, which are managed separately based on the management and internal reporting structure of the group. Details of the segment of the Bank have been disclosed in **Annexure-H**.

1.1.5.4 Events after the reporting period

All material events occurring after the reporting period has been considered and where necessary, adjusted for or adequately disclosed in the financial statements as per IAS 10: Events after the Reporting Period.

1.1.6 Risk management

Risk is the exposure to uncertainty and risk exposure is the extent to which an entity is sensitive to underlying risks. As risk is an inherent part of the business activities, risk management is essential for ensuring sustainability of the business. Types of risk may vary from business to business, however, preparing a comprehensive risk management plan involves a collaborative process. Bangladesh Bank issued revised risk management guideline in October 2018, which forms the basis of risk management. Risk management among banks broadly covers core risk areas of banking, i.e. credit risk, asset liability management risk, foreign exchange risk, money laundering risk, ICC risk and ICT risk etc. Bangladesh Bank also prescribed that there should be a separate desk for each of these risk types under the risk management division.

In line with the regulatory requirement, IFIC has a board approved the 'Risk Management Policy' for managing Core risks and other material risks inherent with the banking business. IFIC Bank manages risk in Strategic layer, Managerial layer and Operational layer as a part of sound risk management. The Bank has a Risk Management Committee on behalf of the Board of Directors as Strategic Layer to oversee the overall risk of the Bank the Managerial layer is headed by Deputy Managing Director & Chief Risk Officer (CRO) and an Operational layer represented by Risk Management Division. The risk management systems are in place within the Bank which are discussed as follows:

i. Credit risk

Credit risk is one of the major risks out of the six core risks of the Bank. Credit risk is the risk of loss that may occur from the default of any bank borrower or counterparty to repay in accordance with agreed terms and conditions and/or deterioration of creditworthiness. IFIC has a board approved 'Credit Risk Management Policy' and the CRM works within the scope this defined regulations. The Board of Directors is the apex body for credit approval of the Bank. However, they delegate authority to the Managing Director & CEO or other officers of the Credit Risk Management (CRM) Division. The Board also sets credit policies to the management for setting procedures, which together has structured the CRM framework in the bank.

CRM policy also contains how to manage credit risk in the origination process, how to organize, role of board, senior management and CRM Committee, credit risk mitigation strategies. MIS for credit risk, managing problem assets including role of Special Asset Management Division and maintenance of adequate provisioning etc. This policy ensures sound practices of effective functioning of the Bank's lending process and develop strategies for appropriate management, measurement and monitoring its lending portfolio. Regular monitoring of the ability of borrowers to meet their principal and interest repayment obligations is conducted. Credit risk is monitored by reference to risk grading and managed by limiting the aggregate exposure to any individual counter party, group of companies or industry as per lending cap of the bank and single borrower exposure limit defined by Bangladesh Bank. The Bank has defined segregation of duties for all credit risk related activities like credit approval, administration, monitoring and recovery functions.

ii. Asset liability management risk

Asset Liability Management (ALM) of the Bank manages Balance Sheet Risk, including managing the liquidity and interest rate risk. To address all the risk elements of the Balance Sheet, Assets Liabilities Committee (ALCO) Meetings are conducted at least on a monthly basis. ALM desk of the Bank analyses the Balance Sheet Risk and prepares the monthly ALCO Papers as per the guidelines of Bangladesh Bank. A monthly projection of fund flows is reviewed in ALCO meetings regularly. On a monthly basis, ALCO monitors liquidity management by examining key ratios, maximum cumulative outflow, upcoming funding requirements from all business units, asset-liability mismatch etc. The maturity gap of the assets-liabilities and interest rate movement are also monitored by the ALCO including the optimum liquidity position of the Bank in line with regulatory requirement. All the activities are regulated by a board approved Asset Liability Management Guideline that is well integrated with the bank's risk management process.

iii. Foreign exchange risk

Foreign Exchange Risk arises from adverse movement in

currency exchange rates engaging in activities starting from basic currency buy, sell, imports, exports and remittances to complex structured products. The foreign exchange risks are measured and monitored by the Treasury Division of the bank. As per directives of Bangladesh Bank, the Bank has formulated and adopted the treasury policy for managing the foreign exchange risks. Functions of the treasury front, mid and back office have been designated and properly segregated. In addition to the policy guidelines treasury operational guidelines have also been formulated for defining the roles and responsibilities of front, back and mid office so that various foreign exchange transactions can be performed in line with the Bangladesh Bank regulations and Bank's internal policies and procedures to measure, monitor and mitigate the foreign exchange risks. Treasury continuously monitors price movements of foreign exchange and uses various hedging techniques to manage its open position in such a way that minimizes risk and maximizes return.

iv. Money laundering risk

In recognition of the fact that financial institutions are particularly vulnerable to Money Laundering, IFIC has established "Guidelines on Prevention of Money Laundering and Combating Financing of Terrorism" as per directives of Bangladesh Bank for strict compliance. The purpose of this policies is to provide guideline to comply with all applicable local laws and regulations regarding prevention of Money Laundering and combating Terrorist Financing, both at country and international level, to safeguard the Bank from potential compliances, financial and reputational risks. Suspicious Activity Report (SAR), Suspicious Transaction Report (STR), Cash Transaction Report (CTR), Know Your Customer (KYC) Procedure, e-KYC, Structuring Monitoring Report, periodic review of high and low risk customers, Customer Due Diligence (CDD), Enhanced Due Diligence (EDD), duties and responsibilities of Officials etc. have been implemented, reviewed and monitored by the competent authority as procedure of this policy.

Training is also given as a continuous process for creating/ developing awareness among officers on AML/CFT laws, rules, regulations, guidelines, policies and circulars. Inspections at Branches for checking records/activities and for creating awareness on AML & CFT are also conducted.

The CEO's formal annual commitment to all employees on combating Money Laundering (ML) and Financing of Terrorism (FT) is issued to emphasize greater due diligence and compliance at all levels of the Bank.

v. Internal control and compliance risk

The Internal Control & Compliance (ICC) Division of the Bank is working independently to evaluate the Internal Control System of the Bank so as to ensure good governance, transparency & accountability. The ICC Division conducts comprehensive internal audit of the branches as well as different divisions/departments of Head Office ongoing basis. In line with the Bangladesh Bank guidelines the Bank has successfully implemented the effective internal control system guidelines, formulation of policy guideline, set up of separate organizational structure, segregation of duties and introduction of internal control process, such as Departmental Control Function Checklist (DCFCL), Quarterly Operation Report (QOR) etc.

Being an integral part of the daily activities of the Bank, the Internal Control & Compliance Division consists of three units namely, Compliance, Monitoring and Audit & Inspection. These units look after internal control and operational process very minutely to ensure the smooth operation of the Bank. Compliance section is functioning to ensure compliance with statutory/regulatory requirements and also Bank's internal policies & procedures for developing compliance culture within the Bank. The Monitoring unit is responsible for the operational performance of branches and head office to minimize and mitigate the risk factors associated with the banking business. As an internal watchdog, the Audit and Inspection unit is conducting Risk Based Audit & Inspection to identify, measure, control and mitigate risk factors at the branches and division of the Bank.

Internal Control Unit (ICU) has also been set-up at the branches with the existing manpower to minimize irregularities and lapses to prevent fraud, forgeries and to avoid operational risks of the Bank. 'Risk based Internal Audit Policy' and 'Branch Audit Rating System' are in place to upgrade the operational efficiency of the branches.

vi. Information and communication technology (ICT) risk

IFIC Bank has been pursuing a strategy of "Long Term Sustainable Growth with Low Risk, Low Cost, Best in Class Service Delivery & Diversified Portfolio". Therefore, the bank has underlined concentration on creating a technological backbone that can enable IFIC to become the preferred financial service provider. To mitigate the technological risk, the bank has taken the following steps:

- Conducted Cyber Security Assessment to outline the risky areas with PwC- an international reputing consulting firm.
 The bank has prepared the way out to mitigate the risk areas as per their guideline.
- For ensuring cyber security, the bank is continuously conducting training on sensitive IT tasks for IT division and awareness program for creating Cyber Security Awareness for all employees.
- The bank is taking data backup on a daily basis; one copy is being stored in a fire-proof Vault and another copy is being kept at a remote site to withstand any disaster in Data Centre.
- The Upgraded Disaster Recovery (DR) Site ensures any payment-related service to the customers in case of any emergency or any disaster at Data Centre. Business continuity Plan has also been developed.
- As per the Bangladesh Bank guideline, the bank has concentrated on ICT security management. In this regard the ICT Steering Committee and ICT Security Committee have been formed and are working to ensure the overall ICT Security.
- The bank has upgraded and introduced network equipment including Next-Generation Core Firewall, Internet Firewall, Web Application Firewall (WAF), Software Defined Network (SDN) and Network Access Control (NAC) for enhancing security in the Data Center and Disaster recovery site.
- The SWIFT environment of the bank is upgraded and segmented from the other enterprise network. The World class Trade processing system is integrated with the payment system to mitigate the risk of financial fraud.
- The Bank has implemented a robust and secure mailing system and incorporated Email Security Solution (ESA).
 Availability of Exchange Server in Disaster Recovery Site is completed
- The new Data Center in IFIC tower is inaugurated and is providing value to IT service delivery of the bank. Physical and other appropriate security is being maintained in the workplace to protect ICT resources properly as per the

- guideline of Bangladesh Bank.
- The bank is maintaining Service Level Agreement (SLA) with the vendors who are directly involved in providing critical services on behalf of the bank. The bank is also maintaining insurance coverage for critical IT assets and maintaining IT Assets Inventory.
- The Bank is strictly following the Information Security Guidelines of Bangladesh Bank which covers Password Control, User ID Maintenance, Input Control, Network Security, Data Encryption, Virus Protection and Access Control to Internet and Emailing.
- Baseline Security Standard has been developed for desktop, operating systems, and network, database and security devices.
- Risk assessment framework and template have been developed and introduced for systems and applications.
- The Security Team regularly conducts Vulnerability Assessment and Application Security testing.
- The bank has also completed all ICT Security documentation to ensure security of the ICT Systems and is continuously updating them to strengthen the security of the systems.
- The Bank has introduced Digital Banking Channel to explore
 the technological door for financial advancement. This
 platform can be used through both online and mobile app
 (which is available at Apple store and Google Play store).
 Using Digital Banking Channel (IFIC Aamar Bank), customer
 can make transaction within Bank or Other Bank through
 EFT and RTGS, customer can make credit card payment,
 standing instruction, cheque book order, request for bank
 certificate etc.

vii. Other relevant risks

a. Operational risk

Operational risk addresses the risk associated with fraud, forgery, unauthorized activities, error, omission, system failure and other external events. These occur mainly due to inadequate or failed internal processes, people and systems, or from external events (including legal risk). The Bank is managing these risks through written procedures, regular training, and awareness programs and monitoring the implementation of these procedures. The Internal Control and Compliance Division of the Bank monitors operational procedure of the Bank. It undertakes periodical and special audits of the branches and divisions at the Head Office for review of the operation and compliance of statutory requirements. The Audit Committee of the Board subsequently reviews the reports of the Internal Control and Compliance Division.

b. Liquidity risk

Liquidity risk is the potential for loss to a bank arising from either its inability to meet its obligations as they fall due or to fund increases in assets as they required without incurring unacceptable cost or losses.

Liquidity risk arises when the cushion provided by the liquid assets is not sufficient enough to meet maturing obligations.

The objective of liquidity risk management is to ensure that all foreseeable funding and payments commitments and deposit withdrawals can be met when due. To this end, the Bank is maintaining a diversified and stable funding base comprising of retail and corporate deposits to maintain balanced tenor and institutional balance. Liquidity management is monitored by the Asset Liability Committee (ALCO) on a regular basis.

c. Market risk

It is the risk of potential losses in the on-balance sheet and off-balance sheet positions of a bank, steams from adverse movements in market rates or prices such as interest rates, foreign exchange rates, equity prices, credit spreads and/or commodity prices.

Banks may be exposed to market risk in a variety of ways. Market risk exposure-

- may be explicit in portfolios of securities/equities and instruments that are actively traded.
- b) may be implicit such as interest rate risk due to mismatch of assets and liabilities; and
- may arise from activities categorized as off-balance sheet items.

d. Interest rate risk

Interest rate risk may arise from trading portfolio and non-trading portfolio. The trading portfolio of the Bank consists of government treasury bills, bonds, etc. Interest rate risk of non-trading business arises from mismatches between the future yield of an asset and its funding cost. Asset Liability Committee (ALCO) of the Bank monitors the interest rate movement on a regular basis.

Interest rate risk is the potential impact on a bank's earnings and net asset values due to changes in market interest rates. Interest rate risk arises when a bank's principal and interest cash flows (including final maturities), both on-and off-balance sheet, have mismatched reprising dates. The amount at risk is a function of the magnitude and direction of interest rate changes and the size and maturity structure of the mismatch position. Bank's lending, funding and investment activities give rise to interest rate risk. Interest rate risk management is conducted within the context of a comprehensive business plan.

e. Equity price risk

Equity price risk is the risk of losses caused by changes in equity prices. These losses could arise because of changes in the value of listed shares held directly by the bank; changes in the value of listed shares held by a bank subsidiary; changes in the value of listed shares used as collateral for loans from a bank or a bank subsidiary, whether or not the loan was made for the purpose of buying the shares; and changes in the value of unlisted shares. Bank presses vital importance to measure, monitor, and control their equity market risk.

f. Fraud risk

Fraud and forgery have become an important issue in recent years. These have a major impact on our country's economy, impeding economic development. IFIC has always been focused on controlling fraud and forgery by establishing and maintaining proper controlling systems. Today, fraud and forgery appear in diverse forms. The incidence of fraud may occur due to rapid changes in technological environment in the banking sector or intentional behavioral aspect of the human being. Human fraudulent acts may be committed by outsiders or insiders such as employees who are aware of the internal operational process of the Bank. To take advantage of the operational process and weakness of the internal control system of the workplace, employees may commit fraudulent activities within the Bank. To prevent fraud and forgeries, the Bank has adopted broad range of measures to monitor and mitigate the fraud risk which involves three steps, fraud prevention, fraud detection and fraud investigation. Bank considers the best practice to prevent

frauds and forgeries rather than to detect or investigate. To prevent the external fraud, Bank regularly arrange training program for its executives and staffs working at branch and head office level. Internal Control and Compliance unit of the Bank also works very extensively to ensure the effectiveness of the internal control system throughout the Bank, Internal Control Unit (ICU) of each branch and division monitors the transactions process to prevent and detect both internal and external frauds

Reputation risk

Reputation risk may arise from the possibility that negative publicity regarding the bank and its business practices, in the territory or elsewhere through related entities, and whether accurate or not, will adversely impact the operations and position of the bank. Reputation risk may also arise from an institution, or an affiliate, being domiciled in a jurisdiction where the legal and organizational framework for the regulation and supervision of financial institutions is generally viewed as failing to meet international standards for the protection of consumers of financial services and for the prevention of sheltering the proceeds of organized

The Bank manages the reputation risk, ensuring the followings:

- Management anticipates and responds to changes of a market or regulatory nature that affect its reputation in the marketplace.
- The Bank effectively develops its policies for risk management to refrain from committing violations of laws, regulations, best banking practices, and consumer rights that could affect its reputation.
- The Bank has continuous awareness that it is not subject to significant litigation, large monetary losses, or a high volume of customer complaints.
- The bank is routinely seen in a leadership role in community development and corporate social responsibility; and
- Management has a clear awareness of privacy issues and uses customer information responsibly.

2.2.7 Audit Committee

Evaluation of the Audit Committee regarding strengthening of Internal Control System

The Internal Control & Compliance Division (ICCD) of the Bank reviews the Internal Control System of the Bank and ensures that the internal controls are being properly managed and supervised throughout all Divisions, Branches and Uposhakhas of the Bank.

As per guideline of Bangladesh Bank, the Audit Committee, in the meetings held during the year ended 31 December 2024, reviewed and evaluated various issues/reports/findings on financial reporting process, the system of internal control, the audit process and the process for monitoring compliance with laws and regulations and its own code of business conduct submitted by ICCD.

During the discussion on some memo(s) and Compliance Report, the Committee has advised the Management to devise a system for arresting occurrence of the irregularities on a recurring basis and ICCD of the Bank has also been advised to take necessary steps for rectification of all irregularities as mentioned in the memo(s)/reports at the earliest. The committee has also advised the Head of ICC to formulate a matrix/format to monitor status of compliance on a regular basis and devise some innovative tools/system for reducing number of irregularities in the Branches/Uposhakhas as well as enabling them to monitor up-to-date status of compliance.

All audited/Un-audited yearly/quarterly Financial Statements submitted during the year ended 31 December 2024 have been explained and endorsed to the Audit Committee whether the statements reflect the complete and concrete information, and whether the statements are prepared according to the existing rules & regulations and standards enforced in the country and as per relevant prescribed accounting standards set by Bangladesh Bank and Bangladesh Securities and Exchange Commission.

During 2024, the Committee presented quarterly compliance reports to the Board reviewing compliance with recommendations given in internal and external audit reports, as well as Bangladesh Bank inspection reports.

Directors' Report IFIC Securities Limited

Respected Shareholders,

The Board of Directors is pleased to present the Directors' Report of IFIC Securities Limited (IFICSL) for the year ended on 31 December 2024. In the report, IFICSL's operational performance of the year 2024 as compared to 2023 has been evaluated and analyzed within prevailing business environment. The information and analysis may be read in conjunction with the audited financial statements presented herewith.

Capital Market 2024

The Capital Market of Bangladesh in 2024 has experienced a challenging environment. The challenges facing the market have revolved around economic shifts, regulatory reform and political transition the country has passed a turbulent 2024. The Dhaka Stock Exchange (DSE) benchmark index, DSEX, dropped by 16.49%, and market capitalization declined significantly lagging behind regional peers. However, the market also showed signs of recovery and renewed investor confidence due to proactive regulatory measures. Increased sell pressure from individual investors, anticipating the imposition of capital gain tax, also contributed to market corrections. The capital market's reliance on bank lending and the lack of diversified products were identified as potential vulnerabilities.

IFICSL has been established with the objectives of rendering compliant, efficient and innovative brokerage services to the prospective investors of the country, as well as to ensure adequate return on equity to the shareholders.

IFIC Securities Limited is a fully owned subsidiary of IFIC Bank PLC and was incorporated with the Registrar of Joint Stock Companies and Firms, Bangladesh as a public limited company on 02 November 2010 under Companies Act, 1994. IFICSL as a subsidiary company of IFIC Bank PLC for stock dealer and stock broker operations is authorized to undertake the following major activities:

- Opening of Beneficiary owners (BO) account;
- Buy and Sell of Securities in Dhaka Stock Exchange Ltd;
- Margin Loan facilities to its clients:
- Settlement of buying and selling of Securities in Dhaka Stock Exchange through CDBL;
- Process IPO applications on behalf of clients;
- Stock Dealer operation;

Independent Auditors' Report To the Shareholders of IFIC Securities Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of IFIC Securities Limited ("the Company") which comprise the statement of financial position as at 31 December 2024, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements presents fairly of the financial position of the Company as at 31 December 2024, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Bangladesh, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matter

The financial statements of the Company at and for the year ended 31 December 2023 were audited by M. J. Abedin & Co., Chartered Accountants, who expressed an unmodified opinion on these financial statements on 28 March 2024.

Other Information

Management is responsible for the other information. The other information comprises all the information but does not include the financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information, there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements and Internal Controls

Management is responsible for the preparation of financial statements that give true and fair view in accordance with IFRSs, the Companies Act, 1994 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Companies Act, 1994 requires the Management to ensure effective internal audit, internal control and risk management functions of the Company.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements

Dhaka Office-1: Hassan Plaza, (ATN News Building), 53, Kawran Bazar C/A, (5th & 10th Floor), Dhaka-1215. As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and
 perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a
 basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting
 from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
 control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

We report that the financial statements comply with the Companies Act 1994, the Securities and Exchange Rules 2020, Bangladesh Securities and Exchange Commission (Risk Based Capital Adequacy) Rules 2019, We also report the following:

- 1. we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- 2. in our opinion, proper books of account as required by law have been kept by the Company so far as it appeared from our examination of these books; and
- 3. the statement of financial position and statement of income and expenditure of the Company dealt with by the report are in agreement with the books of account and returns.

IFIC Investment Limited Directors' Report

Respected Shareholders.

The Board of Directors is pleased to present the Directors' Report of IFIC Investment Limited (IFICIL) for the year ended 31 December 2024, which includes the audited financial statements for the year ending 2024, along with the independent auditor's report. In the report, IFICIL's operational performance of the year 2024 has been evaluated and analyzed on how the company has performed within the prevailing business environment and the underlying factors that have influenced the business including a detailed scenario of capital market in 2024. This report has been prepared in accordance with Companies Act, 1994, Corporate Governance code of the Bangladesh Securities & Exchange Commission, Bangladesh Bank and other relevant authorities.

Company Objectives

IFICIL is a full-fledged merchant bank licensed under Bangladesh Securities & Exchange Commission in 2021. The primary objective of the company is to render all types of merchant banking services such as portfolio management. issue management, underwriting and corporate advisory. As an active participant of the capital market in Bangladesh, IFICIL aims to become a leading merchant bank by providing excellent client services

Capital Market in 2024

The year 2024 was eventful for Bangladesh, especially in the capital market. The year began with a fresh start when the floor price was lifted from most stocks in January after 18 months. However, the market struggled to maintain an upward trend due to factors like the dollar crisis and macroeconomic concerns. In August, a political shift led to the formation of an interim government, which implemented financial sector reforms, including restructuring the Bangladesh Securities and Exchange Commission (BSEC) and the stock exchanges, and tightening measures against market manipulation in order to rebuild investor confidence.

Similarly, Dhaka Stock Exchange (DSE) faced a challenging year, with the benchmark index-DSEX, declining by approximately 16.5% from 6,246.50 in 2023 to 5,216.40 in 2024, marking its biggest annual decline in four years. High inflation, rising treasury rates, and the depreciation of the Taka against US Dollar contributed to this downturn. Although political change briefly boosted the market when the DSE index surged by 786 points and the market cap boosted by Tk 679 billion. the momentum quickly faded as investor caution grew due to ongoing economic and political challenges. Additionally, concerns over the central bank's financial reforms further impacted market sentiment.

Overall, 2024 was a year of challenges for Bangladesh's capital market, with significant declines in key indices, subdued investor activity, and a lack of new listings. The market's performance lagged behind regional peers, reflecting the need for strategic reforms and stability to foster investor confidence and market growth.

Our Business

IFICIL has been established with the objectives of rendering compliant and efficient merchant banking services consisting of issue management, underwriting, portfolio management and corporate advisory services to the prospective investors and companies of the country, as well as to ensure adequate return on equity to the shareholders.

IEIC Investment Limited is a fully owned subsidiary of IEIC Bank PLC and was incorporated with the Registrar of Joint Stock Companies and Firms. Bangladesh as a public limited company on November 30 2020, under Companies Act, 1994. IFICIL acquired the Merchant Banking License on October 19, 2021 and since then, IFICIL as a subsidiary company of IFIC Bank PLC for full-fledged merchant banking operations is authorized to undertake the following activities:

- Issue management, underwriting management and portfolio management
- Margin loan facilities to its clients for the purposes of portfolio management
- Perform activities as trustee
- Process IPO applications on behalf of clients
- Corporate advisory services

In 2024, we completed our second corporate advisory and arrangement service where we acted as the Arranger for BEXIMCO 1st Unsecured Zero Coupon Bond and generated income of BDT 18,943,050 (BDT One Crore Eighty Nine Lacs Forty Three Thousand and Fifty only) from the transaction.

Challenges and Strategies

It may be mentioned here that the Dhaka Stock Exchange (DSE) faced a challenging year, with the benchmark index-DSEX, declining by approximately 16.5% from 6,246.50 in 2023 to 5,216.40 in 2024. Due to the decline we had to recognize an unrealized loss on our portfolio and made provisions in compliance with BSEC notification no. BSEC/SRI/ NE/2020/333 dated 27 March 2023.

Financial Reporting

IFICIL has maintained proper books of accounts by complying with International Accounting Standards (IAS)/International Financial Reporting Standards (IFRS) as applicable in Bangladesh. Appropriate accounting policies have been consistently applied in preparing the financial statements and the accounting estimates are based on reasonable & prudent judgment. The financial statements prepared by the management present fairly its state of affairs, the results of its operations, cash flow and changes in shareholders' equity. Moreover, the internal control system is sound in design and has been implemented & monitored effectively.

Capital

The authorized capital of IFICIL is BDT 10,000 Million of which BDT 400 Million has been paid up. The Paid-up capital represents the face value of 40,000,000 ordinary shares of BDT 10 each fully subscribed by the shareholders. IFICIL plans to increase its paid-up capital in the near future so that it may increase its participation in the capital market of Bangladesh.

Profit & Operating Results

IFICIL has earned BDT 47.8 Million for the year 2024 in the form of operating income. During the year, the operational expenses incurred by IFICIL stood at BDT 9.2 Million. Furthermore, the profit before tax was BDT 38.9 Million during 2024. After keeping BDT 13.2 Million as provision for income tax, the net profit of IFICIL for the year 2024 was BDT 25.7 Million

Our Portfolio

Managing own investment portfolio is a core business objective of IFICIL to ensure higher return on equity. During the year,

due to the regulatory reformation the market index has experienced a decline resulting to some unrealized loss in our own portfolio which we believe to recover as the reformations are completed.

Support Services from IFIC Bank PLC

IFIC Bank PLC is providing professional support services to the IFICIL in the field of HRM, Service & Estate and IT. As such entire functions of these fields are being managed by following the policy of IFIC Bank PLC minimizing overall cost of operations.

Rotation/Re-election of Directors

According to clause 51 of the Articles of Association of the Company, the Directors shall retire by rotation at the 4th Annual General Meeting. However, as per clause 53 they are eligible for re-election.

Appointment of Auditors and fix-up their remuneration

As per clause 93 of the Articles of Association of the Company, the company shall at each Annual General Meeting, appoint an auditor or auditors to hold office until the next Annual General Meeting. The auditors of the company, M.J. Abedin & Co. Chartered Accountants have completed the third year as the auditor of the company. They were not eligible for re-appointment for another term as per regulatory directives. Therefore, Islam Jahid & Co. Chartered Accountants were appointed as the external auditors of the company for the year 2024 until the conclusion of the 4th Annual General Meeting.

Acknowledgement

The Board of Directors conveys its profound appreciation to the esteemed shareholders, valued customers, respected bankers, Bangladesh Bank, Bangladesh Securities and Exchange Commission (BSEC), Dhaka Stock Exchange (DSE), Chittagong Stock Exchange (CSE), National Board of Revenue (NBR), Registrar of Joint Stock Companies and Firms (RJSC), Central Depository Bangladesh Limited (CDBL), and all other stakeholders for their unwavering support and continued cooperation.

In conclusion, the Board would like to acknowledge and thank the management and employees especially for their dedication and efforts on behalf of the company.

For and on behalf of the Board of Directors.

Independent Auditors' Report
To the Shareholders of
IFIC INVESTMENT LIMITED
Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of IFIC INVESTMENT LIMITED (" the Company") which comprise the statement of financial position as at 31 December 2024, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31 December 2024, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs), the Companies Act 1994, and other applicable laws and regulations.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Bangladesh, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matter

The financial statements of the Company at and for the year ended 31 December 2023 were audited by M. J. Abedin & Co., Chartered Accountants, who expressed an unmodified opinion on these financial statements on 28 March 2024.

Other Information

Management is responsible for the other information. The other information comprises all the information but does not include the financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information, there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements and Internal Controls

Management is responsible for the preparation of financial statements that give true and fair view in accordance with IFRSs, the Companies Act, 1994 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Companies Act, 1994 requires the Management to ensure effective internal audit, internal control and risk management functions of the Company.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

In accordance with the Company Act 1994, the Securities and Exchange Rules 2020, Merchant Banker and Portfolio Manager Rules 1996, we also report the following:

- a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appeared from our examination of these books; and
- c) the statement of financial position and statement of income and expenditure of the Company dealt with by the report are in agreement with the books of account and returns.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Report of the Directors and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO AUDITORS

So far as the directors are aware, there is no relevant audit information (as defined by Section 418 of the Companies Act 2006) of which the company's auditors are unaware, and each director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information

AUDITORS

The auditors, Ahmed & Co, will be proposed for re-appointment at the forthcoming Annual General Meeting.

This report has been prepared in accordance with the provisions of Part 15 of the Companies Act 2006 relating to small companies.

ON BEHALF OF THE BOARD:

Mr Md Mehmood Husain (Chairman)

21 February 2025

Report of the Independent Auditors to the Members of IFIC Money Transfer (UK) Limited

Opinion

We have audited the financial statements of IFIC MONEY TRANSFER (UK) LIMITED (the 'company') for the year ended 31 December 2024 which comprise the Income Statement, Balance Sheet and Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2024 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The directors are responsible for the other information. The other information comprises the information in the Report of the Directors, but does not include the financial statements and our Report of the Auditors thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Report of the Directors for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Report of the Directors has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Report of the Directors.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or

- the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemption from the requirement to prepare a Strategic Report or in preparing the Report of the Directors

Responsibilities of directors

As explained more fully in the Statement of Directors' Responsibilities set out on page two, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a Report of the Auditors that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- As part of audit planning, we gain an understanding of the laws and regulations that apply to the company and how management seek to comply with them. This helps us to make appropriate risk assessments.
- During the audit, we focus on relevant risk areas and review compliance with laws and regulations through making relevant enquiries and corroboration by reviewing board minutes and other relevant documentation.
- We assess the risk of material misstatement in the financial statements, including as a result of fraud, and undertake procedures including:
 - i. review of controls set by management
 - ii. enquiry of management as to whether any fraud or other irregularities may have occurred, or where such opportunity might exist
 - iii. critical examination of management assumptions with regard to accounting estimates.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we are less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our Report of the Auditors.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in a Report of the Auditors and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

IFIC Money Transfer (UK) Limited Notes to the Financial Statements

for the year ended 31 December 2024

1 Statutory Information

IFIC MONEY TRANSFER (UK) LIMITED is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2 Accounting Policies

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Intangible assets

Intangible assets are initially measured at cost. After initial recognition, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

Computer software is being amortised evenly over its estimated useful life of nil years.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Land and buildings - 10% on cost

Plant and machinery etc - 33% on cost and 15% on cost

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

3 Employees and Directors

The average monthly number of employees during the year was 5 (2023- 5).

4 Operating (loss)/ profit

The operating profit is stated after charging:
