Independent Auditor's Report and Audited Financial Statements

as at and for the year ended 31 December 2020

Independent Auditor's Report
To the Shareholders of IFIC Bank Limited
Report on the Audit of the Consolidated and Separate Financial Statements

Opinion

We have audited the consolidated financial statements of International Finance Investment and Commerce (IFIC) Bank Limited and its subsidiaries (the “**Group**”) as well as the separate financial statements of IFIC Bank Limited (the “**Bank**”), which comprise the consolidated and separate Balance Sheets as at 31 December 2020, and consolidated and separate Profit and Loss Accounts, consolidated and separate statement of Changes in Equity, and consolidated and separate Cash Flow Statements for the year then ended, and notes to consolidated and separate financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group and separate financial statements of the Bank give a true and fair view of the consolidated financial position of the Group and the separate financial position of the Bank as at 31 December 2020, and of its consolidated and separate financial performance and its consolidated and separate Cash Flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as explained in Note 2.1.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated and Separate Financial Statements section of our report. We are independent of the Group and the Bank in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* (IESBA Code), Bangladesh Securities and Exchange Commission (BSEC), and Bangladesh Bank, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye-Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated and separate financial statements of the current period. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1. Measurement of provision for Loans and Advances	
See notes no. 7, 8, and 15.1 to 15.3 to the financial statements.	
The Key Audit Matter	How the matter was addressed in our audit
<p>The process of estimating provision for loans and advances associated with credit risk is judgmental and complex. While estimating such provision certain judgmental factors need to be considered including:</p> <ul style="list-style-type: none"> • Future business performance of the borrower; • Key assumptions relating to the further business performance of the borrower; • The market value of the collateral; and • Ability to repossess the collateral. <p>Furthermore, these provisions are processed manually using the voluminous data extracted from the IT system of the Bank and following the instructions of Bangladesh Bank (the central bank of Bangladesh) issued from time to time.</p> <p>Due to the high level of judgment involved and using some manual process in estimating the provision for loans and advance, we considered this to be a key audit matter.</p> <p>Interest amounting to Taka 5,655.15 million were transferred to Income account with the approval of the Board based on the recommendations of the Board Audit Committee in compliance with BRPD Circular No. 56, dated December 10, 2020, and an additional 1% Special general provision COVID-19 has been maintained amounting to Taka 1,200 million in line with the direction of said circular.</p>	<p>We tested the design and operating effectiveness of key controls focusing on the following:</p> <ul style="list-style-type: none"> • Tested the credit monitoring and provisioning process; • Identification of loss events, including early warning and default warning indicators; and • Reviewed the adequacy of transfer of interests to the Income account appropriate approvals in line with the Bangladesh Bank's guideline. <p>Our substantive procedures in relation to the provision for loans and advances portfolio comprised the following:</p> <ul style="list-style-type: none"> • Reviewed the adequacy of the companies general and specific provisions; • Assessed the methodologies on which the provision amounts based, recalculated the provisions, and tested the completeness and accuracy of the underlying information; and • Finally assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines. • Reviewed the grounds for recommendations for approvals in cases of transfer of interests to the Income account.

<p>At the year end, the Bank reported total loans and advances of BDT 260,650 million (2019: BDT 228,589 million) and provision for loans and advances of BDT 7,842 million (2019: BDT 6,034 million).</p>	
<p>2. Valuation of Treasury Bill and Treasury Bond</p>	
<p>See note no. 6 to the financial statements.</p>	
<p>The Key Audit Matter</p>	<p>How the matter was addressed in our audit</p>
<p>The classification and measurement of Treasury Bills and Treasury Bonds require judgment and complex estimates.</p> <p>In the absence of a quoted price in an active market, the fair value of T-Bills and T-Bonds is determined using complex valuation techniques which may take into consideration direct or indirect unobservable market data and complex pricing models.</p>	<p>We tested the operating effectiveness of key controls focusing on the classification and measurement of Treasury Bills and Treasury Bonds.</p> <p>We tested a sample of the valuation models and the inputs used in those models using a variety of techniques. Applied in the circumstances.</p> <p>Finally, we have assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.</p>
<p>3. Measurement of Deferred Tax Assets</p>	
<p>See note no. 10.5 to the financial statements.</p>	
<p>The Key Audit Matter</p>	<p>How the matter was addressed in our audit</p>
<p>The Bank has reported net deferred tax assets to a total of BDT 731 million (2019: BDT 870 million) as at 31 December 2020.</p> <p>Significant judgment is required in relation to deferred tax assets as their recoverability is dependent on forecasts of future profitability over a number of years.</p>	<p>We obtained an understanding of the Group and the Bank's key controls over the recognition and measurement of deferred tax assets and the assumptions used in estimating the Group and Bank's future taxable income.</p> <p>We also assessed the completeness and accuracy of the data used for the estimations of future taxable income.</p> <p>We involved tax specialists to assess key assumptions, controls, recognition, and measurement of DTA's.</p> <p>Finally, we assessed the appropriateness and presentation of disclosures as per IAS 12 Income Tax.</p>

4. Legal and Regulatory matters	
The Key Audit Matter	How the matter was addressed in our audit
<p>We focused on legal and regulatory matters because the Group and the Bank operate in a legal and regulatory environment that is exposed to significant litigation and similar risks arising from disputes and regulatory proceedings. Such matters are subject to many uncertainties and the outcome may be difficult to predict.</p> <p>These uncertainties inherently affect the amount and timing of potential outflows with respect to the provisions and other contingent liabilities.</p>	<p>We obtained an understanding of the Group and The Bank's key controls over the legal provision and contingencies process.</p> <p>We enquired to those charged with governance to obtain their view on the status of all significant litigation and regulatory matters.</p> <p>We enquired of the Bank's internal legal counsel for all significant litigation and regulatory matters and inspected internal notes and reports. We also received formal confirmations from external counsels.</p> <p>We assessed the methodologies on which the provision amounts are based, recalculated the provision, and tested the completeness and accuracy of the underlying information.</p> <p>We also assessed the Bank's provisions and contingent liabilities disclosure.</p>
5. IT Systems and Controls	
The Key Audit Matter	How the matter was addressed in our audit
<p>Our audit procedures have a focus on IT systems and controls due to the pervasive nature and complexity of the IT environment, the large volumes of transactions processed in numerous locations daily, and are reliance on automated and manual with automated (IT Dependent) controls.</p> <p>We have focused on Data management, user access management, and developer access to the production environment and changes to the IT environment. Among others, these are key to ensuring the operating effectiveness of manual with automated control and automated controls.</p> <p>We also concentrated on formal security administration policies and procedures to</p>	<p>We tested the design and operating effectiveness of the Bank's IT access controls over the information systems that are critical to financial reporting. We tested IT General Controls (Logical Access, Changes in management, and aspects of IT Operational Controls). This included testing that requests for access to systems were appropriately reviewed and authorized.</p> <p>We tested the Bank's periodic review of access rights and reviewed requests of changes to systems for appropriate approval and authorization.</p> <p>We performed the Tests of IT General Controls to evaluate the Application Development and</p>

determine whether they are approved, comprehensive, up-to-date, and bank-wide communicated.	Database, Hosting Platforms, and segregation of incompatible duties relevant to application and database change management.
6. Carrying value of Investments in Subsidiaries by the Bank	
See note no. 10.4 to the financial statements.	
The Key Audit Matter	How the matter was addressed in our audit
<p>The Bank has invested in equity shares of its subsidiaries namely IFIC Securities Limited and IFIC Money Transfer (UK) Limited. As of 31 December 2020, the carrying value of these investments is BDT 2,234 million (2019: BDT 2,233 million).</p> <p>At the time of conducting our audit of the separate financial statements of the Bank, we have considered the recoverable value of the Bank's investments in IFIC Securities Limited and IFIC Money Transfer (UK) Limited stated at cost.</p>	<p>We have reviewed management's analysis of impairment assessment and recoverable value calculation of subsidiaries in accordance with IAS 36: Impairment of Assets.</p> <p>We have analyzed the appropriateness of the value in use model, the key assumptions used in the model, the reasonably possible alternative assumptions, particularly where they had the most impact on the value in use calculation.</p>

Other Information

Management of the Bank is responsible for the other information. The other information comprises all of the information in the Annual Report other than the consolidated and separate financial statements and our auditors' report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated and separate financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the board of directors of the bank.

Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements and Internal Controls

Management of the Bank is responsible for the preparation and fair presentation of the consolidated financial statements of the Group and also separate financial statements of the Bank in accordance with IFRSs as explained in Note 2.1, and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error. The Bank Companies Act, 1991 (as amended up to date), and the Bangladesh Bank Regulations require the Management to ensure effective internal audit, internal control, and risk management functions of the Bank.

The Management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to Going Concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank or to cease operations or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

2. Basis of Preparation and Significant Accounting Policies

2.1. Basis of preparation

2.1.1. Statement of compliance

The Financial Reporting Act 2015 (FRA) was enacted in 2015. Under the FRA, the Financial Reporting Council (FRC) is formed in 2017 and has since then adopted the International Accounting Standards (IAS) International Financial Reporting Standards (IFRS) as the applicable Financial Reporting Standards with effect from 2 November 2020

Accordingly, the Financial Statements of the Bank have been prepared in accordance with International Financial Reporting Standards (IFRS), International Accounting Standards (IAS) and the requirements of the Banking Companies Act 1991 (as amended up to date), the rules and regulations issued by Bangladesh Bank, the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations.

In case any requirement of the Banking Companies Act 1991 and provisions and circulars issued by Bangladesh Bank differ from those of IFRSs and IASs, the requirement of the Banking Companies Act 1991 and provisions and circulars issued by Bangladesh Bank shall prevail.

Material departures from the requirements of IFRS in preparing these financial statements are as follows:

i. Investment in shares and securities

IAS/IFRS: As per requirements of *IFRS 9: Financial Instruments*, classification and measurement of investment in shares and securities will depend on the entity's business model and its contractual cash flow characteristics. Based on these factors it would generally fall either under "at fair value through profit and loss account" or under "at fair value through other comprehensive income" where any change in the fair value (as measured in accordance with IFRS 13: *Fair Value Measurement*) at the year-end is taken to profit and loss account or other comprehensive income, respectively.

Bangladesh Bank: As per Banking Regulation & Policy Department (BRPD) circular no. 14 dated 25 June 2003 investments in quoted shares and unquoted shares are revalued on the basis of year end market price and Net Assets Value (NAV) of the last audited balance sheet, respectively. In addition to that Department of Of-site Supervision (DOS) of Bangladesh Bank vide its circular letter no. 03 dated 12 March 2015 directed that investment in mutual fund (closed end) will be revalued at lower of cost and (higher of market value and 85% of NAV). Provision should be made for any loss arising from diminution in value of the investment on a portfolio basis; otherwise, investments are recognized at cost.

ii. Revaluation gains/losses on Government securities

IAS/IFRS: As per requirement of *IFRS 9: Financial Instruments*, where securities will fall under the category of 'fair value through profit or loss account', any change in the fair value of assets is recognized through the profit and loss account. Securities designated as amortized costs are measured at the effective

interest rate method and interest income is recognized through the profit and loss account.

Bangladesh Bank: Held for Trading (HFT) securities are revalued on the basis of mark to market and at year end any gains on the revaluation of securities which have not matured as at the balance sheet date to be recognized as other reserves in equity. Any losses on the revaluation of securities that have not matured as at the balance sheet date are charged in the profit and loss account. Interest on HFT securities including amortization of discount is recognized in the profit and loss account. Held to Maturity (HTM) securities that have not matured as of the balance sheet date are amortized at year end and gains or losses on amortization are recognized in other reserves as part of equity.

iii. Repo and reverse repo transactions

IAS/IFRS: As per *IFRS 9: Financial Instruments*, when an entity sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo), the arrangement is treated as a loan and the underlying asset continues to be recognized at amortized cost in the entity's financial statements. The difference between the selling price and repurchase price will be treated as an interest expense. The same rule applies to the opposite side of the transaction (reverse repo).

Bangladesh Bank: As per DOS circular letter no. 6 dated 15 July 2010 and subsequent clarification in DOS circular no. 2 dated 23 January 2013, when a bank sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo or stock lending), the arrangement is accounted for as a normal sales transaction and the financial asset is derecognized in the seller's book and recognized in the buyer's book. In addition to that as per DMD circular letter no. 7 dated 29 July 2012, non-primary dealer banks are eligible to participate in the Assured Liquidity Support (ALS), whereby such banks may carry out collateralized repo arrangements with Bangladesh Bank. Here the selling bank accounts for the arrangement as a loan, thereby continuing to recognize the asset.

iv. Provision on loans and advances/investments

IAS/IFRS: As per *IFRS 9: Financial Instruments*, an entity shall recognize an impairment allowance on loans and advances based on expected credit losses. At each reporting date, an entity shall measure the impairment allowance for loans and advances at an amount equal to the lifetime expected credit losses if the credit risk on these loans and advances has increased significantly since initial recognition whether assessed on an individual or collective basis considering all reasonable information, including that which is forward-looking. For those loans and advances for which the credit risk has not increased significantly since initial recognition, at each reporting date, an entity shall measure the impairment allowance at an amount equal to 12 months expected credit losses that may result from default events on such loans and advances that are possible within 12 months after reporting date.

Bangladesh Bank: As per BRPD circular no. 14 dated 23 September 2012, BRPD circular no. 5 dated 29 May 2013, BRPD

circular no. 16 dated 18 November 2014, BRPD circular no. 15 dated 27 September 2017, BRPD circular no. 1 dated 20 February 2018 and BRPD circular No. 3 dated 21 April 2019 a general provision at 0.25% to 5% under different categories of unclassified/standard loans have to be maintained regardless of objective evidence of impairment. Also, provision for sub-standard loans, doubtful loans, and bad & loss loans has to be provided at 20%, 50%, and 100% respectively depending on the duration of past due of loans and advances. Again, general provision at 1% is required to be provided for off-balance sheet exposures as per BRPD circular no. 10 dated 18 September 2007, BRPD circular no. 7 dated 21 June 2018, and BRPD circular no. 13 dated 18 October 2018. Provision for Short-Term Agricultural and Micro-Credits has to be provided at the rate of 5% for 'sub-standard' and 'doubtful' loans and at the rate of 100% provision for the 'bad/Loss' loans. As per BRPD circular no. 4 dated 29 January 2015, 1% additional provision has to be maintained for the large restructured loans, and also 1% additional provision has to be maintained against the facilities for which payment was deferred during the year 2020 due to COVID-19 pandemic under the purview of BRPD Circular No. 56 dated 10 December 2020. Such provision policies are not specifically in line with those prescribed by IFRS 9.

v. Recognition of interest in suspense

IAS/IFRS: Loans and advances to customers are generally classified at amortized cost as per IFRS 9 and interest income is recognized by using the effective interest rate method to the gross carrying amount over the term of the loan. Once a loan subsequently becomes credit-impaired, the entity shall apply the effective interest rate to the amortized cost of these loans and advances.

Bangladesh Bank: As per BRPD circular no. 14 dated 23 September 2012, once a loan is classified, interest on such loans is not allowed to be recognized as income, rather the corresponding amount transferred/credited to an interest in the suspense account and shown as liability in the balance sheet.

- b. Any present obligation that arises from past events but is not recognized because-
 - It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or

Such obligations are recorded as contingent liabilities. These are assessed continually and only that part of the obligation for which an outflow of resources embodying economic benefits is probable, is provided for except in the extremely rare circumstances where no reliable estimate can be made. Acquisition through outright purchase and Lease

- i. Fixed assets are stated at cost/revalued amount less accumulated depreciation for those acquired through outright purchase except Land. The land is initially measured at cost and then recognized at revalued amount. The bank has charged depreciation using the straight line method considering the following useful life:

Particulars	Useful Life (Years)
Building	40
Wooden Furniture	10
Steel Furniture	15
Office Equipment	5
Computer	5
Electrical & Gas Equipment	8
Leasehold improvement	10
Vehicles	5
Soft furnishing	3

- ii. Land/Building is initially recognized at cost and subsequently carried at revalued amount following revaluation model as per

IAS 16: *Property, plant, and equipment*. The Bank regularly reviews if the fair value of Land/Building is materially different from its carrying amount or book value and if it is observed that there are material differences between carrying amount and fair value then complete revaluation by professional valuer is carried out and any changes in fair value over cost is adjusted in the revaluation reserve account in equity.

- iii. Depreciation on fixed assets except Land is charged from when the assets become ready to be used and no depreciation is charged in the month of asset is disposed of.
- iv. Depreciation is comprised of both from fixed assets and leased assets as per IFRS 16: *Leases* (note 2.2.1.7). As per the new standard, previously recognized rental expenses would be replaced with depreciation expenses.
- v. Assets that take some time to get it ready for use such as construction or improvement of building or implementation of new system etc. are initially kept as capital work in progress and once ready/available for use then it is transferred to respective category of fixed assets and calculation of depreciation starts accordingly.

2.2.1.5. Intangible assets

Intangible assets are identifiable non-monetary assets without physical substance. It comprises the value of computer application software licensed for the Bank, other than software applied to the operating systems of computers. An intangible asset is recognized if it is probable that future economic benefits that are attributable to the asset will flow to the Bank over a period of time and the cost of the asset can be measured reliably as per IAS 38: *Intangible Assets*. Intangible assets acquired separately are recorded on initial recognition at costs and are carried at cost less accumulated amortization and accumulated impairment losses if any.

Subsequent expenditure on intangible asset

Subsequent expenditure on intangible assets is capitalized only when it increases the future economic benefits embodied in the specific assets to which it relates. All other expenditures are charged as an expense to the profit and loss account as and when they are incurred.

Amortization of intangible asset

Intangible assets are amortized on straight line method to the profit and loss account from the year when the asset is available for use. Intangible asset i.e. acquisition cost of the computer application software is amortized over its useful life which is usually 10 years or among the period of license of the concerned software.

2.2.1.6. Impairment of assets

An asset is impaired when its carrying amount exceeds its recoverable amount as per IAS 36: *Impairment of Assets*. The Bank assesses at the end of each reporting period whether there is any indication that an asset may be impaired. The impairment test is also made whenever events or changes in circumstances indicate that the carrying value of the asset may not be recovered. If any

such indication exists, the Bank makes an estimate of the recoverable amount of such assets. Upon estimation, if the recoverable amount is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount and resultant impairment losses are recognized in the profit and loss account.

However, the Bank has no such condition which makes any indication that might be suggestive of a heightened risk of the existence of impairment at the reporting date.

2.2.1.7. Leases

IFRS 16: *Leases* has come into force on 1 January 2019, as adopted by the Institute of Chartered Accountants of Bangladesh (ICAB). As Bangladesh Bank (BB) has no other alternative regulation or guidance regarding the same, IFIC Bank applied IFRS 16 in its financial statements where the Bank measured the lease liability at the present value of the remaining lease payments, discounted it using the bank's incremental borrowing rate at the date of initial application, and recognized a right-of-use asset at the date of initial application on a lease by lease basis.

Right-of-use assets (ROU)

The Bank recognizes right-of-use assets at the date of initial application of IFRS 16. The ROU asset is initially measured at cost at the amount of the lease liability plus any initial direct costs incurred by the lessee and depreciated using the straight line methods from the commencement date (from the beginning of 2019) to the earlier of the end of the useful life of the right of use asset or the end of the lease term.

Lease Liability

At the commencement date of the lease, the bank recognizes lease liabilities measured at the present value of the lease payments to be made over the lease term using incremental borrowing rate at the date of initial application. The lease liability is measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments.

Short-term lease and leases of low value assets

The Bank has elected not to recognize ROU assets and lease liabilities for leases of low value assets and short term leases for which the lease term ends within 12 months of the date of initial application. The Bank recognizes lease payments associated with these leases as an expense.

The impact of the new standard on lessees' financial statements are:

- An increase in recognized assets and liabilities;
- More lease expenses recognized in the early periods of the lease, and less in the later periods of a lease;
- A shift in lease expense classification from rental expenses to interest expense and depreciation.

2.2.1.8. Other liabilities

Other liabilities comprise items such as provision for loans and advances, investment, other assets, provision for taxes, interest payable, interest suspense, lease liability, and accrued expenses. The Other liability is recognized in the balance sheet according to the guideline of Bangladesh Bank, IAS and IFRS, Income Tax

Ordinance 1984, and internal policies of the bank. Provisions and accrued expenses are recognized in the financial statements when the bank has a legal or constructive obligation as a result of the past event, it is probable that an outflow of economic benefit will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

i. Provision for loans and advances

The rates of provision by classification of loans and advances are disclosed in note number 15.1.1 and 15.2.1 of the financial statements. Summary of the same as follows:

A numerical reconciliation between tax expenses and the product of accounting profit multiplied by the applicable tax rate has been disclosed on page no. of this Annual Report.

Deferred tax assets, including the specific provision on doubtful and bad/loss

against the classified loans and advances, the tax effects of income tax losses and credits available to be carried forward, are recognized only to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences or unused tax losses and credits can be utilized. Deferred tax assets and liabilities are reviewed at each reporting date and are measure at the prevailing tax rate as per tax laws that are expected to be applied when assets are realized and liabilities are settled. Any unrecognized deferred tax assets and liabilities are reassessed if that has become probable that future taxable profit or loss will be available on which it could be used or settled.

2.2.5.1. Earnings per share (EPS)

Earnings Per Share (EPS) has been computed as per IAS 33: *Earnings Per Share* by dividing the basic earning by the weighted average number of ordinary Shares outstanding during the reporting period.

i. Basic earnings per share

This represents earnings for the period attributable to ordinary shareholders. As there were no preference shares, the net profit after tax for the period has been considered as fully attributable to the ordinary shareholders. This has been calculated by dividing the net profit after tax attributable to the ordinary shareholders by the weighted average number of ordinary shares outstanding during the period.

ii. The weighted average number of outstanding ordinary shares

This represents the number of ordinary shares outstanding at the beginning of the year plus the number of ordinary shares issued during the period multiplied by a time weighted factor. The time-weighted factor is the number of days the specific shares were outstanding as a proportion of the total number of days in the year.

The basis of computation of the number of shares is in line with the provisions of *IAS 33: Earnings per share*. The logic behind this basis is, that the bonus shares are issued to the existing shareholders without any consideration, and therefore, the number of shares outstanding is increased without an increase in resources generating new earnings. In contrast, other shares were issued against consideration in cash or in kind, and accordingly, there is an increase in resources generating new earnings.

iii. Diluted earnings per share

No diluted earnings per share are required to be calculated for the period as there was no dilutive potential ordinary share during the period.

2.2.5.2. Related party transactions

As per *IAS 24: Related Party Disclosures*, parties are considered to be related if one of the parties has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions.
